Articulation Agreement Identifier: OAD 103 (2006-1) Identifier is the postsecondary course prefix followed by Plan-of-Instruction version number (e.g.; INT 100 (2005-1)).

Applicable CIP code(s): 52.0401

Postsecondary course prefix, number, and title: OAD 103 – Intermediate Keyboarding

Secondary Education course(s) title and number: 540203/450006 - Business Technology Applications

Effective date: Fall Semester 2011.

Course Content Analysis (all postsecondary course objectives must be sufficiently addressed in the secondary courses):

Notes:
1. Skills and knowledge contained in the postsecondary course objectives must be present in the corresponding secondary objectives for a “match” to occur.
2. Postsecondary and Secondary objectives must reflect similar content and performance levels before the course articulation agreement will be recommended to the TEDAC Oversight Committee.
3. More than one Secondary course may be used in order to articulate to a Postsecondary course.

<td><strong>MODULE A – KEYBOARDING, WORD PROCESSING TERMINOLOGY AND COMPUTER FUNDAMENTALS</strong></td>
<td><strong>Unit - Computer Hardware and Software Content Standards:</strong></td>
<td></td>
</tr>
<tr>
<td><strong>Competency:</strong></td>
<td>1. Utilize advanced technology utilities, including compressing files, converting files, importing files, exporting files, and transferring data among applications.</td>
<td></td>
</tr>
<tr>
<td>A1.0 Define typical keyboarding and word processing terminology.</td>
<td>2. Analyze computer hardware to determine software compatibility.</td>
<td></td>
</tr>
<tr>
<td><strong>Performance Objective – None</strong></td>
<td>3. Diagnose problems related to technology systems, including advanced network systems, hardware, and software.</td>
<td></td>
</tr>
<tr>
<td><strong>Learning Objectives:</strong></td>
<td>23. Demonstrate knowledge and skills gained through student organization activities to enhance leadership and teamwork.</td>
<td></td>
</tr>
<tr>
<td>A1.1.1 Define terms and fundamentals of keyboarding and word processing.</td>
<td><strong>Learning Objectives:</strong></td>
<td></td>
</tr>
<tr>
<td><strong>Competency:</strong></td>
<td>1. Describe networked computer functions</td>
<td></td>
</tr>
<tr>
<td>A2.0 Explain the basic selected word processing software operating fundamentals.</td>
<td>2. Demonstrate electronic file management skills</td>
<td></td>
</tr>
<tr>
<td><strong>Performance Objective – None</strong></td>
<td>3. Identify hardware components</td>
<td></td>
</tr>
<tr>
<td><strong>Learning Objectives:</strong></td>
<td>4. Compare hardware and software functions</td>
<td></td>
</tr>
<tr>
<td>A2.1.1 State the basic components of a desktop computer and peripheral word processing equipment.</td>
<td>5. Compare functions of various operating systems</td>
<td></td>
</tr>
<tr>
<td>A2.1.2 Define the purpose, use, and techniques associated with desktop computer and peripheral equipment regarding word processing.</td>
<td>6. Demonstrate basic computer and printer preventive maintenance</td>
<td></td>
</tr>
<tr>
<td><strong>Competency:</strong></td>
<td>7. Determine strategies to correct malfunctioning network systems, hardware, and software</td>
<td></td>
</tr>
<tr>
<td>A3.0 Explain the purpose of proper ergonomic positioning.</td>
<td><strong>Learning Objectives:</strong></td>
<td></td>
</tr>
<tr>
<td><strong>Performance Objective – None</strong></td>
<td>1. Identify ergonomic characteristics of good body positioning and techniques associated with keyboarding.</td>
<td></td>
</tr>
<tr>
<td><strong>Learning Objectives:</strong></td>
<td>2. Describe electronic file management skills</td>
<td></td>
</tr>
<tr>
<td>A3.1.1 Identify ergonomic characteristics of good body positioning and techniques associated with keyboarding.</td>
<td>3. Identify hardware components</td>
<td></td>

## Postsecondary Course Objectives

processed reports.

B2.1.4 Describe the unique format and layout requirements of keyboarded and/or word processed memoranda.

B2.1.5 Describe the unique format and layout requirements of keyboarded and/or word processed tables.

**Competency:**

B3.0 Produce business documents from unarranged copy.

**Performance Objective:**

B3.1 Given straight copy, raw data, and copy materials, edit and produce properly formatted letters, reports, tables, and memoranda with acceptable speed and accuracy.

**Learning Objectives:**

B3.1.1 Describe the procedures used for formatting selected basic business documents.

B3.1.2 Differentiate between the various/selected types of business documents and their purposes.

## Module C – Speed and Accuracy

**Competency:**

C1.0 Key at a minimum rate of 35 wpm for five minutes with five or fewer errors.

**Performance Objective:**

C1.1 Given straight copy and a five-minute timing, key at a minimum rate of 35 wpm with five or fewer errors.

## Secondary Course Objectives

business standards by recognizing appropriate electronic communication behavior

2. Demonstrate various manuscript formatting styles in business and correspondence documents

3. Utilize wizards and templates in business and correspondence documents

## TEDAC Comments

**Unit – Spreadsheet Applications**

**Content Standards:**

6. Utilize spreadsheet features, including formulas, functions, sorting, and filtering data, templates, charts, and graphs in creating, editing, and printing workbooks.

23. Demonstrate knowledge and skills gained through student organization activities to enhance leadership and teamwork.

**Learning Objectives:**

16. Create, edit, and print workbooks

17. Write formulas

18. Create functions

19. Sort and filter data

20. Create charts and graphs

**Unit – Database Applications**

**Content Standards:**

7. Utilize advanced features of database software,

**Unit – Presentation Applications**

**Content Standards:**

8. Utilize advanced features of multimedia software, including photo, video, and audio editing, to create and present multimedia presentations using effective communication skills.

9. Utilize digital tools to deliver commerce and information technology curriculum-related content to an audience.

23. Demonstrate knowledge and skills gained through student organization activities to enhance leadership and teamwork.

**Learning Objectives:**

- Input and edit photos, videos, and audio clips
- Create and present multimedia presentation
- Analyze proper presentation techniques
- Evaluate a variety of presentations
- Determine effective digital tools for publishing projects

**Unit - Internet Applications**

**Content Standards:**
### Postsecondary Course Objectives

| D1.3.1 | Explain procedures used for correctly formatting documents from rough draft and unarranged copy. |

### Secondary Course Objectives

| 10. | Critique the Internet and digital information for validity, accuracy, bias, and current relevance. |
| 11. | Create a product that integrates information from multiple software applications. |
| 23. | Demonstrate knowledge and skills gained through student organization activities to enhance leadership and teamwork. |

#### Learning Objectives:

- 21. Evaluate websites
- 22. Integrate information from multiple software applications

---

**MODULE E – ORGANIZATIONAL MANAGEMENT AND SKILLS**

**Competency:**

| E1.0 | Perform basic task management and workspace organizational/ arrangement skills. |

**Performance Objective:**

| E1.1 | Given general office tasks, generate an accurate task management plan. |

**Learning Objective:**

| E1.1.1 | Define the attributes of an accurate office task management plan. |

**Performance Objective:**

| E1.2 | Given general office tasks and parameters, create an accurate organizational arrangement for office efficiency and productivity. |

**Learning Objective**

| E1.2.1 | Identify attributes for enhancing and improving an office organizational functioning associated with efficiency and productivity. |
