Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Letter of Transmittal

February 11, 2019

Submitting Organization: Berney Office Solutions on behalf of Xerox Business Solutions

Bid # ACCS-2019-01

Return Date: February 15, 2019 4:00 PM CST

Berney Office Solutions is pleased and honored to respond to BID # ACCS-2019-01, for the Joint Purchasing Agreement for Manufacturer Supplied Technology Equipment with peripherals, software, networking, equipment, maintenance and professional support services bid. Berney Office Solutions understands and accepts the Conditions Governing the Procurement.

Berney is proud of our reputation for partnering with education institutions throughout Alabama. Headquartered in Montgomery, we have grown to become the largest provider of document technology solutions in Alabama. All deliveries, implementation and on-site service will be provided by our local staff throughout the 67 counties across Alabama. Our Customer Care Center, Administration and Billing will be handled here, locally in Montgomery.

We provide customers with complete, customized solutions from network integration and document workflow management to digital multifunction products, managed print service and supplies. We deliver effective, proactive solutions aligned to our customers' technology goals and objectives.

Berney Office Solutions is a Xerox Company with local management team, which means decisions are prompt and flexible. As a part of the Xerox Business Solutions channel, Berney has access to the support of the world's leading document management technology and services enterprise, including the industry's broadest portfolio of offerings.

Doug Singleton will serve as the primary account representative. David Washington will be the marketing supervisor, and is authorized to contractually obligate Berney Office Solutions and authorized to negotiate the contract on behalf of the organization.

Please accept this acknowledgment that we have received the addendum regarding due date.

Thank you for the opportunity, and for clarification of any information in our response, please contact either David or Doug at the numbers below.

Sincerely,

Doug Singleton, VP of Major Accounts

Bid Summary (optional)

Berney Office Solutions, a Xerox Company (Berney); is the largest provider of office technology and solutions in Alabama and the surrounding areas. We are providing service for over 11,000 MFP/copiers and over 23,000 printers (including label printers).

We have continually provided our customers with effective, proactive solutions to keep them at the leading edge of technology. We provide businesses with complete, customized solutions from network integration and document management systems to digital multifunction copiers, printer service and supplies.

Berney Office Solutions has been serving customers for more than 55 years. Headquartered in Montgomery, we also have local support teams based out of Auburn, Birmingham, Dothan, Huntsville, and Mobile, AL. Berney employs approximately 200 people throughout Alabama and the Florida panhandle.

Berney Office Solutions sells the entire full line of Xerox products, from the desktop printers to the high end production units, with all finishing options. We also offer a wide range of software solutions, as well as Managed Print Services. With today's technology, we integrate these solutions to help customers achieve their document workflow goals. Please see brochures and information included in this proposal.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

89 **INTRODUCTION**

90 1.1 Purpose of This Request for Bid

91 The Alabama Community College System (ACCS) is partnering with other Alabama Higher Education
92 entities to request bids from technology equipment manufacturers and/or dealers on behalf of the
93 System institutions and other authorized entities. The ACCS is comprised of the twenty-three (23)
94 community colleges, two (2) technical colleges, one (1) military institution, and the Alabama
95 Technology Network (Appendix A). Any institutions or programs that may be acquired or added to the
96 ACCS during the life of this contract will automatically be added as entities eligible to procure products
97 from the contract. Any four-year institution or K-12 district/system which wishes to join during the life
98 of this contract may be added as an eligible entity. Additionally, the public K-12, two, and four-year
99 institutions listed in Appendix A are also eligible to purchase from this contract.

100 Each entity will generate its own purchase orders, payments, etc., and delivery must be made
101 according to the instructions on the purchase order. The intent of this request is to establish an annual
102 contract for technology related equipment to be purchased on an as needed basis for the listed entities
103 as needs arise during the contract period.

104 The purpose of this Request for Bid (RFB) is to establish a contract on a competitive basis with
105 qualified technology equipment suppliers, distributors, and/or manufacturers who shall directly supply
106 technology equipment and value-added professional services, including software and peripherals, and
107 maintenance and support services to qualified purchasers. Peripheral and computer component
108 manufacturers are excluded from this procurement.

109 This RFB is not designed to meet the E-Rate requirements specified by the Universal Service
110 Administrative Company. The Alabama Community College System shall not negotiate on behalf of
111 any party with a Letter of Agency. The System shall not certify an FCC Form 470, nor receive and
112 evaluate bids, nor negotiate with service providers of E-Rate products and services.

113 The Alabama Community College System reserves the right to negotiate with vendors for a product or
114 product line that was not available at the time of the Request for Bid.

115 The thrust of the RFB is to obtain greater volume price discounts by combining the volume of
116 purchases from participating entities within the State of Alabama with administrative savings that will
117 result from the maintenance of a single, comprehensive contract for each selected vendor.

118 This RFB is prepared under the authority of ACT No. 2003-392.

119 This procurement will result in a multiple source award.

120 Term – Bid awards issued under this Request for Bids shall be for an initial period of one year to renew
121 automatically for one additional year if not canceled by The System prior to the one-year anniversary date of the
122 award letter. The System shall have the option to extend awards for an additional (third) year by giving notice of such
123 extension prior to the two-year anniversary of the award letter.

124 Summary Scope of Work

125 The selected vendor(s) shall accept purchase orders from and deliver technology equipment, including
126 general-purpose software and peripherals, to authorized procuring entities. Vendors are required to
127 provide maintenance services on equipment that is purchased. Optionally, vendors may provide
128 installation, training and support services directly related to the efficient use or operation of the
129 purchased equipment.

130 1.2 Scope of Procurement

131 The scope of procurement includes a wide range of manufacturer supplied technology equipment,
132 including peripherals, general-purpose software, maintenance, professional consulting services, and
133 support services. Vendors shall not provide any form of application development services under the
134 terms and conditions of the contract. Educational offerings including special purpose educational
135 software and hardware configurations are included.

136 Definition of Terminology

137 This section contains definitions that are used throughout this procurement document, including
138 appropriate abbreviations.

139 "Contract" means an agreement for the procurement of items of tangible personal property or services.

140 "Desirable" includes terms such as "may", "can", "should", "preferably", or "prefers" to identify a sought-
141 after, but discretionary, item or factor.

142 "Equipment" refers to all technology-related equipment, including but not limited to desktop and laptop
143 computers, servers, workstations, printers, displays, peripherals, LAN hardware, video-conferencing
144 systems, multimedia and computer related hardware components and spare parts.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 145 "Evaluation Committee" means a body appointed to perform the evaluation of vendor responses.
- 146 "Finalist" is defined as a vendor who meets all the mandatory specifications of the Request for Bid and
- 147 whose score on evaluation factors is sufficiently high to qualify that vendor for further consideration by
- 148 the Evaluation Committee.
- 149 "General purpose" includes, but is not limited to, the following classes of software: operating systems,
- 150 report generators, spreadsheets, word processing, workgroup management, database, project
- 151 management, messaging and electronic mail, graphics construction and presentation, publishing, data
- 152 communications, statistical and/or analysis, imaging, compilers and interrupters, utilities, programmer
- 153 productivity tools, office productivity tools. Educational software designed for System usage is
- 154 included.
- 155 "Local-Area-Network" ("LAN") refers to a high-speed communications system optimized for connecting
- 156 information-processing equipment within a building or group of buildings. The communications
- 157 devices that are required to transmit data between buildings via a public or private network are
- 158 included.
- 159 "Mandatory" includes terms "must", "shall", "will", "is required", or "are required" to identify a compulsory
- 160 item or factor. Failure to meet a mandatory item or factor will result in the rejection of the vendor's bid.
- 161 "Manufacturer" means the company that designs, assembles and/or markets technology equipment
- 162 including servers, workstations, desktop and/or laptop personal computers.
- 163 "Vendor" is a technology equipment manufacturer who chooses to submit a bid.
- 164 "Request for Bid" or "RFB" means all documents, including those attached or incorporated by
- 165 reference, used for soliciting bid.
- 166 "Responsible vendor" means a company who submits a responsive bid furnishing, when required,
- 167 information and data to prove that financial resources, production or service facilities, personnel
- 168 service reputation and experience are adequate to make satisfactory delivery of the services or items
- 169 of tangible personal property described in the bid.
- 170 "System" means any and all entities comprising the Alabama Community College System or any other
- 171 eligible entity.
- 172 "Universal Resource Locator" or "URL" means a standardized addressing scheme for accessing
- 173 hypertext documents and other services using the WWW browser.
- 174

CONDITIONS GOVERNING THE PROCUREMENT

- 175
- 176 2.1 Explanation of Events
- 177 The following paragraphs describe the activities listed in the sequence of events.
- 178 2.1.1 Issue of RFB
- 179 This RFB is being issued by Alabama Community College System (the "System").
- 180 2.1.2 Clarification and Responses
- 181 Potential vendors may submit written requests (letter, fax or email) as to the intent or clarity of the
- 182 RFB. Requests for clarification are to be addressed to the Joint Purchase Agreement Administrator as
- 183 follows:
- 184 Alabama Community College System Attn:
- 185 ITS
- 186 Post Office Box 302130 Montgomery, AL 36130-2130
- 187 Email: JPA-Notification@accs.edu
- 188 Phone: 334-293-4507 Fax: 334-293-4605
- 189 2.1.3 Deadline to Submit Written Questions
- 190 Potential vendors may submit written questions as to the intent or clarity of the RFB until close of
- 191 business on January 25th, 2019.
- 192 2.1.4 Response to Written Questions/RFB Amendments
- 193 Written responses to written questions and any RFB amendments will be posted online at
- 194 <https://www.accs.edu/index.cfm/vendors/a>
- 195 [clive-rfps-rfb-or-rfqs/2019-joint-purchase-](https://www.accs.edu/index.cfm/vendors/a)
- 196 [agreement/](https://www.accs.edu/index.cfm/vendors/a).
- 197 2.1.5 Submission of Bid
- 198 Two (2) paper copies and an electronic copy (CDROM or USB drive) of the bid responses are required

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 199 with a completed Evaluation Submission form (Appendix E). The electronic copy of the bid response
200 should be a single PDF file that mirrors the bound, paper copies. Each copy of the response should
201 be placed in a single volume where practical. All documents submitted with the response should be
202 in that single volume. One copy "must" be marked as "original" with the company officer's signature.
- 203 Vendors may attend the bid opening, but no information or opinions concerning the ultimate contract
204 award will be given at the bid opening or during the evaluation process. The results will not be available
205 to vendors until after an award is made. Bid results and tabulations will not be made available by
206 telephone or mail. Information pertaining to complete files may be secured by visiting the System
207 Office of the Alabama Community College System during normal working hours.
- 208 The bid opening will be held on Monday, February 18th, 2019 at 10:00 AM CST in the Board Room at
209 the System Office of the Alabama Community College System (135 South Union Street, 5th Floor,
210 Montgomery, Alabama 36104).
- 211 Sealed bids are to be addressed to the physical mailing address in the following manner:
212 Alabama Community College System
213 Joint Purchase Agreement Initiative
214 135 South Union Street Suite#135
215 Montgomery, Alabama 36104
- 216 It is expected that this request will be complete and unambiguous. However, vendors seeking
217 clarification to this request should deliver inquiries in writing to the Administrator as noted per section
218 2.1.3.
- 219 Written replies of general significance will be posted online. Prospective vendors acknowledge that no
220 other source is authorized to provide information concerning this request.
- 221 All information shall be entered in ink or typewritten in the appropriate space on the bid. Mistakes may
222 be crossed out, corrected and initialed in ink by a company representative. An authorized individual
223 must sign all bids in ink; failure to do so will result in rejection of response.
- 224 2.1.6 Bid Evaluation
225 An Evaluation Committee will perform the evaluation of bids.
- 226 2.1.7 Selection of Finalists
227 The Evaluation Committee will select finalists. Only finalists will be invited to participate in the
228 subsequent steps of the procurement. The schedule for the oral presentations or equipment
229 demonstrations will be determined at this time (if deemed necessary).
- 230 2.1.8 Clarification from Finalists
231 Finalists may be asked to submit clarification to their bids (if deemed necessary).
- 232 2.1.9 Contract Award
233 After review of the Evaluation Committee, the System will award contracts to the most advantageous
234 vendors.
- 235 Bids that are deemed most advantageous, taking into consideration the evaluation factors set forth in
236 the RFB will be selected for award. No minimum or maximum number of awards has been
237 predetermined. The System shall make reference to prices quoted by successful vendors on the
238 Alabama State Department of Education Joint Purchase Agreement to determine the reasonableness
239 of prices quoted in response to this Request for Bids.
- 240
- 241 **GENERAL REQUIREMENTS AND SPECIFICATIONS**
- 242 3.1 Acceptance of Conditions Governing the Procurement
243 Vendor must indicate their acceptance of the Conditions Governing the Procurement section in the
244 letter of transmittal. Submission of a bid constitutes acceptance of the Evaluation Factors contained in
245 this RFB. Vendor must also include ISO 9001 certification as required by State Code governing
246 Joint Purchase Agreements. According to Alabama law, any companies or contractors whose
247 affiliates, subdivisions, subsidiaries, or departments have ISO 9001 certification can bid on the
248 information technology to be jointly purchased by educational institutions. ISO 9001 certification is
249 only required for vendors who are providing hardware.
- 250 **Berney Office Solutions has read, understands and will comply.**
- 251 3.2 Incurring Cost

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 252 Any cost incurred by the vendor in preparation, transmittal, and presentation of any material submitted
253 in response to this RFB shall be borne solely by the vendor.
- 254 **Berney Office Solutions has read, understands and will comply.**
- 255
- 256 3.3 Vendor Responsibility
- 257 The selected vendor(s) shall be solely responsible for fulfillment of the responsibilities under the terms
258 and conditions of the contract. The procuring entities will issue purchase orders and make payments to
259 only the named vendor(s).
- 260 **Berney Office Solutions has read, understands and will comply.**
- 261
- 262 3.4 Servicing Sub-Contractors
- 263 The System recognizes the fact that the potential vendors have different business models for the
264 delivery of support services. Whereas one potential vendor may provide support services through a
265 wholly owned subsidiary, another may provide support services through a local business partner,
266 certified education partner or qualified organization herein referred to as a servicing subcontractor.
267 Therefore, vendors may propose the use of servicing subcontractors for the performance of local
268 marketing, maintenance or technical support services in accordance with the terms and conditions of
269 the contract. Servicing subcontractors may not directly accept purchase orders or payments for
270 products or services from procuring entities under the terms and conditions of the contract.
- 271 **Berney Office Solutions has read, understands and will comply.**
- 272
- 273 3.5 Amended Bids
- 274 A vendor may submit an amended bid before the deadline for receipt of bids. Such amended bids
275 must be complete replacements for a previously submitted bid and must be clearly identified as such
276 in the transmittal letter. The Evaluation Committee will not merge, collate, or assemble bid materials.
- 277 **Berney Office Solutions has read, understands and will comply.**
- 278
- 279 3.6 Vendors' Rights to Withdraw Bid
- 280 Vendors will be allowed to withdraw their bids at any time prior to the deadline for receipt of bids. The
281 vendor must submit a written withdrawal request signed by the vendor's duly authorized representative
282 addressed to the representative listed above.
- 283 The right is reserved to waive informalities, select alternatives, and reject any or all responses, in the
284 event such appears to be in the best interest of the System.
- 285 **Berney Office Solutions has read, understands and will comply.**
- 286
- 287 3.7 Bid Offer Firm
- 288 Responses to this RFB, including prices, will be considered firm for ninety (90) days after the due date
289 for receipt of bids.
- 290 **Berney Office Solutions has read, understands and will comply.**
- 291
- 292 3.8 Disclosure of Bid Contents
- 293 The bids will be kept confidential until the contracts are awarded. At that time, all bids and documents
294 pertaining to the bids will be open to the public.
- 295 All responses become a matter of public record at award. The System accepts no responsibility for
296 maintaining confidentiality of any information submitted with any response whether labeled confidential
297 or not.
- 298 **Berney Office Solutions has read, understands and will comply.**
- 299
- 300 3.9 No Obligation
- 301 This RFB in no manner obligates Alabama Community College System or any authorized entity to the
302 lease or purchase of any products or services offered until a contract is awarded and vendor receives a
303 valid purchase order from an authorized procuring entity.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 304 The System has the right to cancel any contract, for cause, including, but not limited to, the following:
- 305 (1) failure to deliver within the terms of contract; (2) failure of the product or service to meet
- 306 specifications, conform to sample quality, or to be delivered in good condition; (3) misrepresentation
- 307 by the vendor, (4) fraud, collusion, conspiracy, or other unlawful means of obtaining any contract with
- 308 the state; (5) conflict of contract provisions with constitutional or statutory provisions of state or federal
- 309 law; and (6) any other breach of contract.
- 310 Termination - the System reserves the right, for its convenience and without cause or penalty, to
- 311 terminate any agreement with 30 days written notice.
- 312 **Berney Office Solutions has read, understands and will comply.**
- 313
- 314 3.10 Legal Review
- 315 The System requires that all vendors agree to be bound by the General Requirements contained in
- 316 this RFB. Any vendor concerns must be promptly brought to the attention of Alabama Community
- 317 College System.
- 318 **Berney Office Solutions has read, understands and will comply.**
- 319
- 320 3.11 Governing Law
- 321 The vendor shall observe, perform and comply with or require compliance with all federal, state, and
- 322 local laws, ordinances, rules and regulations and all amendments thereto which in any manner may
- 323 affect the operation of vendor's activities undertaken pursuant to this Agreement. The vendor shall
- 324 also comply with all state and local building, fire, health, zoning laws, codes and/or regulations that
- 325 affect or that are applicable to vendor's activities and operations hereunder. This RFB and the final
- 326 agreement shall be governed and construed in accordance with the laws of the State of Alabama
- 327 without giving effect to any choice-or-conflict-of-laws, provision, or rules (whether of the State of
- 328 Alabama or any other jurisdiction) that would cause the application of the laws of any jurisdiction other
- 329 than those of the State of Alabama
- 330 **Berney Office Solutions has read, understands and will comply.**
- 331
- 332 3.12 Basis for Bid
- 333 Only information supplied by the System in writing or in this RFB should be used as the basis for the
- 334 preparation of vendor responses.
- 335 **Berney Office Solutions has read, understands and will comply.**
- 336
- 337 3.13 Agreement Terms and Conditions
- 338 The agreement between the System and the vendor will follow the format specified and contain the
- 339 terms and conditions outlined in this request. However, Alabama Community College System reserves
- 340 the right to negotiate with a successful vendor provisions in addition to those contained in this RFB.
- 341 This RFB, as revised and/or supplemented, and the successful vendor's response will be incorporated
- 342 into and become part of the agreement.
- 343 Vendors are encouraged to submit specific alternate language to the terms and conditions, that vendor
- 344 believes would enhance the efficient administration of the agreement or result in lower product prices
- 345 or both. The System may or may not accept the alternative language. General references to the
- 346 vendor's terms and conditions or attempts at complete substitutions are not acceptable and will result
- 347 in disqualification of the vendor's response.
- 348 **Berney Office Solutions has read, understands and will comply.**
- 349
- 350 3.14 Vendor Qualifications
- 351 The Evaluation Committee may make such investigations as necessary to determine the ability of the
- 352 vendor to adhere to the requirements specified within the RFB. The Evaluation Committee will reject
- 353 the bid of any vendor who is not a responsible bidder or fails to submit a responsive offer as defined.
- 354 **Berney Office Solutions has read, understands and will comply.**
- 355
- 356
- 357 3.15 Change in Vendor Representatives

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

358 The System reserves the right to require a change in vendor representatives if the assigned
359 representatives are not meeting its needs adequately.

360 **Berney Office Solutions has read, understands and will comply.**

361

362 3.16 Equipment and Services Schedules

363 The vendor may offer only those products and services that are included on the Equipment and
364 Services Schedule (ESS). Vendors shall keep the schedule current and correct on an Internet website
365 maintained by the vendor and shall reflect changes in technology in accordance with the terms and
366 conditions of the contract.

367 **Berney Office Solutions has read, understands and will comply.**

368

369 3.17 Benefit of Cost Reduction

370 The System is to be given the benefit of any reduction in price below the quoted price during the term
371 of this contract. Examples include but are not limited to; manufacturer price reductions and special
372 promotional offerings.

373 **Berney Office Solutions has read, understands and will comply.**

374

375 3.18 Bid Terms

376 By submitting a response, the vendor agrees that this contract is to be governed by the terms and
377 conditions set forth in the bid. Any exceptions to the specifications must be clearly identified in the last
378 section of the vendor's response.

379 **Berney Office Solutions has read, understands and will comply.**

380

381 3.19 Fiscal Funding

382 The continuation of the contract is contingent upon the appropriation of funds to fulfill the requirements
383 of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide the
384 continuation of a contract, the contract shall terminate on the date of the beginning of the first fiscal
385 year for which funds are not appropriated.

386 **Berney Office Solutions has read, understands and will comply.**

387

388 3.20 Insurance

389 The vendor shall bear the full and complete responsibility for all risk of damage or loss of equipment,
390 products, or money resulting from any cause whatsoever and shall not penalize the System for any
391 losses incurred in association with this agreement. Any insurance policy or policies shall cover the
392 entire travel service operation at the System including all areas that may in the future be placed under
393 the control or use of the vendor. The vendor shall maintain, during the life of this contract, the following
394 minimum insurance:

<u>KIND OF INSURANCE</u>	<u>MINIMUM LIMITS OF LIABILITY</u>
Worker's Compensation	Statutory – Alabama
Employer's Liability	\$2,000,000 (each employee, each accident and policy limit)
Commercial General Liability:	
Each Occurrence	\$2,000,000
Personal and Advertising Injury	\$2,000,000
Products/Completed Operations	\$2,000,000
General Aggregate	\$3,000,000
Automobile Liability	\$2,000,000 each accident - combined single limit

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

396 These policies shall contain a thirty- (30) day written notice to the System before cancellation,
397 reduction or other modification of any kind to the required coverage.

398 The vendor, at its cost, must provide acceptable evidence of compliance with the worker's
399 compensation insurance requirements of the State of Alabama. In the event the vendor fails to
400 maintain and keep in force, all of the insurance and Worker's Compensation coverage listed above,
401 the System shall have the right to terminate this contract. The System and vendor shall each be listed
402 as the named insured in said policy (ies) so that each is independently protected to the face amount
403 of the policy.

404 Upon notification of award and prior to issuance of contract, the vendor shall provide the System with
405 certification of insurance with the required kinds of insurance and minimum liabilities specified, issued
406 by an insurance company licensed to do business in the State of Alabama and carrying an AM Best
407 rating of A- or better, signed by an authorized agent. In the event of cancellation, material change or
408 intent not to renew any of the insurance requirements specified, thirty (30) days written notice shall be
409 given to the System by the party initiating any revision.

410 **Berney Office Solutions has read, understands and will comply.**

411

412 3.21 New Products

413 Unless specifically called for in this request, all products for purchase must be new, never previously
414 used, and the current model and/or packaging. No remanufactured, demonstrator, used, or irregular
415 product will be considered for purchase unless otherwise specified in the request. The manufacturer's
416 standard warranty will apply unless otherwise specified in the request. All equipment should be
417 supplied complete, ready to be installed, including all cabling and connectors where applicable.

418 **Berney Office Solutions has read, understands and will comply.**

419

420 **SPECIFICATIONS**

421 This section contains specifications and relevant information vendors should use for the preparation
422 of their responses.

423 Vendors should respond as described to each specification. The responses along with the required
424 supporting material will be evaluated and awarded points accordingly.

425 **Berney Office Solutions has read, understands and will comply.**

426

427 3.22 Product and Services Delivery Overview

428 Vendors must describe their ability to provide professional services, technology equipment including
429 related products and support services to the System and the various authorized entities. The response
430 to this requirement should, at a minimum, include a map with an indication of the locations where
431 products may be delivered plus the number and type of support personnel or other resources that may
432 be employed to service procuring entity purchase orders (a very basic example map for a fictitious
433 company is provided in Appendix B). The narrative in response to this specification should include, at
434 a minimum, a general overview of the proposed services and an overview of how the services are to
435 be provided in the locations indicated.

436 Vendors must thoroughly describe their procedures for resolving customer problems and complaints
437 including timelines and escalation measures.

438 Vendors must submit customer satisfaction statistics or survey results concerning the quality of the
439 products and/or services offered.

440 Vendors must thoroughly describe their ability to provide value added technical services including
441 installation, training or directly related optional services and the geographic area where the services
442 may be provided. Vendors should provide a map with an indication of the locations where each type
443 of value-added service may be provided.

444 **Berney Office Solutions has read, understands and will comply.**

445

446 3.23 Reporting

447 Vendors must agree to provide quarterly utilization reports to the System based upon the schedule
448 and minimum content as described in this request. Quarterly reports must be submitted to The
449 System Office to JPA-Notification@accs.edu. The electronic copy must be in the form of a PDF file.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

450 Vendors must describe their ability and commitment to meet this requirement and include a sample
451 quarterly report with the bid response. The required report must be compiled and forwarded to
452 the Joint Purchase Agreement Initiative Administrator within two weeks of the end of each quarter.
453 Vendors may count quarters either from the calendar (i.e., the end of March will be the end of the
454 first quarter) or from the time we awarded you the bid (i.e., May 1 will be the end of the first quarter).
455 An example of the required reporting format is included in Appendix C. Failure to provide the required
456 report in the specified format could result in removal from the contract.

457 Vendors are encouraged to describe and include additional sample reports. Vendors are encouraged
458 to describe other reporting capabilities such as electronic delivery of reports or direct access to Internet
459 or other databases that may be used to administer the agreements or support marketing.

460 **Berney Office Solutions has read, understands and will comply.**

461

462 3.24 Electronic Commerce

463 Vendors must describe their ability to provide and maintain, at a minimum, an Internet website that
464 contains the complete ESS as well as product specifications and options. Vendors are encouraged to
465 describe an existing capability or commitment to implement a website that would provide procuring
466 entities guidance and assistance with product selection, purchase order tracking, reporting or other
467 relevant capability. The ability or commitment to accept and process purchase orders electronically
468 should be thoroughly described. Internet URL's may be provided which reference sites that
469 demonstrate the desired functionality.

470 **Berney Office Solutions has read, understands and will comply.**

471

472 3.25 Breadth of Offering

473 Vendors must, at a minimum, offer products or services in at least one of the following categories:

- 474 Client Computers (Workstations, Desktops, Terminals, Laptops, Tablet, Notebook, Handheld
- 475 Devices)
- 476 Servers
- 477 **Printers**
- 478 Monitors
- 479 Storage
- 480 Networking Equipment
- 481 Audio and Video Conferencing Equipment
- 482 Multimedia Hardware
- 483 VOIP/Unified Communications Solutions
- 484 Video Surveillance Solutions
- 485 Key and Access Control Equipment
- 486 **Software**
- 487 **Professional Services**
- 488 Other

489

490 Vendors must provide a comprehensive list of the models or variations available in each of the
491 following categories for which a vendor offers products:

- 492 Client Computers (Workstations, Desktops, Terminals, Laptops, Tablet, Notebook, Handheld
- 493 Devices)
- 494 Servers
- 495 **Printers**
- 496 Monitors
- 497 Storage
- 498 Networking Equipment
- 499 Audio and Video Conferencing Equipment
- 500 Multimedia Hardware
- 501 VOIP/Unified Communications Solutions
- 502 Video Surveillance Solutions
- 503 Key and Access Control Equipment
- 504 **Software**
- 505 **Other – Managed Print Services**

506 The narrative that is submitted in support of the list should provide the Evaluation Committee with a
507 clear indication of the breadth of the product line flexibility and performance.

508

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 509 Vendors must provide, at a minimum, a licensed operating system with each type of processor, where
510 applicable. Vendors must provide a list of the operating systems for each of the following categories
511 of processors:
- 512 Client Computers (Workstations, Desktops, Terminals, Laptops, Tablet, Notebook, Handheld
 - 513 Devices).
 - 514 Servers
 - 515 Networking Equipment
 - 516 Audio and Video Conferencing Equipment
 - 517 VOIP/Unified Communications Solutions
 - 518 Key and Access Control Equipment
 - 519 Other
- 520 The narrative that is submitted in support of the list should provide the Evaluation Committee with a
521 clear indication of the number and type of operating systems that are proposed.
- 522
- 523 Vendors may propose and provide a wide range of the general-purpose software products. Vendors
524 may provide a summarized list of the general-purpose software that is proposed for each of the
525 following categories of processors:
- 526 Client Computers (Workstations, Desktops, Terminals, Laptops, Tablet, Notebook, Handheld
 - 527 Devices).
 - 528 Servers
 - 529 Networking Equipment
 - 530 Audio and Video Conferencing Equipment
 - 531 VOIP/Unified Communications Solutions
 - 532 Video Surveillance solutions
 - 533 Key and Access Control Equipment
 - 534 Other
 - 535
- 536 The narrative that is submitted in support of the list should provide the Evaluation Committee with a
537 clear indication of the number and type of general-purpose software products that are proposed.
- 538
- 539 Vendors may propose and provide a wide range of the technical services including installation, training
540 and technical support:
- 541 Client Computers (Workstations, Desktops, Terminals, Laptops, Tablet, Notebook, Handheld
 - 542 Devices)
 - 543 Servers Printers Monitors Storage
 - 544 Networking Equipment
 - 545 Audio and Video Conferencing Equipment
 - 546 Multimedia Hardware
 - 547 VOIP/Unified Communications Solutions
 - 548 Video Surveillance solutions
 - 549 Key and Access Control Equipment
 - 550 Other
- 551 The narrative that is submitted in support of the list should provide the Evaluation Committee with a
552 clear indication of the number and type of technical support services that are proposed.
- 553 **Berney Office Solutions has read, understands and will comply.**
- 554
- 555 3.26 Primary Account Representative
- 556 Vendors must identify by name and location both the proposed primary account representative and
557 the marketing supervisor who will be responsible for the performance of the agreement. Any changes
558 to this information must be immediately sent to the Joint Purchase Agreement Administrator.
- 559 **Berney Office Solutions has read, understands and will comply.**
- 560
- 561 3.27 References
- 562 Vendors must submit three (3) references of entities of like size and complexity, and/or entities that
563 have or are currently receiving similar products and services to those proposed by the vendor for this
564 procurement. Each reference must include the name of the contact person, address, telephone
565 number and description of products and services provided.
- 566 **Berney Office Solutions has read, understands and will comply.**

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 567
- 568 3.28 Pricing Level and Guarantee
- 569 Vendors must submit with their responses a narrative that describes the baseline (published) pricing
570 and the initial pricing level discount that is proposed, by product class or category in the ESS. The
571 response to this specification is expected to be in the form of a percentage discount from a published,
572 baseline price listing. Vendors must describe the baseline pricing and provide information where the
573 baseline pricing may be accessed and verified.
- 574 Firm Price – Initial quoted discount levels must remain constant throughout the term of this agreement,
575 subject only to subsequent increased discount amounts.
- 576 **Berney Office Solutions has read, understands and will comply.**
- 577
- 578 3.29 Oral Presentation and Demonstration
- 579 If selected as a finalist, vendors agree to provide the Evaluation Committee the opportunity to meet
580 with and question the proposed primary account representative at the oral presentation (if deemed
581 necessary by the Evaluation Committee). The proposed primary account manager is expected to
582 conduct the presentation. Vendors will be required to demonstrate their Internet based reporting and
583 electronic commerce capabilities to the Evaluation Committee.
- 584 **Berney Office Solutions has read, understands and will comply.**
- 585
- 586 3.30 Equipment and Services Schedule
- 587 Vendors must submit with their responses a complete Equipment and Services Schedule including all
588 the products and services offered, at the initial pricing level stated in response to section 3.25.
- 589 The ESS may be submitted in a single file, PDF format on a compact disc, USB drive, or made
590 available via a website.
- 591 **Berney Office Solutions has read, understands and will comply.**
- 592
- 593 3.31 Scope of Work
- 594 The vendor shall deliver computing system products and services to procuring entities in accordance
595 with the terms of this agreement. Accordingly, the vendor shall provide products or services only upon
596 the issuance and acceptance by vendor of valid "purchase orders". Purchase orders will be issued to
597 purchase the license for software or to purchase or lease products listed on the ESS. A procuring
598 entity may purchase any quantity of product or service listed in the ESS at the prices stated therein.
599 For large orders, the procuring entity may negotiate quantity price discounts below the ESS price(s)
600 for a given purchase order. Vendor may offer authorized educational institutions educational price
601 discounts that result in prices below the ESS listed prices.
- 602 **Berney Office Solutions has read, understands and will comply.**
- 603
- 604 3.32 Title Passage
- 605 Title to equipment shall pass to the procuring entity upon acceptance of equipment.
- 606 **Berney Office Solutions has read, understands and will comply.**
- 607
- 608 3.33 Quantity Guarantee
- 609 This agreement is not an exclusive agreement. Procuring entities may obtain computing system
610 products and services from other contract awarded vendors during the agreement term.
- 611 **Berney Office Solutions has read, understands and will comply.**
- 612
- 613 3.34 Order of Precedence
- 614 Each purchase order that is accepted by the vendor will become a part of the agreement as to the
615 products and services listed on the purchase order only; no additional terms or conditions will be added
616 to this agreement as the result of acceptance of a purchase order. In the event of any conflict among
617 these documents, the following order of precedence shall apply:
- 618

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 619 A. the terms and conditions of this RFB
- 620 B. exhibits to this agreement
- 621 C. the list of products and services contained in the purchase order
- 622 D. vendor's response

623 **Berney Office Solutions has read, understands and will comply.**

624

625 3.35 Payment Provisions

626 All payments under this agreement are subject to the following provisions:

627 A. Acceptance

628 The procuring entity shall determine whether all products delivered to it meet the vendor's
629 published specifications. No payment shall be made for any products until the products
630 have been accepted by the procuring entity. Unless otherwise agreed upon between the
631 procuring entity and the vendor, within thirty (30) days from the date the procuring entity
632 receives written notice from the vendor that payment is requested for services or within
633 thirty (30) days from the receipt of products, the procuring entity shall accept or reject the
634 products or services.

635

636 B. Payment of Invoice

637

638 Payments shall be submitted to the vendor at the address shown on the invoice. Payment
639 shall be tendered to the vendor within thirty (30) days from acceptance.

640 In the event an order is shipped incomplete (partial), the procuring entity must pay for
641 each shipment as invoiced by the vendor unless the procuring entity has clearly specified
642 "No Partial Shipments" on each purchase order.

643 C. Invoices

644 Invoices shall be submitted to the procuring entity.

645 **Berney Office Solutions has read, understands and will comply.**

646

647 3.36 Shipment and Risk of Loss

648 Vendor must ship all products F.O.B. destination regardless of price discounts. Risk of loss or damage
649 to the products shall pass to the procuring entity upon delivery to the procuring entity. Vendor agrees
650 to assist the procuring entity with the processing of claims for such loss or damage and to expedite
651 the processing of claims for such loss or damage and to expedite replacement of lost or damaged
652 products. Destination charges shall be included in the product price on the ESS.

653 All license agreements or sales order contracts, which must be signed prior to delivery of proposed
654 items, must be included with the bid for review by the System. Documents not submitted with the
655 response will not be considered at a later date. In all cases, should there be a conflict of terms and
656 conditions, those terms and conditions in this REQUEST and any resulting System purchase order will
657 prevail.

658 Whenever a procuring entity does not accept any product and returns it to the vendor, all related
659 documentation furnished by the vendor shall be returned also. The vendor shall bear all risk of loss
660 or damage with respect to returned products except for loss or damage directly attributable to the
661 negligence of the procuring entity.

662 Unless otherwise agreed upon by the procuring entity, the vendor is responsible for the pick-up of
663 returned equipment. Software and documentation will be returned via U.S. Mail at the expense of the
664 procuring entity.

665 Unless otherwise arranged between the procuring entity and vendor, all shipments of products shall
666 be by vendor truck, UPS, or Federal Express Second Day (or other way, specify).

667 **Berney Office Solutions has read, understands and will comply.**

668

669 3.37 Warranties

670 At a minimum, the products shall be covered under the manufacturer's warranties in effect at the time
671 the products are delivered or the warranties in effect at the time of contract award, whichever is most
672 beneficial to the procuring entity.

673 **Berney Office Solutions has read, understands and will comply.**

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- 674
675 3.38 Price Guarantees
676 The procuring entity shall pay the lower of the prices contained in the ESS or an announced promotion
677 price, educational discount price, general price reduction or large order negotiated price. Only general
678 price reduction decreases will apply to all subsequent orders accepted by vendor after the date of the
679 issuance of the revised prices. Vendor agrees to maintain ESS product prices in accordance with the
680 volume price discount guarantees filed. Prices set forth in the ESS are subject to decrease without
681 prior notice. Special pricing discounts offered by successful bidders after the award of bids shall
682 remain in effect for a minimum of 30 days.
683 **Berney Office Solutions has read, understands and will comply.**
684
685 3.39 Technical Support
686 The vendor agrees to maintain a toll-free technical support telephone line. The line shall be accessible
687 to procuring entity personnel who wish to obtain competent technical assistance regarding the
688 installation or operation of products supplied by the vendor.
689 **Berney Office Solutions has read, understands and will comply.**
690
691 3.40 Product Delivery
692 Vendor agrees to deliver products to procuring entities within 30 days after receipt of a valid purchase
693 order unless otherwise negotiated with procuring entity.
694 **Berney Office Solutions has read, understands and will comply.**
695
696 3.41 Impracticality of Performance
697 A party shall be excused from performance under this agreement for any period that the party is
698 prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court
699 order, provided that the party has prudently and promptly acted to take any and all steps that are within
700 the party's control to ensure performance. Subject to this provision, such non-performance shall not
701 be deemed a default or a ground for termination.
702 **Berney Office Solutions has read, understands and will comply.**
703
704 3.42 Records and Audit
705 Vendor agrees to maintain detailed records pertaining to the price of services rendered and products
706 delivered for a period of three years from the date of acceptance of each purchase order. These
707 records shall be subject to inspection by the procuring entity and appropriate governmental authorities
708 with the state of Alabama. The procuring agency shall have the right to audit billings either before or
709 after payment. Payment under this agreement shall not foreclose the right of the procuring entity to
710 recover excessive or illegal payments.
711 **Berney Office Solutions has read, understands and will comply.**
712
713 3.43 Use of Subcontractors
714 The vendor may subcontract installation, training, warranty or maintenance services. However, the
715 vendor shall remain solely responsible for the performance of this agreement. All procuring entity
716 payments for products or services shall be made directly to the vendor. If subcontractors are to be
717 used, the name of the authorized subcontractor(s) shall be identified in the applicable participating
718 addendum(s).
719 **Berney Office Solutions has read, understands and will comply.**
720
721 3.44 Indemnification
722 The vendor shall indemnify and hold harmless the System from any loss, cost or expense suffered or
723 incurred in connection with any claim, suit or proceeding brought against the System so far as it is
724 based on defects in products provided to the System.
725 The vendor hereby covenants and agrees, at its sole cost and expense during the term of this
726 agreement, to indemnify and hold harmless the System and its officers, agents and employees against
727 and from any and all claims or demands by or on behalf of any person, firm, corporation or

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

728 governmental authority, arising out of, attributable to or in connection with the use, occupation,
729 possession, conduct or management of the vendor concerning the equipment or services performed
730 and rendered hereunder, including, but without limitation, any and all claims for injury or death to
731 persons or damage to property or any and all claims for Patent, Trademark, Copyright, Intellectual
732 Property, or Trade Secret Infringement. The vendor also covenants and agrees, at its sole cost and
733 expense, to hold the System and its officers, agents, and employees from and against all judgments,
734 costs, counsel fees, expense and liabilities incurred in connection with any such claim and any action
735 or proceeding brought thereon, and in case any action is brought against the System or against any
736 of its officers, agents, or employees, by reason of any such claim, the vendor upon notice from the
737 System will resist and defend such action or proceeding by qualified counsel. However, the provisions
738 of this Section shall not apply to any claims arising from the negligent or willfully wrongful acts or
739 omissions of the System, or its officers, agents, or employees.

740 For the purposes of paragraph 3.44, the term, the System, shall include all entities listed in Appendix
741 A or any subsequent revision thereof and their respective officers, directors, employees, agents and
742 assigns.

743 **Berney Office Solutions has read, understands and will comply.**

744

745 3.45 Website Maintenance

746 Vendor agrees to maintain and support an Internet website for access to the ESS, configuration
747 assistance, product descriptions, product specifications and other aids in accordance with instructions
748 provided by the contract. In addition, vendor may provide electronic commerce assistance for the
749 electronic submission of purchase orders, purchase order tracking and reporting.

750 **Berney Office Solutions has read, understands and will comply.**

751

752 3.46 Ethics

753 The vendor warrants that it presently has no interest and shall not acquire any interest, direct or
754 indirect, which would conflict in any manner or degree with the performance of services required under
755 this agreement.

756 If any owner, officer, partner, board or director member, employee, or holder of more than 5% of the
757 fair market value of your firm or any member of their households is a public official or public employee
758 (including the System) as defined by the Code of Alabama Section 36-25-1, this information must be
759 included in your response. Failure to disclose this information in your response will result in the
760 elimination of your response from evaluation. If your firm is awarded any contract as a result of this
761 request, the System reserves the right to furnish a copy of any resulting contract to the State of
762 Alabama Ethics Commission as directed in the Code of Alabama, Section 36-25-11, within ten (10)
763 days of award.

764 System employees are not allowed to accept personal gifts or gratuities.

765 **Berney Office Solutions has read, understands and will comply.**

766

767 3.47 Replacement Parts

768 Replacement parts may be refurbished with agreement of procuring entity.

769 **Berney Office Solutions has read, understands and will comply.**

770

771 3.48 FCC Certification

772 The vendor agrees that hardware supplied by the vendor meets all applicable FCC Certifications.
773 Improper, falsely claimed or expired FCC certifications are grounds for contract termination.

774 **Berney Office Solutions has read, understands and will comply.**

775

776 3.49 Site Preparation

777 A procuring entity shall prepare and maintain its site in accordance with written instructions furnished
778 by the vendor prior to the scheduled delivery date of any equipment or service and shall bear the costs
779 associated with the site preparation.

780 **Berney Office Solutions has read, understands and will comply.**

781

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

782 3.50 Assignment

783 The vendor shall not assign nor transfer any interest in this agreement or assign any claims for money
784 due or to become due under this agreement without prior written approval from procuring entity.

785 **Berney Office Solutions has read, understands and will comply.**

786

787 3.51 Survival

788 Certain paragraphs of this agreement including but not limited to Patent, Copyright, Trademark, and
789 Trade Secret Indemnification; Indemnification; and Limit of Liability shall survive the expiration of this
790 agreement. Software licensees, lease, warranty and service agreements that were entered into under
791 the terms and conditions of this agreement shall survive this agreement.

792 **Berney Office Solutions has read, understands and will comply.**

793

794 3.52 Lease Agreements

795 Vendor may lease equipment to procuring entities in accordance with terms and conditions approved
796 by the appropriate governing authority for the procuring entity.

797 **Berney Office Solutions has read, understands and will comply.**

798

799 3.53 Vendor Disclosure Statement

800 Act 2001-955 requires the disclosure statement to be completed and filed with all proposals, bids,
801 contracts, or grant proposals to the State of Alabama in excess of \$5,000. In circumstances where a
802 contract is awarded by competitive bid, the disclosure statement shall be required only from the
803 person receiving the contract and shall be submitted within ten (10) days of the award.

804
805 Upon being awarded the contract, Alabama State Law requires that the vendor must complete a
806 Vendor Disclosure Statement. The 2-page form and the instructions are available online as noted per
807 Appendix D. The completed forms must be returned to the Joint Purchase Agreement Administrator
808 by Thursday, February 28th, 2019. The form is required by the vendor and covers the duration of the
809 bid.

810
811 Vendor agrees, for the duration of the agreement, that they will not violate federal immigration law or
812 knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State
813 of Alabama in compliance with the Beason-Hammon Alabama Taxpayer & Citizen Protection Act (Act
814 2011-535). Upon being awarded the contract, Alabama State Law requires that the vendor must
815 complete the Business Entity Employer Contractor Compliance form as proof that the vendor has
816 enrolled in the E-Verify program as required by state law. The form and the instructions are available
817 online as noted per Appendix D. E-Verify documentation, which is unavailable due to the Federal
818 Government shutdown, will be deferred until such documentation may be obtained from any federal
819 agency.

820
821 It is furthered agreed that the terms and commitments contained herein shall not constitute a debt of
822 the State of Alabama in violation of Section 213 of the Constitution of Alabama of 1901, as amended
823 by Amendment Number 26. If any provision of the agreement shall contravene any statute or
824 constitutional provision, either now in effect or which may be enacted during the term of this agreement,
825 then the conflicting provision of this agreement shall be deemed null and void. Vendor understands,
826 acknowledges, and agrees that its sole and exclusive remedy for any claim which may arise for or
827 relate to this agreement is to file a claim with the Board of Adjustment of the State of Alabama.

828
829 In compliance with Act 2016-312, the vendor hereby certifies it is not currently engaged in, and will not
830 engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with
831 which this state can enjoy open trade.

832 **Berney Office Solutions has read, understands and will comply.**

833

834 **BID FORMAT AND ORGANIZATION**

835 4.1 Bid Format

836 All bids must be typewritten on standard 8 ½ x 11 paper (larger paper is permissible for
837 charts, spreadsheets, etc.) and placed within a binder with tabs delineating each section.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

838 **Berney Office Solutions has read, understands and will comply.**

839

840 4.1.1 Bid Organization

841 The bid response must be organized and indexed in the following format and must contain,
842 as a minimum, all listed items in the sequence indicated.

- 843 A. Letter of Transmittal
- 844 B. Evaluation Submission Form
- 845 C. Table of Contents
- 846 D. Bid Summary (optional)
- 847 E. Response to General Requirements and Specifications

848 Within each section of the bid, vendors should address the items in the order in which they
849 appear in this RFB.

850 Any bid that does not adhere to these requirements may be deemed non-responsive and
851 rejected on that basis. A bid summary may be included by vendor to provide the Evaluation
852 Committee with an overview of the technical and business features of the response;
853 however, this material will not be used in the evaluation process unless specifically
854 referenced from other portions of the vendor's response.

855 **Berney Office Solutions has read, understands and will comply.**

856

857 4.1.2 Letter of Transmittal

858 Each response must be accompanied by a letter of transmittal. The letter of transmittal
859 MUST:

- 860 A. Identify the submitting organization
- 861 B. Identify the name and title of the person authorized by the organization to
862 contractually obligate the organization
- 863 C. Identify the name, title and telephone number of the person authorized to
864 negotiate the contract on behalf of the organization
- 865 D. Identify the names, titles and telephone numbers of persons to be contacted for
866 clarification
- 867 E. Explicitly indicate acceptance of the Conditions Governing the Procurement
- 868 F. Be signed by the person authorized to contractually obligate the organization
- 869 G. Acknowledge receipt of any and all amendments to this RFB.

870 **Berney Office Solutions has read, understands and will comply.**

871

872 **EVALUATION**

873 5.1 Evaluation Process

874 All responses will be reviewed for compliance with the mandatory requirements stated within the
875 RFB.

876 Bids deemed non-responsive will be eliminated from further consideration.

877

878 The System may contact the vendor for clarification of the response.

879

880 The Evaluation Committee may use other sources of information to perform the evaluation.

881

882 Responsive bids will be evaluated on factors that have been assigned a point value. The
883 responsible vendor(s) with the highest scores will be selected as finalist(s) based upon the bids
884 submitted. The responsible vendors, whose bids are most advantageous, taking into
885 consideration the evaluation factors, will be recommended for award. Please note, however,
886 that a serious deficiency in the response to any one factor may be grounds for rejection
887 regardless of overall score. This procurement is expected to result in a multiple source award. The
888 right to reject any or all bids, or any portions thereof, is reserved.

889 **Berney Office Solutions has read, understands and will comply.**

Products and Services Delivery Overview

Berney Office Solutions, a Xerox Company (Berney); is the largest provider of office technology and solutions in Alabama and the surrounding areas. We are providing service for over 11,000 MFP/copiers and over 23,000 printers (including label printers).

We have continually provided our customers with effective, proactive solutions to keep them at the leading edge of technology. We provide businesses with complete, customized solutions from network integration and document management systems to digital multifunction copiers, printer service and supplies.

Berney Office Solutions has been serving customers for more than 55 years. Headquartered in Montgomery, we also have local support teams based out of Auburn, Birmingham, Dothan, Huntsville, and Mobile, AL. Berney employs approximately 200 people throughout Alabama and the Florida panhandle.

Berney Office Solutions sells the entire full line of Xerox products, from the desktop printers to the high end production units, with all finishing options. We also offer a wide range of software solutions, as well as Managed Print Services. With today's technology, we integrate these solutions to help customers achieve their document workflow goals. Please see brochures and information included in this proposal.

Summary of Products

- **Xerox** – (hardware) - Printers, Scanners, Copiers and Multi-Function Devices
- **Xerox App Gallery** - Connects workers to Xerox® ConnectKey® devices. Examples include scan and convert paper into the format (MS Word or Excel) you need or translate documents from one language to another. Visit <https://appgallery.services.xerox.com> for more information.
- **KIP** – (hardware) - Wide Format Scanning, Printing and Copying
- **Software** – From storing/retrieving documents and digital workflow systems, to applications that assist with your print policy, we are helping customers with their document initiatives. Please see attached information, for more details.
- **Managed Print Services** – Berney is a Certified Service Provider for numerous printer brands, including Xerox, HP, Brother, Kyocera and Zebra. Please see attached literature for more information.

G

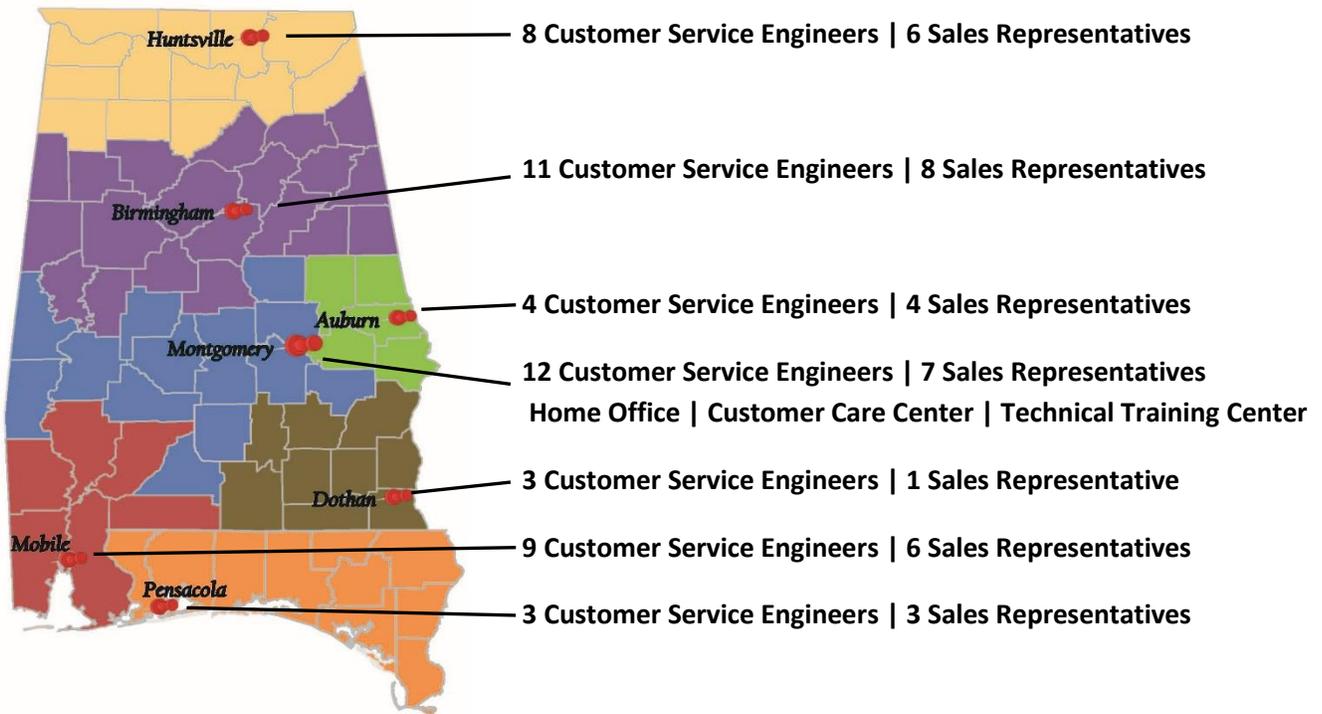

Geographic Coverage

Berney provides service and support in each of the 67 counties in Alabama, with several office locations across the entire state of Alabama. Our staff includes certified trained customer service engineers, local administrative and delivery teams, production specialists, software analysts, managed print specialists, customer service and sales representatives.

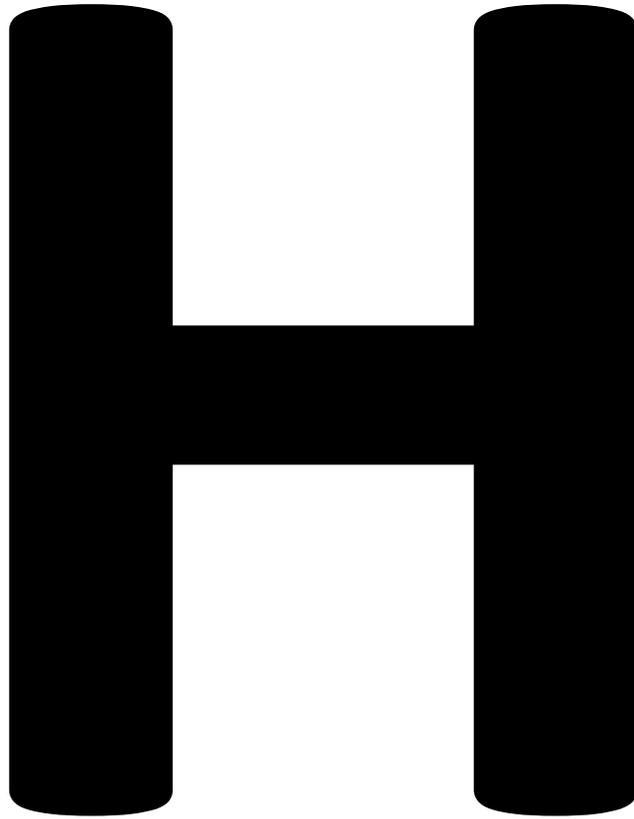

Each higher education institution has a single point of contact at Berney locally to assist them with assessing their needs and helping them to determine how we could potentially assist in their document workflow goals. Whether that is acquiring one multi-function device or implementing a campus-wide fleet management solution, our local sales representative will bring the Berney team-members to assist with delivery, set-up, installation and training. Of course, customers have access to our on-site service team.

Each location has local sales and service management, as well as local Customer Service Engineers and Sales Representatives to support local customers. Additionally we have regional Production Specialists, Managed Print Specialists and Software Analysts.

Below is an overview of local sales and service resources across Alabama:

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology
Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Availability of Technical Support

Customers can access technical support via 800 telephone number; we also can accept service/technical requests via email or from our website or customer portal.

Each device we service has a unique identification number (ID number) and that is located on a label on each device. Customers provide their ID number and our Customer Care Center can pull the information on that specific device. (Location, address, contact information, service history, etc.)

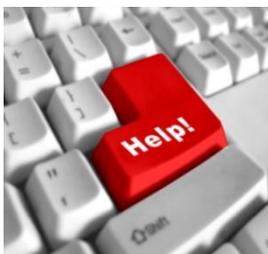

Availability of Technical Support - Customer Care Center

With our in-house in-state Customer Care Center, our staff determines if our Help Desk can assist customers over the network/phone or if we need to dispatch a Customer Service Engineer. Our Customer Care Center is located here in Alabama, where we speak southern! With Customer Service Engineers trained in the field and our Customer Care Center, our customers have the best of both worlds. Each staff member goes through our level one networking training. Each staff member also has instant access to several Xerox web based tools to support customers and Customer Service Engineers across our entire company.

Berney Office Solutions has the unique ability to resolve majority of our many service calls right over the phone via our Help Desk.

- Avg. fix time = 30 minutes
- Call for: MFP, Printers, Network & Fax issues
- Clearing 35 + calls per day
- 8 Trained Customer Care Representatives

Availability of Technical Support – On-Site Service

Our Customer Care Center dispatches service calls to Customer Service Engineers, which they receive on their smart phone. This allows us to track the following:

- Time of Service Request
- Time Call is Dispatched to Customer Service Engineer
- Time Customer Service Engineer Arrives at Customer Site
- Time Call is Complete

This allows us to track Response Time, First Call Effectiveness and Total Call Time. Our team of factory trained & certified Customer Service Engineers have Service Vehicles equipped with GPS. This allows us to determine the closest Customer Service Engineer available for each service call. Additionally, each vehicle has an average of **\$12,000 of parts and inventory** so we ensure we have what is needed when Customer Service Engineer arrives.

We are tracking every step of the process, and can provide that to each customer via email.

If you would like, you can receive email updates on Customer Service Engineer status, including when they arrive on-site and are completed with call. After the call is complete, you will receive a customer survey to complete. An example of the survey is to the right, with customer name redacted.

Availability of Technical Support – Technical Training

Our staff is trained and certified here at Berney. In addition to the in-house training they each receive on the hardware, they each also receive network connectivity training. With Customer Service Engineers crossed trained on hardware and networking, this allows each Customer Service Engineer to handle majority of their service related calls the first time.

Overview of hands-on class room training:

Session 1: Networking Overview

- Identifying services that have been installed: Scan, Email, Fax, etc.
- Identifying page description languages (PDL) installed (PCL and PostScript)
 - Differences between PCL and PostScript. Identify when each language should be used in specific situations.

Session 2: Getting the MFD Online

- TCI/IP configuration
 - IPV4/IPV6
 - Configure static IP address, or establish DHCP reservation
 - Subnet Mask considerations
 - Configure default gateway
 - Configure DNS
 - Perform PING test from customer's PC to verify network communication

Session 3: Identifying and installing print drivers.

- Identify server and desktop operating systems, applications, and finishing requirements to determine the proper PDL for the environment.
- Download and extract proper print drivers.
- Install print drivers.
- Configure print driver and accessories.

Session 4: Identifying components and settings for network scanning

- Scan to E-mail
 - Evaluate customer's E-mail environment to determine SMTP relay, authentication, and encryption requirements.
 - Configure MFP to properly interface with customer's environment.
 - Create and configure E-mail destinations.
- Scan to Folder
 - Determine scanning protocol (SMB/FTP)
 - Coordinate and configure SMB scan paths and authentication service account credentials with network administrator.
 - Coordinate and configure FTP server location, folder structure, and service account authentication with network administrator.
 - Create and configure folder scan definitions

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Session 5: Configuring inbound fax forwarding (as applicable)

- Confirm Fax functionality.
- Create and test Fax Forwarding to E-mail features.

Session 6: Review and practical exams

- Perform setup and configuration exercises.
- Create and save cloning file.

Availability of Technical Support – Certified Trainers

In-House Training – XBS (Xerox Business Systems) sends Customer Service Engineers from all over the country to our corporate headquarters in Montgomery, AL for training. We have two (2) certified trainers in-house that provide instruction on Multi-Function Product (MFP), Production, Wide Format, Laser Printer repair and technical support. This staff also is available to help in-field training.

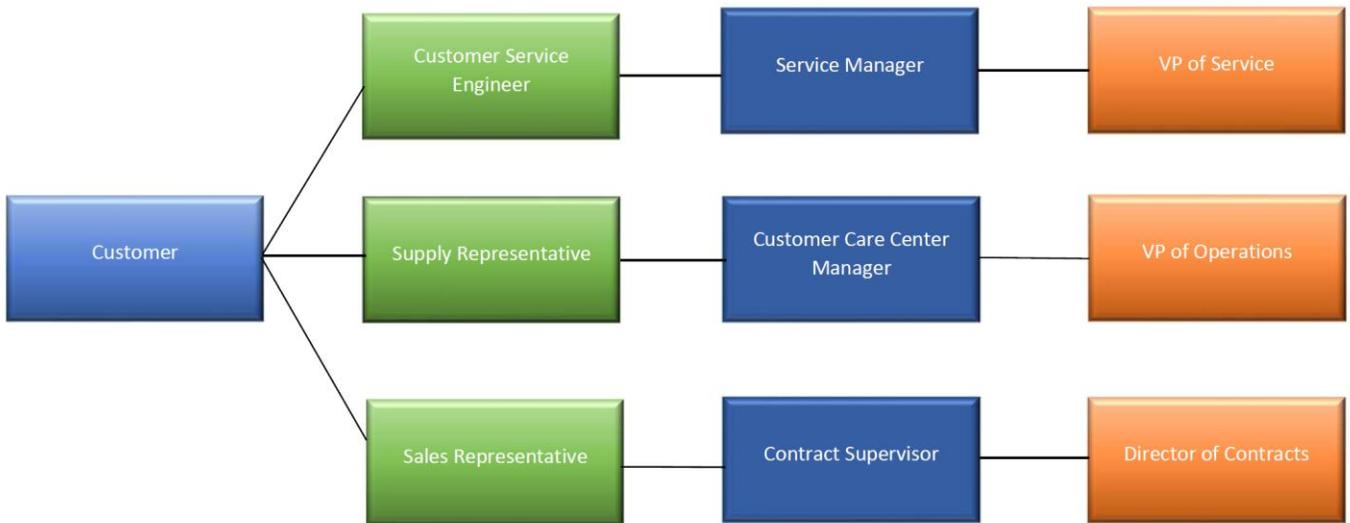

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Problem Resolution

If a problem should arise, we use the proven Three Tiered Process, to satisfy our customer's concerns. If resolution is not achieved with our first level of customer service, the problem will quickly escalate to the appropriate manager/supervisor. This applies to all Berney Office Solutions Offices. If need to, it will escalate to the VP of the appropriate division.

ACCS and its participants will be given the appropriate phone numbers and e-mail addresses for their service, equipment and solutions, first and second level of contacts. Doug Singleton will be the main point of contact for the contract.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology
Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

J

Customer Satisfaction – Net Promoter Score

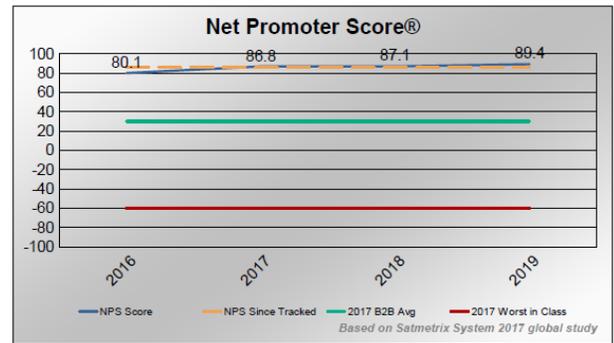

Berney Office Solutions started utilizing Net Promoter Score (NPS) approximately three (3) years ago to measure customer satisfaction. After each service call state-wide, customers are offered an opportunity to respond to an online survey. (Provided customer has opted to provide us their email address to participate in program.)

To the right you will see a comparison of our Berney Net Promoter Score since we began the program. As you can see, we have improved every year in the program.

Below you will find an overview of our most NPS (**89.36**) with 92.02% of those surveyed identifying as Berney Promoters. This is compared to other companies like Nordstrom (**79**) and Costco (**75**). Our VP of Service distributes this information internally every month, and management receives the survey details weekly.

Not only does this give us an objective analysis of Customer Satisfaction, it also gives customer a real-time way to grade our performance and give us feedback. We include these results for each client, in our Quarterly Account Reviews with each account.

The Net Promoter Score (NPS), is a straightforward loyalty metric that holds companies and employees accountable for how they treat customers. It allows for customer feedback, which is used in on-going training, opening doors to customer centric change and improved performance.

A Xerox Company

Many companies claim that they have the "Best service in the business" but few even have a way to measure how happy customers are. Here at Berney Office Solutions - BER (A Xerox Co.) we have a system that allows us to capture feedback after every service call. We use the Net Promoter Score system www.netpromoter.com

The average N. American company has a Net Promoter Score® of 30. Some well-loved companies reach scores into the 70s and 80s

Customer Satisfaction – Customer Guarantee

GUARANTEED RESPONSE TIME*

We guarantee an average response time of 4 hours for an on-site Customer Service Engineer regardless of which brand of equipment you use. Also, we guarantee an average response time of 30 minutes from our Help Desk for applicable calls. While many of our competitors send a first responder to meet service time guarantees, we send a certified trained Customer Service Engineer with parts to get your system back up and performing to your satisfaction.

UPTIME PERFORMANCE GUARANTEE*

We will provide you with a 96% quarterly uptime average, excluding time spent performing routine maintenance and connectivity response calls, regardless of which brand of equipment you use.

PERFORMANCE COMMITMENT*

We will provide temporary loaner equipment for any equipment that fails to operate in accordance with the manufacturers' specifications. In the unlikely event that we are unable to repair such equipment, we will replace it with equipment of equal or greater functionality.

UPGRADE GUARANTEE*

We will work together with you in the event that you wish to add, exchange, or upgrade technology to ensure that you have the appropriate solutions to address your future business needs.

* Applies to equipment covered under the Berney Full Service Maintenance Agreement as outlined in the terms and conditions of the agreement.

Value Added Services

Berney Office Solutions provides the following Value Added Services to our Customers:

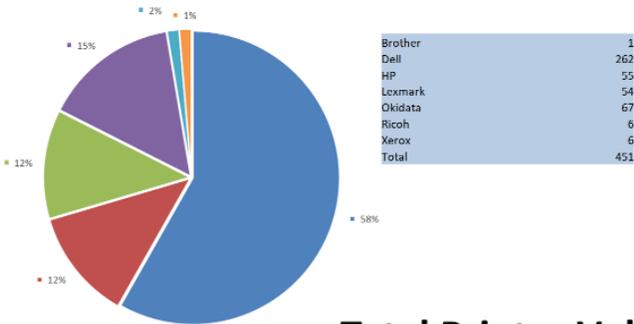

- **360° App and Assessment**
- **Automated Supply Management**
- **Customer Portal**
- **Recycling**

Value Added Services – 360° App and Assessment

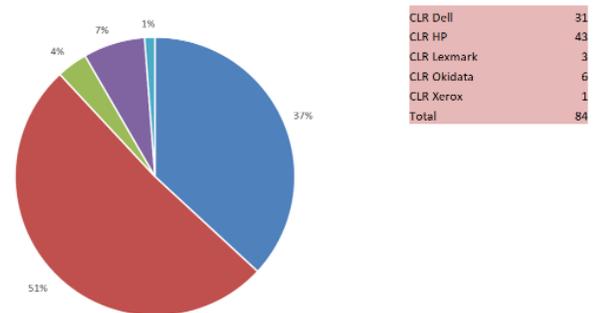

The Berney 360° App is a non-invasive application that resides on a host inside the customer network and automatically creates a snapshot of all networked printing devices. The Berney 360° App will use SNMP v1, v2, or v3 to audit up to 20 IP addresses at a time, reporting back fleet information. The data collected is used to track volume and usage trends to create utilization reports. This tool allows us to be proactive in our response time and fleet management efforts.

Examples of Reports:

B&W Laser Printer Device Population

CLR Laser Printer Device Population

Total Printer Volume Overview

MONTH	B/W	Color
July	639,042	110,857
August	688,307	150,255
September	612,754	140,860
Totals	1,940,103	401,972

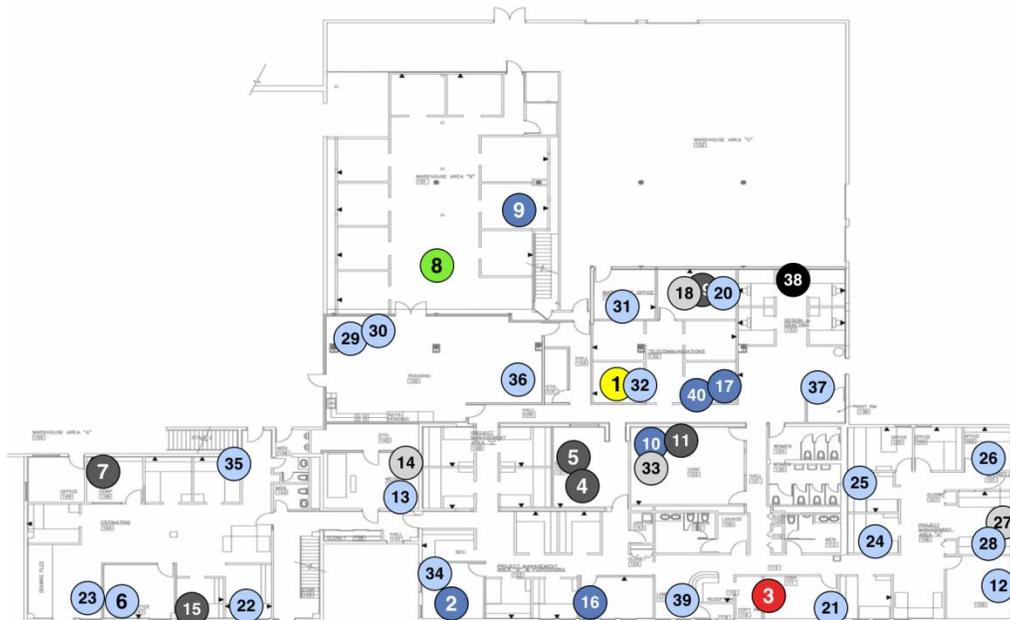

We can integrate this as part of our assessment to verify your technology infrastructure and allows you to understand true cost breakdown and usage patterns.

The Berney 360° App is powered by FMA, and allows for proactive management of your output devices across manufacturers throughout your entire enterprise. This also provides options for proactive supply alerts (depending on network environment); automates and simplifies meter reading activities, reducing manual intervention and delivering accurate results. Encrypted usage data is then sent directly to a secure server at predetermined intervals.

Berney 360° App reports are available upon request and part of our Account Review Program. These reports include actual device information such as manufacturer, model, serial number, page counts and current supply levels.

Value Added Services – 360 Mapping App

Once our Berney 360° App is on network, we can couple the volume information from our Assessment to create a graphical view of where output devices are located throughout the organization. This allows for our customer to have a much better understanding of workflows and peripheral usage patterns. This is very helpful with initiatives of consolidation or right-sizing output fleets. Examples are as follows:

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

The pins are color coded, based on type of device. When you “click” on pin, you get detailed information, included IP Address, Serial Number, Average Volumes and Photo.

Value Added Services – Automated Supply Management

Depending on customer network environment, Berney can provide Automated Supply Management. Working with our Berney 360°, we get proactive email alerts available to networked units when toner gets low. For example, color devices use four (4) toners – Cyan, Magenta, Yellow and Black (CMYK); our Customer Care team is notified if any reach 20% remaining. We then will contact the customer location/department to send them a replacement cartridge (included in our Service Agreement).

This reduces downtime, and avoids customers “running out” of toner. This provides Next Day Toner Delivery.

Value Added Services - Local and Statewide Warehouses

\$ 3.5+ Million Dollars in Parts and Supplies on-hand at all times

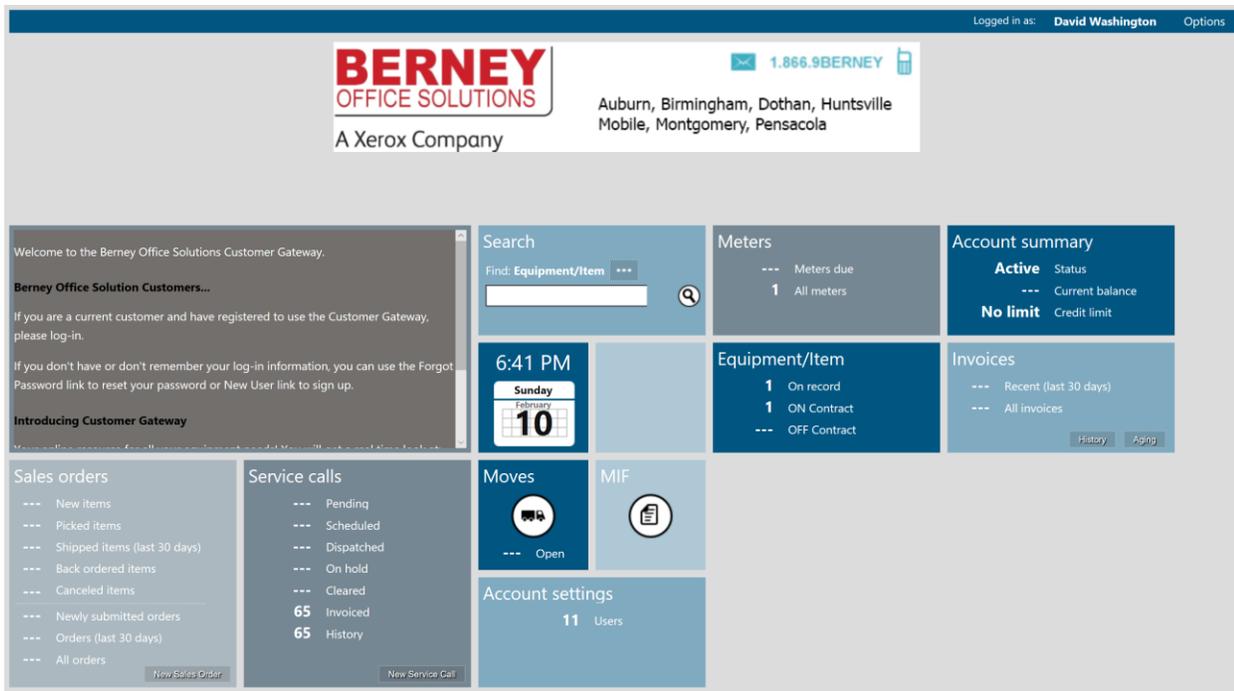

Value Added Services – Customer Portal

The Berney Customer Portal is your online resource for your equipment needs. Provides 24/7 access to equipment and account information, real time look at:

- Service Calls
- Equipment Details
- Meter Readings
- Supply Orders
- Billing Information

This is laid out in Tile format with each tile showing an overview of each area of the portal. By clicking on the text labels within a tile you can view the details of that area.

- **Search Tile** -- Use the Search tile to search your account by for information by Type, such as Equipment, Invoice, Order or Service call.
- **Meters Tile** -- The meters tile shows you what machines have meter readings due now for billing and clicking on the Meters Due label will allow you to enter those readings. This tile also shows all meters for machines that that are under contract, or have been under contract for historical purposes.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- **Equipment/Item Tile** -- The Equipment/Item tile shows you what equipment we have on record, current and historical, as well as how many of those machines are currently On Contract and how many are not under contract. You can click the label to find out more detail.
- **Account Summary and Invoices Tile** -- These two tiles will show you if your account has any outstanding invoices to be paid, the amount and summary of the invoice type. If you have a balance on the Account Summary you will also be able to pay you invoices using a credit card right in the portal.
- **Sales Orders Tile** -- The Sales Orders Tile will show you any New, Pending, Shipped orders for equipment or supplies, as well as a history of orders. You can click on any of the labels to drill down and see more detail about the orders.
- **Service Calls Tile** -- The Service Calls tile will show you any Pending, Scheduled, Dispatched or On Hold service calls on your equipment as well as a history of service calls. You can click each label to see a list of service calls and click the service call number to see the details of that call such as the date/times of when a tech was dispatch, arrived, completed or had to place the call on hold for parts and reschedule. You also see who the Customer Service Engineer is as well as the resolution to the call. On this tile you will also be able to place a New Service Call. You will be able to select an existing machine in our system, or enter a description, model, serial of a machine that is not in our system.

Value Added Services – Sustainability Initiative & Recycling

Berney is working in conjunction with many colleges and higher education institutions throughout Alabama to assist them with their Sustainability Initiatives. Typically, most organizations have recycling in place for paper, plastic, aluminum, etc. Our program is focused on recycling print cartridges and other consumable items associated with MFP and laser printers. The program is very flexible, and we can customize based on the type of fleet and customer goals. Below is overview of options, which can be deployed individually, or together. The best part is there is ZERO charge to the customer to participate in any of these programs!

- **Xerox Green World Alliance Options – Xerox Supply Items**

1. Individual Returns

- On Xerox web site, select an item by model or reorder number
- Return items via UPS
- Xerox pays return shipping for items on our Take Back list and all recycling costs

2. Eco Box returns for over 4 items

- Order a kit of three boxes and bags—ships at no charge to you
- Fill box with used supplies, seal and ship via UPS
- Xerox pays for return shipping and all recycling costs

3. Pallet returns for over 30 items

- Consolidate items on your own pallet
- Complete bill of lading and schedule pickup with Ryder Logistics
- Xerox pays for return shipping and all recycling costs

- **Berney Office Solutions Options (for laser printer and non-Xerox supply items)**

1. Individual Returns

- The majority of toner cartridges arrive in boxes with pre-paid UPS shipping labels
 - For those without label included, please use Bulk Return method below
- Customers can repackage used toner cartridges and attach shipping label
- Call UPS to pick up
- No charge to customer to return used cartridge

2. Bulk Returns

- Order box—ships at no charge to you
- Fill box with used supplies, seal and ship via UPS
- Berney Office Solutions pays for return shipping and all recycling costs

Reporting – Berney Office Solutions

Berney Office Solutions will provide quarterly utilization reports to the System based upon the schedule and minimum content as described in this Request for Bid. Quarterly reports will be submitted to The System Office to JPA-Notification@accs.edu. Berney will submit an electronic PDF file.

Berney will collect the information state-wide, compile and forward to the Joint Purchase Agreement Initiative Administrator within two weeks of the end of each quarter. We plan to count quarters from the calendar (i.e., the end of March will be the end of the first quarter).

We are committed to this requirement, please see sample report below:

	 A Xerox Company
Berney Office Solutions ACCS	
Quarterly Usage Report First Quarter	
January 2019 - March 2019 Contact # ACCS-2019-01	
ABC Community College	\$30,500

GRAND TOTAL	\$59,450

Measurement of Service Level Agreement metrics and open communication are important to any vendor/customer relationship. We strive to provide meaningful reports in several ways to allow ACCS Institutions and its Participants visibility into our Service Metrics, Utilization Rates and provide trend information.

- **Daily (or anytime) 24/7** – ACCS Institutions and its Participants, can view data via their unique Berney Web Portal. (Additional Portal details are provided in the **Value Added Services – Customer Portal** Section of our response)
- **Monthly Review** – A monthly report will provide view data (usage, # of service calls, average response times) and review any open items. This will be provided by On-Site Manager and Service Manager.
- **Quarterly Review** – Berney will meet with ACCS Institutions and its Participants, point-of-contact to review trends, SLAs, utilization reports, supply usage, service metrics (# of calls, average response time, total repair time, First Call effectiveness).

As part of the solution, Berney Office Solutions will provide secure web-based portal views of real time fleet data and metrics, in addition to traditional reporting during our regular communication meetings (and ad hoc reports as needed). Secure Web-based Portal

This tool is available to ACCS Institutions and its Participants are as follows:

- **Berney Portal**

Provide exceptional service by the ACCS institution the ability to manage their equipment on the web. With e-info™ web portal, customers can order supplies and check order status, initiate service request, monitor account information, view account summary, and input meter readings. This web based portal, gives real time access to all equipment under the SOW. With a secure login, ACCS Institutions and its Participants, will have the ability to access fleet data such as:

- Install Date • Location • ID Number • Avg Volumes • Fleet Install Mix • Open Invoices
- Service Call History • Open Service Calls • Pending Supply Orders • Make/Model • Serial Number

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Examples of reports and charts:

B&W Volume Trends

Quarter 1: December – February	4,414
Quarter 2: March – May	6,655
Quarter 3: June – August	5,319
Total	16,388

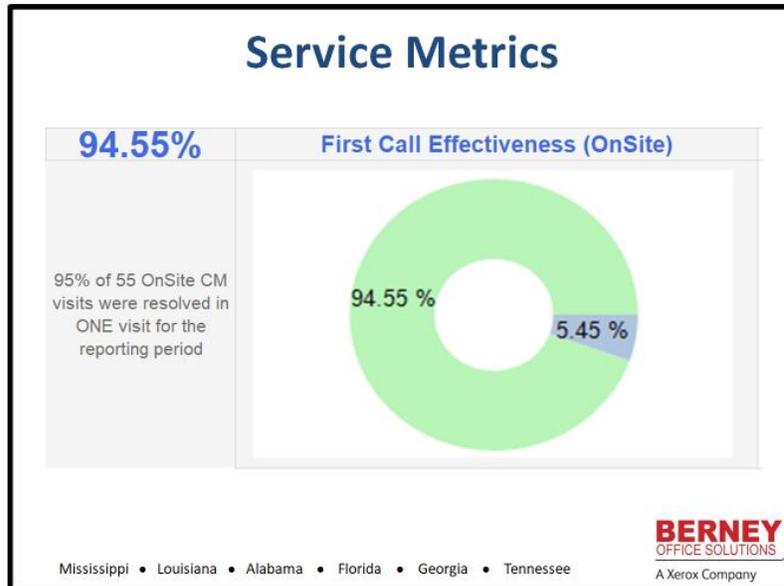

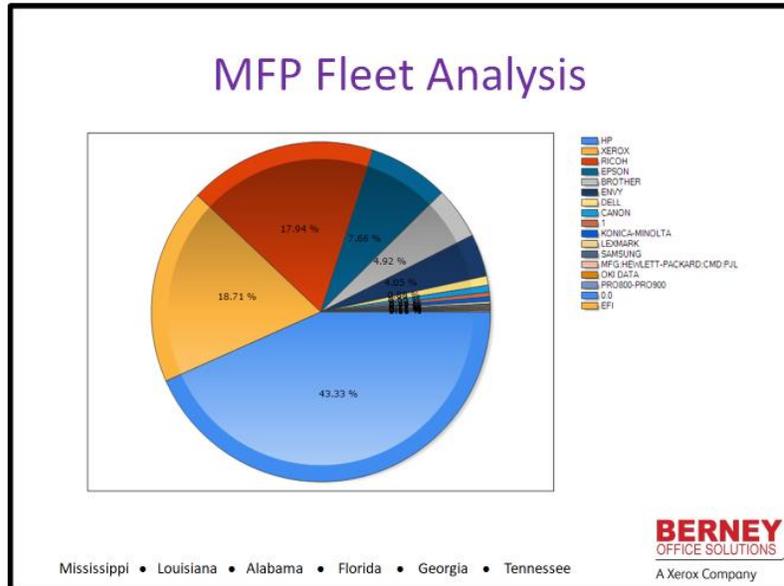

Based on Scope of Work requirements, Berney Office Solutions utilizes other SNMP-based tools to capture data for reporting and fleet management. Data collected is presented to our customers during monthly and quarterly reviews to ensure that Berney properly understands and responds to the needs of each customer. Each quarterly review will be comprised of any and all data requested by ACCS Institutions and its Participants, as well as any data necessary for special projects, implementations, migrations, workflow strategies and new initiatives. The Suite of tools to support this effort may include:

- **CentreWare Web**
 - An onsite fleet management tool which provides the ability to automatically find and manage printers & multifunction devices in the enterprise. Supporting both Xerox and non-Xerox devices, CentreWare Web easily and securely discovers SNMP devices on multiple subnets in one automated step. Administrators can run scheduled discoveries for ongoing visibility or import a list of devices to be added to CentreWare Web. Administration wizards make it easy to manage configurations centrally. Firmware upgrades can automatically be configured to be run on specific groups of devices, during low network traffic hours and receive confirmations once upgrades are configured. The tool can send email alerts warning of low consumable levels and device errors such as fuser or drum malfunctions. This means fewer help desk calls and increased productivity!

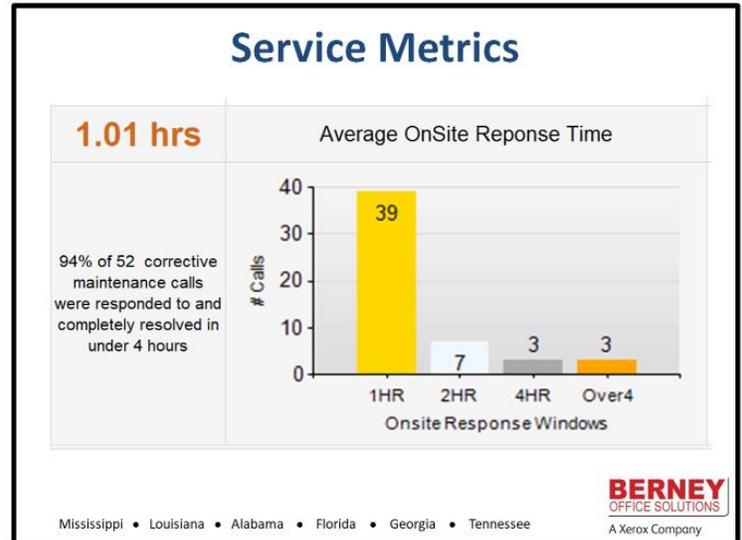

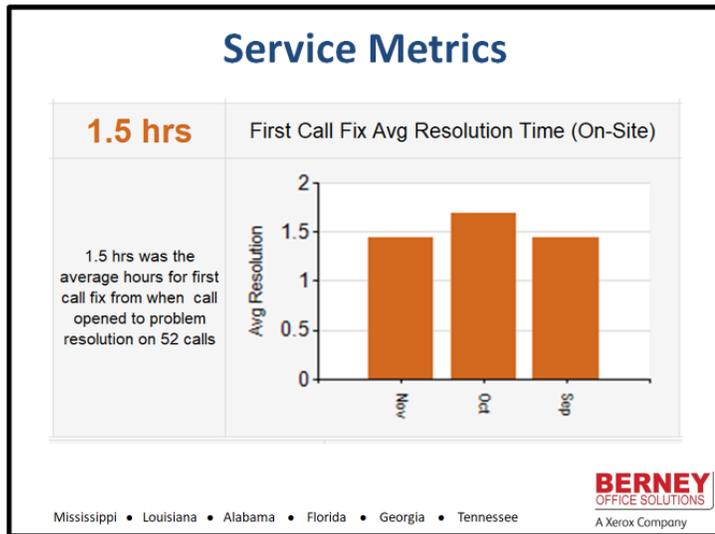

Reporting – Berney Office Solutions – Quarterly Business Review

Berney Office Solutions is committed to Quarterly Business Review (QBR) process and prefers to meet customers every 3 months to review. This meeting serves as a strategic planning session to review status of key goals and initiatives and also opportunity to review trends, SLAs, utilization reports, supply usage, service metrics (# of calls, average response time, total repair time, First Call effectiveness, etc).

Below are examples of content from customer reviews, we have redacted or removed customer name.

N

Breadth of Offering

Xerox Multi-Function Products (MFPs) – No matter which Xerox multifunction printer (MFP) / all-in-one laser printer you choose, you'll get easy-to-use interfaces, reliable paper handling, advanced security and sophisticated tools for controlling costs. Turn your multifunction laser printer into a smart workplace assistant with WiFi connectivity, mobile printing, tablet-like touchscreens and cloud-connected apps. Please see attached brochures.

Managed Print Services – Berney Office Solutions helps higher education customers manage and control printing costs. Starts with identifying the size and quantity of your printer fleet. Based on our findings, and your goals, we can co-author a plan that covers both service and supplies of your printers, relieving IT personnel to manage networks, instead of being a printer repair person. See attached references.

Wide Format Scanners/Printers/Copiers – Full line of KIP Wide Format printers/scanners and copiers. Whether a one roll or multi-roll system is required, we have them with all the features and software that makes KIP an industry favorite.

Software – Berney offers several software solutions designed to maximize the impact of your documents.

- **Authentication and Cost Accounting** – Software that allows users to authenticate to the MFP using PIN codes, HID badge swipes, cell phones or a combination of these. Knowing who is standing at the MFP allows you to not only document the user's activity, but to customize the user's experience. Print jobs submitted can be released at any MFP in the environment giving users the flexibility to retrieve their print job from the device most convenient to them. Print rules allow administrators to automatically direct high-cost color prints and large jobs to the most effective device reducing overall print spend.
- **Electronic Document Management Solutions** – These systems create electronic repositories to replace paper-based business workflows. Gone are the days when paper documents are routed from place to place with high risk of misrouting and misplacement. Documents that require team collusion are be addressed electronically, and simultaneously by multiple team members whether in the office or using mobile devices "on the go". A great enhancement to Business Continuity/Disaster Recovery plans!!
- **MiddleWare Systems** – MiddleWare is software that stands between hardware input/output devices (like MFPs and scanners), and back end Line-of-Business systems such as network folders, fax servers, document management systems, and print queues. Middleware leverages information extracted from the document and user input to route content properly and efficiently.
- **Mobile Print Systems** – Used to allow easy printing from mobile devices such as smart phones and tablets. These systems are typically integrated with Authentication/Cost Accounting deployments to provide resource tracking consistency.
- **Optical Mark Recognition (OMR)** - Allows users to create custom bubble sheets which can be filled out by students (academic testing), or respondents (surveys), then extract the data entered by students\respondents automatically after scanning the sheets in bulk with an MFD.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

- Fax Servers – Provides a central processing point for inbound and outbound fax traffic. Creates a paperless method for users to send and receive faxes at the desktop or in a workgroup. Walkup paper-based faxes are transmitted electronically through the fax server with the same workflow experience that personnel are currently used to. Since faxes are processed and logged through a central telecom connection, management gains visibility and auditability into fax traffic.

Production Equipment – All the equipment needed for a world-class Print Shop, one of our specialties. Award winning Production solutions from Xerox Corporation. No matter what size jobs, media type or finishing needs, we have it all. Please see brochures below.

XEROX® ALTALINK® COLOR MULTIFUNCTION PRINTER

Smart, secure and connected Workplace Assistant.

C8030/C8035/C8045/C8055/C8070

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Xerox® AltaLink® C8030/C8035/C8045/C8055/C8070 Color Multifunction Printer

Xerox® AltaLink® devices provide new levels of capability and connectivity for mid-size and large workgroups and busy offices. With AltaLink®, your extended workforce has instant and secure access to the documents, data and workflows it needs to work faster and more efficiently — from every location and with any device.

SMART AND PRODUCTIVE

From its tablet-like user interface to its right-out-of-the-box mobile-friendly connectivity options, the Xerox® AltaLink® C8000 Series is the color multifunction device today's workers have been waiting for.

Easy to manage as a standalone device or as part of an entire fleet. It's designed to enable fast multitasking and collaboration. Create customized 1-Touch Apps to automate multi-step workflows. Simply tap your new app to quickly perform the job you configured. And save time by scanning to multiple destinations. Including a USB drive, network location and SMB share location, all in one operation.

With the touch of a button, you can go to our Xerox App Gallery and download simple, yet powerful, serverless apps to your AltaLink® device to increase user productivity and shorten everyday tasks.

Built-in mobile connectivity, including @PrintByXerox, Google Cloud Print™, Xerox® Print Service Plug-In for Android™, Airprint®, Mopria® and optional Wi-Fi Direct® provides the time-saving convenience your workforce wants and needs.

POWERFUL AND SCALABLE

Provide interactive training and support right from your desktop with our remote control panel. Enable serverless fleet management with Fleet Orchestrator. Configure a single device once, then let the Fleet Orchestrator deploy and manage configurations automatically and share automated workflows across devices.

Fewer maintenance hassles, less IT support, high-capacity paper trays and the ability to print on varying paper sizes add up to increased uptime and greater productivity. Scanning, printing and faxing can be done simultaneously, allowing for multitasking during peak periods — and your choice of finishing options means you can configure your AltaLink® device for any work environment and any document type, including booklets, brochures and pamphlets.

BUILT-IN SECURITY

Enjoy comprehensive security through our strategic approach to preventing intrusions and keeping documents and data safe. Our partnerships with McAfee® and Cisco® proactively address risks at the individual device, fleet and network level.

Multiple layers of security include data encryption, disk overwrite and industry certifications. The Innovative Configuration Watchdog ensures your AltaLink® devices remain configured in accordance with your security policies.

COLOR WHERE IT COUNTS

With high resolution output of 1200 x 2400 dpi, photo-quality color images and crisp text will give your documents clarity and impact. You can also upgrade your AltaLink® C8000 Series with the Xerox® EX-c C8000 Print Server Powered by Fiery®, enabling office users to quickly, efficiently and cost effectively print professional-looking documents.

XEROX® CONNECTKEY® TECHNOLOGY — THE NEXUS OF YOUR COMPLETE PRODUCTIVITY ECOSYSTEM

From Xerox — the company that created the modern workplace — we present the next revolution in workplace productivity. With a consistent user experience across a wide range of devices, mobile and cloud connectivity and a growing library of apps to expand functionality, you'll work faster, better and smarter.

Intuitive User Experience

An entirely new — and yet entirely familiar way to interact that includes a tablet-like experience with gesture-based touchscreen controls and easy customization.

Mobile and Cloud Ready

Instant connectivity to cloud and mobile devices right from the user interface, with access to pre-loaded, cloud-hosted services that let you work where, when and how you want.

Benchmark Security

Full multi-level protection for both documents and data, ready to guard against and eliminate emerging threats and meet or exceed regulatory compliance.

Enables Next Generation Services

Work more efficiently and manage resources more effectively. Easy integration of Xerox® Managed Print Services enables remote monitoring of service delivery and consumables, plus remote configuration for even more time savings.

Gateway to New Possibilities

Instantly extend your capabilities with access to the Xerox App Gallery, featuring real-world apps designed to optimize digital workflows. Commission our network of partners to design innovative, business-specific solutions.

Find out more about how you'll work smarter at www.ConnectKey.com.

FINISHING APPLICATIONS

CHOOSE THE CONFIGURATION THAT MEETS YOUR NEEDS

- 1 Single-Pass Duplex Automatic Document Feeder (DADF)** saves time by simultaneously scanning both sides of two-sided documents at up to 139 impressions per minute.
- 2 Convenience Stapler** (optional) staples up to 50 sheets of 20 lb/80 gsm media.
- 3 Bypass Tray** handles up to 100 sheets of 20 lb/80 gsm, also feeds up to 110 lb Cover/300 gsm media.
- 4 Two 520-sheet adjustable trays** (standard with all configurations). Tray 1 handles media sizes up to 11.7 x 17 in./A3 and Tray 2 handles media sizes up to 12 x 18 in./SRA3.
- 5 Envelope Kit** (optional — replaces Tray 1) provides trouble-free feeding of up to 60 envelopes.
- 6 High-Capacity Tandem Tray Module** (optional) brings the total paper capacity up to 3,140 sheets.
- 7 Four Tray Module** (optional with C8030/C8035) holds a total of 2,180 sheets.
- 8 High-Capacity Feeder** (optional) holds 2,000 sheets of letter/A4 paper, increasing the maximum paper capacity to 5,140 sheets.
- 9 Business Ready (BR) Finisher** (optional) gives you advanced finishing functions at a great value.
- 10 BR Booklet Maker Finisher** (optional) provides advanced finishing with the capability to create 64-page saddle-stitched booklets (2 to 16 sheets).
- 11 C-Fold/Z-Fold Unit** (optional) adds three folds: C-fold, Z-fold and Z-half-fold to the BR Finisher or BR Booklet Maker Finisher.
- 12 Offset Catch Tray (OCT)** (standard on all configurations and included with all finishers).
- 13 Integrated Office Finisher** (optional with C8030/C8035) provides 500-sheet stacking and 50-sheet, single-position stapling.
- 14 Office Finisher LX** (optional with C8030/C8035/C8045/C8055) gives you advanced finishing functions at a great value, and offers optional crease/score and saddle-stitch booklet making capable of 60-page booklets (2 to 15 sheets).
- 15 Xerox® Integrated RFID Card Reader E1.0** (optional) adds card-based authentication with support for over 90 access cards.
- 16 Near Field Communication (NFC) Tap-to-Pair** allows users to tap their mobile device to the AltaLink® C8000 user panel and instantly connect with the MFP.

INTRODUCING MOBILE DEVICE-LIKE TOUCHSCREEN SUPERIORITY

Meet our all new, 10.1-inch color touchscreen — the user interface that sets a higher standard for customization, ease of use and versatility.

By presenting a familiar “mobile” experience — with support for gestural input and task-focused apps that share a common look and feel — fewer steps are needed to complete even the most complex jobs.

A highly intuitive layout guides you through every task from start to finish, with a natural hierarchy placing commonly used functions front and center. Don't like where a function or app is located? Want faster access to app settings? Easily customize the touchscreen's layout to make it yours.

This unmatched balance of hardware technology and software smarts helps everyone who interacts with the AltaLink® C8000 Series get more work done, faster. Try our new UI at www.xerox.com/AltaLinkUI.

Paper Input	Standard	Single-Pass Duplex Automatic Document Feeder: 130 sheets; Speed: up to 139 ipm (duplex); Sizes: 3.4 x 4.9 in. to 11.7 x 17 in./85 x 125 mm to 297 x 432 mm			
		Bypass Tray: 100 sheets; Custom sizes: 3.5 x 3.9 to 12.6 x 19 in./89 x 98 mm to 320 x 483 mm (SEF)			
		Tray 1: 520 sheets; Custom sizes: 5.5 x 7.2 in. to 11.7 x 17 in./140 x 182 mm to 297 x 432 mm (SEF)			
		Tray 2: 520 sheets; Custom sizes: 5.5 x 7.2 in. to 12 x 18 in./140 x 182 mm to SRA3 (SEF)			
	Choose One	Four Tray Module (Trays 3 and 4 — available with C8030/C8035): 1,040 sheets; 520 sheets each; Custom sizes: 5.5 x 7.2 to 12 x 18 in./140 x 182 mm to SRA3 (SEF)			
	Optional	High Capacity Tandem Tray Module: 2,000 sheets; One 867-sheet paper tray and one 1,133-sheet paper tray; Sizes: 8.5 x 11 in./A4			
		High-Capacity Feeder (HCF): 2,000 sheets; Size 8.5 x 11 in./A4 long edge feed			
		Envelope Tray (replaces Tray 1): Up to 60 envelopes; #10 Commercial, Monarch, DL, C5			
Paper Output/Finishing	Standard	Dual Offset Catch Tray (standard when finishers are not attached): 250 sheets each; Face-up Tray: 100 sheets			
	Optional	Integrated Office Finisher (Available with C8030/C8035): 500-sheet stacker, 50 sheets stapled, single-position stapling			
		Office Finisher LX (Available with C8030/C8035/C8045/C8055): 2,000-sheet stacker, 50 sheets stapled, 2-position stapling, optional hole punch, optional booklet maker (score, saddle stitch 2 to 15 sheets (60 pages))			
		BR Finisher: 3,000-sheet stacker and 500-sheet top tray, 50-sheet multiposition stapling and 2/3-hole punching			
		BR Booklet Maker Finisher: 1,500-sheet stacker and 500-sheet top tray, 50-sheet multiposition stapling and 2/3-hole punching plus saddle-stitch booklet making (2 to 16 sheets, 64 pages) and V-folding			
		C-Fold/Z-Fold Unit: Adds Z-folding, Letter Z-folding and Letter C-folding to the BR Finisher and BR Booklet Maker Finisher			
		Convenience Stapler: 50-sheet stapling (based on 80 gsm), includes Work Surface			

INTUITIVE USER EXPERIENCE

Customize	Site, Function or Workflow Customization with Xerox App Gallery
Print Drivers	Job Identification, Bi-directional Status, Job Monitoring, Xerox® Global Print Driver®, Xerox® Mobile Express Driver®, Application Defaults, Xerox® Pull Print Driver
Xerox® Embedded Web Server	PC or Mobile — Status Information, Settings, Device Management, Cloning, Fleet Orchestrator, Configuration Watchdog
Remote Console/Preview	Remote Control Panel
Print Features	Print from USB, Sample Set, Saved Job, Booklet Creation, Store and Recall Driver Settings, Scaling, Job Monitoring, Application Control, Two-sided Printing, Draft Mode
Scan and Fax	Scan to USB/Email/Network (FTP/SMB), Scan File Formats: PDF, PDF/A, XPS, JPG, TIFF; Convenience Features: Scan to Home, Searchable PDF, Single/Multi-page PDF/XPS/TIFF, Password-protected PDF; Fax Features: Walk-up Fax (one-line or three-line options available, includes LAN Fax, Direct Fax, Fax Forward to Email), Fax dialing, Unified Address Book, Optical Character Recognition (OCR)

MOBILE AND CLOUD READY

Mobile Connectivity	Apple® AirPrint®, Google Cloud Print™ Ready, Xerox® Print Service Plug-in for Android™, Mopria® Print Service Plug-in for Android, NFC, Wi-Fi Direct Printing, Xerox® Print Service Plug-in for Android™
Mobile Printing	@PrintByXerox, See more at xerox.com/MobileSolutions ; Optional: Xerox® Workplace Cloud/Suite Mobile Print Solution. Learn more at xerox.com/MobilePrintApp .
Cloud Connectivity	Xerox App Gallery; Optional: Connect for Salesforce, Connect for Google Drive™, Connect for OneDrive®, Connect for Dropbox®, Connect for Office 365™, Connect for Box® and more at xerox.com/CloudConnectorApps .

BENCHMARK SECURITY

Network Security	IPsec, HTTPS, SFTP and Encrypted Email, McAfee® ePolicy Orchestrator®, Network Authentication, SNMPv3, SHA-256 Hash Message Authentication, SSL, TLS, Security Certificates, Automatic Self-signed Certificate, Cisco® Identity Services Engine (ISE) integration
Device Access	User Access and Internal Firewall, Port/IP/D Domain Filtering, Audit Log, Access Controls, User Permissions, Configuration Watchdog; Optional: Smart Card Enablement Kit (CAC/PIV.NET), Xerox® Integrated RFID Card Reader E1.0, NFC standard (authentication via optional Xerox® Workplace Cloud/Suite Print Management and Content Security; learn more at xerox.com/WorkplaceSolutions .)
Data Protection	Encrypted Hard Disk (AES 256-bit, FIPS 140-2, Validated) and Image Overwrite, McAfee Embedded Control Whitelisting, McAfee Integrity Control (optional), Firmware Verification, Job Level Encryption via HTTPS and Drivers, Xerox® Workplace Cloud/Suite Content Security
Document Security	Common Criteria Certification (ISO 15408), Encrypted Secure Print, FIPS Encrypted Print Drivers

ENABLES NEXT GENERATION SERVICES

Print Management	Xerox® Standard Accounting; Optional: Xerox® Workplace Cloud/Suite, Nuance Equitrac, Ysoft SafeQ, PaperCut and more at xerox.com/PrintManagement .
Fleet / Device Management	Xerox® Device Manager, Xerox® CentreWare Web, Xerox® Support Assistance, Auto Meter Read, Managed Print Services Tools, Configuration Cloning, Fleet Orchestrator
Sustainability	Cisco EnergyWise®, Print User ID on Margins, Earth Smart Print Settings

GATEWAY TO NEW POSSIBILITIES

Xerox App Gallery	Go to xerox.com/AppGallery to learn how you can expand the capabilities of your MFP and work in new ways with dedicated apps for business, education, healthcare and more. Available apps include Xerox® Easy Translator, Forms Manager, Connect to Concur, Remark Test Grading and Share Patient Information.
-------------------	--

* Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis.

XEROX® VERSALINK® MULTIFUNCTION PRINTER

Reliable. Budget friendly. Business ready.

B7025/B7030/B7035

ConnectKey®
Technology

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Xerox® VersaLink® B7025/B7030/B7035 Multifunction Printer

When it comes to seamless integration into your work environment and helping you get important tasks done faster, there's no smarter option than the affordable, reliable and supremely business-ready VersaLink® B7025/B7030/B7035 Multifunction Printer — featuring Xerox® ConnectKey® Technology.

HIGHER PERFORMANCE. OPTIMIZED EFFICIENCY.

Right out of the box, you'll count on your Xerox® VersaLink® B7000 Series Multifunction Printer to consistently and flawlessly perform the tasks that make your business work more efficiently. From IT-free installation wizards, to step-by-step configuration options, you're ready to go — hassle free.

And with an entirely re-engineered paper path and new LED print head technology, we've taken day-in, day-out reliability to an impressive level of excellence.

VersaLink® devices are loaded with features and time-saving Xerox® technologies designed to speed up information sharing and reduce inefficient workflows. Ensure information accuracy with Scan and Fax preview, and do more with scanned documents with built-in optical character recognition (OCR).

When it comes to safeguarding critical documents and data, VersaLink® devices deliver benchmark security that protects all points of vulnerability, including protection from unauthorized device access, secure network communication, 256-bit hard disk encryption with secure overwrite and the ability to add security to individual documents.

EASY TO USE. EASY TO CUSTOMIZE.

With the VersaLink® B7000 Series Multifunction Printer's oversize, customizable 7-inch color touchscreen, you can tap, swipe and pinch your way through tasks and functions with mobile-like ease.

Preloaded Xerox® ConnectKey® Apps help optimize office efficiency, and on-screen access to the extensive Xerox App Gallery provides expanded functionality — like the optional Xerox® Easy Translator Service app, which quickly translates scanned documents into numerous languages.

Get more done in less time by creating customized 1-Touch Apps to automate multi-step workflows for individuals or groups. Simply tap your new app to quickly perform the job you configured. And with Simple ID, individual users and groups enter a user ID and password once, and then enjoy fast, secure access to task-specific presets, individualized favorite contacts, and commonly used apps on a personalized home screen.

READY FOR THE WAY YOU WORK.

The VersaLink® B7000 Series Multifunction Printer gives you the freedom to work where and how you want — with out-of-the-box direct connectivity to Google Drive™, Microsoft® OneDrive® and DropBox™, and access to additional options through the Xerox App Gallery.

The ability to connect and print from multiple devices is key for today's worker, and VersaLink® devices meet the challenge with optional Wi-Fi® and Wi-Fi Direct®, plus Apple® AirPrint®, Google Cloud Print™, Xerox® Print Service Plug-In for Android™, Near Field Communication (NFC) Tap-to-Pair and Mopria®.

Learn more about why Xerox is the only choice for today's mobile professionals by visiting www.xerox.com/Mobile.

XEROX® CONNECTKEY® TECHNOLOGY — THE NEXUS OF YOUR COMPLETE PRODUCTIVITY ECOSYSTEM

From Xerox — the company that created the modern workplace — we present the next revolution in workplace productivity. With a consistent user experience across a wide range of devices, mobile and cloud connectivity and a growing library of apps to expand functionality, you'll work faster, better and smarter.

Intuitive User Experience

An entirely new — and yet entirely familiar way to interact that includes a tablet-like experience, with gesture-based touchscreen controls and easy customization.

Mobile and Cloud Ready

Instant connectivity to cloud and mobile devices right from the user interface, with access to pre-loaded, cloud-hosted services that let you work where, when and how you want.

Benchmark Security

Full multi-level protection for both documents and data, ready to guard against and eliminate emerging threats and meet or exceed regulatory compliance.

Enables Next Generation Services

Work more efficiently and manage resources more effectively. Easy integration of Xerox® Managed Print Services enables remote monitoring of service delivery and consumables.

Gateway to New Possibilities

Instantly extend your capabilities with access to the Xerox App Gallery, featuring real-world apps designed to optimize digital workflows. Commission our network of partners to design innovative, business-specific solutions.

Find out more about how you'll work smarter at www.ConnectKey.com.

FINISHING APPLICATIONS

- 1 A 110-sheet Duplex Automatic Document Feeder (DADF)** scans two-sided black-and-white or color originals for copy, scan and fax jobs.
- 2 The optional Work Surface** (included with Convenience Stapler) gives you plenty of room to sort documents.
- 3 Card Reader Bay** with embedded USB port.¹
- 4 An easily accessible USB port¹** allows users to quickly print from or scan to any standard USB memory device.
- 5 The 100-sheet Bypass Tray** handles media sizes from 3.5 x 3.87 in. to 11.69 x 17 in./88.9 x 98.4 mm to 297 x 431.8 mm.
- 6 The standard 520-sheet Tray 1** handles media sizes from 5.5 x 7.17 in. to 11.69 x 17 in./139.7 x 182 mm to 297 x 431.8 mm.

¹ USB ports can be disabled.

MULTIPLE PAPER TRAY OPTIONS TO FIT EVERY NEED:

- 7 The Single Tray Module** (optional with Desktop model) increases total paper capacity to 1,140 sheets (includes Bypass Tray). Or choose the optional Three Tray Module (not shown) to increase the total paper capacity to 2,180 sheets (includes Bypass Tray).
- 8 The optional Single Tray with Stand Module** increases total paper capacity to 1,140 sheets (includes Bypass Tray) and provides storage for toner cartridges and other supplies.
- 9 The optional High Capacity Tandem Tray Module** allows for a total paper capacity of up to 3,140 sheets (includes Bypass Tray).
- 10 The optional High Capacity Feeder** holds 2,000 sheets of letter/A4 paper, increasing the maximum paper capacity to 5,140 sheets.

ADD INCREASED VERSATILITY WITH FINISHING OPTIONS:

- 11 The Dual Catch Trays** (optional with Desktop model) stack up to 250 sheets each, lower tray offsets.
- 12 The optional Office Finisher LX** gives you advanced finishing functions at a great value and offers optional booklet making.
- 13 The optional Integrated Office Finisher** provides 500-sheet stacking and 50-sheet, single-position stapling.

INTRODUCING TOUCHSCREEN SUPERIORITY

Meet our all-new, 7-inch color touchscreen — the user interface that sets a higher standard for customization, personalization and versatility.

By presenting a familiar “mobile” experience — with support for gestural input and task-focused apps that share a common look and feel — fewer steps are needed to complete even the most complex jobs.

A highly intuitive layout guides you through every task from start to finish, with a natural hierarchy placing critical functions near the top of the screen and commonly used options front and center. Don't like where a function or app is located? Customize the layout to make it yours.

This unmatched balance of hardware technology and software capability helps everyone who interacts with the VersaLink® B7000 Series Multifunction Printer get more work done, faster.

Xerox App Gallery

Get access to a growing number of Xerox® ConnectKey® Apps at the touch of a button.

Boost productivity by simplifying and shortening everyday tasks with ConnectKey Apps. These apps extend the capabilities of your Xerox® ConnectKey Technology-enabled multifunction printer (MFP) and help you make the most of your hardware investment without a dedicated server, PC or IT resource.

XEROX APP GALLERY PROVIDES INSTANT ACCESS TO THESE CONNECTKEY APPS:

- Cloud Connector Apps
- Productivity Apps
- Device Management Apps
- Scan Apps

Visit www.xerox.com/AppGallery to access and view our always-growing collection.

HOW TO INSTALL CONNECTKEY APPS

Push Model via PC

Log in to your Xerox App Gallery account from your PC, select the apps you want to install and list the target MFP(s) for those apps.

Pull Model MFP "On-Box"

Simply download an app from the Xerox App Gallery button on the UI of your MFP (2016 ConnectKey I-Series MFPs come standard with Xerox App Gallery already embedded on the user interface).

EASY SETUP AND NO IT

ConnectKey Apps are designed to be very simple. If your machine is functional on the network, you should not need special IT help. ConnectKey Apps are digitally signed to assure their authenticity and the use of unauthorized apps is controlled by requiring administrator authentication to install apps on your MFP. No additional impact should be expected on your network.

SUPPORT

All 2016 ConnectKey Technology-enabled MFP/ Printers and newer will support ConnectKey Apps. Please visit www.connectkey.com for a complete list of supported devices.

ConnectKey Apps will only work on 2016 ConnectKey Technology-enabled MFP/Printers or newer on which you have administrator permissions to install software.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Xerox App Gallery

POSSIBLE APPS

This is only a partial list and a snapshot of Xerox® ConnectKey® Apps as of March 2016. Visit www.xerox.com/AppGallery to access and view our growing collection.

ConnectKey App	License Download Fee/Usage Fee	Description	ConnectKey App	License Download Fee/Usage Fee	Description
Xerox App Gallery	No License Free Download Free Unlimited Use	Use this app to access, log in, browse and download ConnectKey Apps from the Xerox App Gallery.	Print and Scan for Dropbox™	No License Free Download Free Unlimited Use	Print and scan with your cloud-hosted Dropbox repository, giving users instant access to up-to-date material. Print files from or scan documents to Dropbox. For print, the app includes support for Microsoft Office, PDF, OpenOffice, TIFF, JPEG, PNG, GIF, TXT, RTF, EML, XPS, PS and PCL files. For scan, the app supports output formats of PDF, PDF/A, XPS, TIFF and JPEG.
Print@PrintByXerox	No License Free Download Free Unlimited Use	The @PrintByXerox app enables easy printing from email. Submit an email to Print@PrintByXerox.com with any attachments that you wish to print. New users will receive an email confirmation containing a password. Use your password at a Xerox® device running the @PrintByXerox app to release your job.	Print and Scan for Box®	No License Free Download Free Unlimited Use	Print and scan with your cloud-hosted Box repository, giving users instant access to up-to-date material. Print files from or scan documents to Box. For print, the app includes support for Microsoft Office, PDF, OpenOffice, TIFF, JPEG, PNG, GIF, TXT, RTF, EML, XPS, PS and PCL files. For scan, the app supports output formats of PDF, PDF/A, XPS, TIFF and JPEG.
QR Code®	No License Free Download Free Unlimited Use	<ul style="list-style-type: none"> The left-side QR code is for pairing a phone to the MFP. Inside Xerox® mobile apps, you can connect with an IP address or the QR code has the information embedded. The right-side QR code contains an up-to-date list of mobile phone apps that work with your phone/tablet and the MFP. 	Scan to Cloud Email	No License Free Download Free Unlimited Use	Scan to your cloud-based email account. Simplify the connection process with cloud email services such as Google Gmail™. Scan and email your documents. This simplified scan service requires no email setup. Supported scan output formats include PDF, PDF/A, XPS, TIFF and JPEG.
Print and Scan for Google Drive™	No License Free Download Free Unlimited Use	Print and scan with your cloud-hosted Google Drive repository, which gives users instant access to up-to-date material. Print files from or scan documents to Google Drive. For print, the app includes support for Microsoft® Office, PDF, Apache™ OpenOffice™, TIFF, JPEG, PNG, GIF, TXT, RTF, EML, XPS, PS and PCL® files. For scan, the app supports output formats of PDF, PDF/A, XPS, TIFF and JPEG.	Xerox® Easy Translator App	Requires License Free Download Demo capability, then purchase.	Simply scan the document using this app on your Xerox® ConnectKey Technology-enabled MFP and receive a translation into one of over 35 languages via email notification and/or print at the MFP. An account with the service is required to use this app. To register for an account, see your Xerox Authorized Reseller Channel Partner or go to www.xeroxtranslates.com
Print and Scan for Office 365®	No License Free Download Free Unlimited Use	Print and scan with hosted Office 365 workflows, including Microsoft SharePoint® Online accounts. Access your personal SharePoint or scan to a Team Collaboration Site. Print files from or scan documents to Office365. For print, the app includes support for Microsoft Office, PDF, OpenOffice, TIFF, JPEG, PNG, GIF, TXT, RTF, EML, XPS, PS and PCL files. For scan, the app supports output formats of PDF, PDF/A, XPS, TIFF and JPEG.			
Print and Scan for OneDrive®	No License Free Download Free Unlimited Use	Print and scan with your cloud-hosted Microsoft OneDrive repository, giving users instant access to up-to-date material. Print files from or scan documents to OneDrive. For print, the app includes support for Microsoft Office, PDF, OpenOffice, TIFF, JPEG, PNG, GIF, TXT, RTF, EML, XPS, PS and PCL files. For scan, the app supports output formats of PDF, PDF/A, XPS, TIFF and JPEG.			

Customize Your Apps

Xerox® ConnectKey Apps can be further customized and personalized for you by Xerox or your Xerox Partner with Xerox® App Studio. Contact your partner to explore the possibilities.

DocuShare[®] for Student Records

Automated student records processing streamlines workflows, reduces costs and increases security.

The need for automated student records.

Student records are at the heart of many processes in K-12 schools and in higher education. A school must maintain a complete, cumulative record of student personal data, transcripts, grades and courses from the time of enrollment through graduation. The student file must be accessible, yet secure—for example, allowing a registrar access to the record to answer student or parent questions, while protecting highly confidential information such as student grades, individualized education program (IEP) requirements, and health data. Organizations must also prepare for frequent audits by state auditors. Finally, student records must legally be kept for years and available for inquiries.

Though schools widely use student information systems (SIS) and other enterprise applications, many core processes such as registration are still paper-based. When schools rely on paper records, they face cumbersome administrative processes, high storage costs and inefficiency.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Challenges for educational institutions include:

- The growth of paper files each year, requiring file cabinets and more room to store files either onsite or in offsite warehouses.
- The time it takes to search through file cabinets or boxes. This also affects preparing for audits because fees may result if the information is not produced within a required timeframe.
- The length of time it takes for parents to visit each different school in person when enrolling several children. Registration is also time-consuming for administrators.
- Heightened risk of lost information or exposure of sensitive data with paper files.
- The need for cost-efficient solutions due to dramatic cost-cutting in public education. A school's livelihood often depends on "doing more with less."

Content management is the solution.

DocuShare for Student Records provides schools and other educational institutions with the capture, document management, workflow and archive tools to create a secure, central digital repository of student records. The solution protects confidential information by strictly limiting access to only those who should see the records. At the same time, it enables search and retrieval of student files in seconds. For compliance, schools can opt to add lifecycle management, providing retention schedules and automated archiving to meet legal guidelines.

Schools reap the benefits.

With a content management solution, schools can:

- Digitize student files as they accumulate through intuitive scanning that captures key data for filing.
- Provide a central, searchable repository of student information.
- Enable capture of legacy files for quick access to historical data.
- Reduce the need for physical storage space for paper files and the storage costs associated with it.
- Dramatically cut time to prepare for audits.
- Protect confidential data to comply with mandates like HIPAA, FERPA and CIPA.
- Manage the full lifecycle of records, including automated archiving after a student leaves.
- Support green initiatives by reducing paper use and printing.

DocuShare for Student Records helps streamline student record review, management and archiving.

Step 1

Administrator or non-technical employee scans information to add to student file at MFP.

Step 2

Scanned document automatically routed into student folder based on ID entered at MDF.

Step 3

File linked to student record in Student Information System SIS for rapid information retrieval.

Step 4

Document-level access controls ensure effective, auditable management and access.

Digital Office Automation

Shift productivity into a higher gear. Set the new pace for business.

Your organization demands lean operations and the agility to move with the speed of modern business. Teams stuck in tedious, time-consuming processes with scattered, incomplete information work hard, but can't deliver the effectiveness they know they're capable of.

Modern automated workflow and document management delivers team productivity to leap forward, driving new momentum that shifts strategy and resources from just getting stuff done to jumping into new growth.

- ✓ Kick-off digitization with one process and then expand as your business grows
- ✓ Focus employees on high-value, knowledge-driven work by eliminating manual tasks
- ✓ Secure information to meet privacy and compliance needs
- ✓ Provide your team the information they need—any time, any place and from any device—to drive better decisions at the point of business need

DocuWare Corporation

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Higher productivity for the modern workforce

DocuWare is an intuitive digital workflow solution that securely captures, routes and archives documents across your processes. By removing the hassle of manual tasks and the headaches of cluttered shared drives, you open more time to focus on the deeper work that matters.

Available via cloud or on-premises, DocuWare is powerful enough to operate as a stand-alone workflow solution or as an integrated extension of your financial, HR or sales software.

Accounting: Accelerate AR and AP processes and simplify audits with transparent digital workflows

Human Resources: Streamline onboarding processes and securely store sensitive personnel documents

Customer Service: Enhance the customer experience with quick response and timely information to build lasting loyalty

Sales: Equip both field and in-house sales staff with mobile access to current price lists, proposals and contracts, and never miss a sale

And much more: Over 500,000 satisfied global users with custom workflows in manufacturing, government, nonprofit, education, healthcare, automotive, logistics, and more.

“With a modern cloud solution ... we are now well-equipped for the future. We are convinced that the increasing digitalization of business processes will help us to significantly save both time and money.”

Automate your document-driven business processes.

Capture and secure delivery of paper and electronic documents into business applications

What is Nuance AutoStore®

AutoStore is a server-based application which orchestrates the capture and secure delivery of paper and electronic documents into business applications. It is well suited for organizations of all sizes who want to eliminate error-prone manual document handling. Whether you're handling invoices, claims, applications or order forms, AutoStore can automate your document-driven business processes to help lower costs, improve operational efficiency, communication and collaboration, and support compliance with laws and regulations.

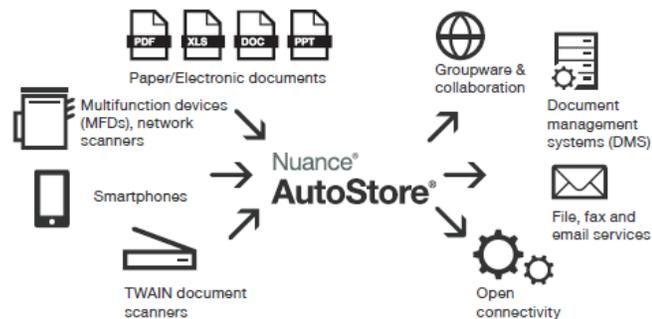

AutoStore utilizes your existing infrastructure and captures information from your multifunction peripherals, smartphone, emails, fax servers, shared/public folders, FTP sites, Microsoft® Office® applications, PC desktops, XML data streams and other sources. The captured information is then processed based on your organization's predetermined workflow. Scanned images are enhanced for improved readability, text can be converted into editable electronic information, barcodes can be read, resulting in rich information to be used for later retrieval. Once processing is complete, the documents and the keywords describing them are distributed to any number

of locations. Destinations can be faxed, emailed, stored in a document management system (DMS), on FTP sites, in secure network folders, or even multiple destinations simultaneously. All of this is performed effortlessly with just the push of a button on the front panel of the device. That's it. The workflow happens immediately, ensuring your information goes where you want it to go quickly and accurately every time.

This is all possible due to AutoStore's customizable workflows and personalized MFP menu panels. With the help of the AutoStore Process Designer, workflows can be pre-configured and saved to reduce the amount of manual steps required by the end user. This simple and easy to use capability eliminates manual processes, which helps reduce user errors and results in accurate and efficient document processing.

Key features

- Works with all major manufacturers
- Integrated LDAP connector
- Bi-directional database lookups
- Document image processing
- 40+ free backend connectors
- 1D/2D barcode recognition
- Capture paper and electronic documents from any source
- Front panel browse-to-scan
- Route to SharePoint®
- One touch multi-route
- PDF & PDF/A support
- Personalized scan menus
- Capture from any email account
- Send to email
- MRC PDF compression
- Open XML document support
- Camera and smartphone image processing

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Document Imaging Products
Nuance AutoStore®**Data Sheet****One touch multi-route**

Route your documents to multiple people simultaneously or to multiple backend systems with just a push of a button. Create specialized scanning workflows that can be associated with customizable buttons on the MFP's front panel. One touch of a button automates distribution of invoices, purchase orders, bills and other time-critical documents to streamline internal communications and reduce the risk of manual errors and expensive rework processing.

PDF and PDF/A support

Scan your documents to text-searchable PDF or PDF/A formats that can be searched for information easily and accurately.

Personalized scan menus

Once a user is authenticated, personalized scan menus appear which are specific to the individual or department. The MFP front panel user interface can be enhanced using custom icons and names to represent the workflow action on screen accurately.

Capture from any email account

Capture email and other documents as soon as they enter the organization. Turn them into actionable digital information, (including header, body text and all attachments) and deliver the information into business applications for immediate, appropriate processing or archive them for corporate compliance purposes.

Send to email

Send scanned documents directly to an email address with one press of a button. Select the correct workflow, fill in the needed details and AutoStore will scan the document, convert it to your format of choice (e.g., text-searchable PDF file) and attach it to an email. Send it to yourself or to multiple addresses. After sending the document, a copy of the email can be stored in the sent items list of your mailbox.

MRC PDF compression

Attack file bloat at the core by automatically creating highly compressed PDF files 1/10th the size of the original, reducing storage needs and minimizing impact on slower mail servers and choked bandwidth.

Open XML document support

Now you can scan hardcopy originals to the latest Microsoft® Word® (*.docx), Excel® (*.xlsx) or PowerPoint® (*.pptx) easily, and store them as accurate, properly formatted and editable Office documents.

How AutoStore works

Successful information management can help elevate a company from startup to success. So, it's important to make sure your company has the best resources and technology available to handle both its print and electronic documents. With more than 150 integrations, AutoStore has the capability to help manage your information workload. The following is a partial list of our process and route components. Please visit our website at <http://www.nuance.com/for-business/autostore/index.htm> for a complete listing.

Capture information from:

- Multifunction peripherals (MFPs)
- Smartphones
- Copiers
- Scanners
- Desktops
- Microsoft® Office® applications
- Email clients
- Email inbox
- Directory (network or local)
- Email (SMTP, POP3, IMAP)
- Fax servers
- Local or remote folders
- FTP sites (secure and insecure)
- Files (batch, XML, delimited formats, ASCII)
- PC desktop
- XML

Device features:

- Device importing and grouping (Sales, Marketing, Accounting, Post Office, etc.)

- One-touch multi-route
- Scan settings granularity controls
- Bi-directional database lookups
- Integrated LDAP connection
- Various index fields
- Encryption of jobs
- Generation of menus / forms

Process using:

- Full text recognition
- Zonal text recognition
- Hand printed character recognition (ICR)
- Forms recognition (structured/semi-structured)
- Optical Mark Reading (OMR)
- Image Cleanup
- MRC PDF Compression
- Barcode recognition (1D/2D)
- Bates stamp
- Encryption/Decryption
- Forms Overlay
- Reporting
- Automated email notification

Enterprise features:

- Load balancing
- Multi-CPU capable
- Multi-OCR engine capable
- Centralized management
- Authentication services

Route information directly to:

- Network Folders
- Email
- Fax servers
- Printers
- ODBC-compliant databases
- Send to HTTP
- Secure FTP sites
- Send to XML & WebDav
- Document Management Systems and Cloud Services from vendors such as Microsoft®, Google®, EMC®, OpenText®, FileNet®, Interwoven®, IBM®, Docuware®, and more.)
- CSV, command files
- Captaris RightFax™

Security features:

- Authentication (Common Access Cards, Windows, Active Directory, LDAP)
- Restricted network access
- Outbound fax or email validation
- Outbound fax filtering
- Redact sensitive information

Nuance AutoStore®

Data Sheet

System requirements:**Hardware**

- Microsoft® Windows® operating system (OS) running on computer with at least a 2 GHz Processor
- Minimum 2 GB of RAM is necessary but 4 GB or greater is recommended
- Minimum of 10 GB of hard disk space
- NIC Card

Operating System

Supported Microsoft® Windows® operating systems:

- Windows Server 2012 R2: Standard and Datacenter
- Windows Server 2012: Standard and Datacenter — with the latest service pack
- Windows Server 2008 R2: Standard, Enterprise, and Datacenter with the latest service pack
- Windows Server 2008 (32\64 bit): Standard, Enterprise, and Datacenter with the latest service pack
- Windows 8/8.1 (32\64 bit): Pro and Enterprise
- Windows 7 (32\64 bit): Professional, Ultimate, and Enterprise with the latest service pack
- Windows 10

Additional Software

- Microsoft® .NET Framework 3.5
- Microsoft® .NET Framework 4.0
- Microsoft .NET Framework 4.5

About Nuance Communications, Inc.

Nuance Communications, Inc. is a leading provider of voice and language solutions for businesses and consumers around the world. Its technologies, applications and services make the user experience more compelling by transforming the way people interact with devices and systems. Every day, millions of users and thousands of businesses experience Nuance's proven applications. For more information, please visit: www.nuance.com.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Document Imaging Products
Nuance AutoStore®**Data Sheet****Capture**

Join paper and electronic document streams into uniform processes.

Capture both paper and electronic documents from virtually any source—a desktop PC/Mac, a network scanner MFP/MFD or copier, and even your smartphone. AutoStore works with all leading copiers, smartphones, scanners and MFPs and works the same way across all platforms, every time. With AutoStore, changing or introducing a new device is as easy as plugging it into the network.

Process

Process all types of documents including images and forms into a variety of formats such as text, searchable Adobe® PDFs or Microsoft® Word. Easy to use image enhancing features help improve document quality. Process using OCR, barcode, image management, document services and document conversion to brain up your network.

Route

Using the most current information, eliminating delays and using speed for a competitive advantage is what the real-time enterprise is all about. Deliver your documents instantly to one or multiple destinations, including PCs, fax applications, line of business applications, email, FTP sites, network folders and archives, as well as document management systems.

Unite paper and electronic forms processing*

Forms processed or signed electronically are converted to images equivalent to those generated through manual paper driven document processing.

* Requires Nuance Business Connect license. (Formerly NSi Mobile)

What sets AutoStore apart?**Works with all major manufacturers**

With AutoStore, changing or introducing a new device is as easy as plugging it into the network. You can switch to another copier or scanner that best suits your business needs without having to switch to another capture workflow technology.

Integrated LDAP connector

Using the front panel of the multi-function device, it's easy to browse through your company's contact list to find the contact you wish to email. Just select and confirm to scan securely to one or multiple addresses. Or, search by domain name and have AutoStore return a list of addresses that can be selected with just a touch.

Bi-directional database lookups

Easily search and retrieve database information for display on the MFP panel. With the database lookup capability, the value entered in one index field triggers a database search to fill the other fields automatically, accelerating the indexing task while delivering greater accuracy.

Document image processing

Clean images are essential to any document imaging workflow. AutoStore advanced document image processing functions are a powerful collection of functions that can rid scanned documents of artifacts and imperfections such as hole punches, skewed angles, borders, dust speckles and more.

40+ free backend connectors

AutoStore uses backend connectors to connect seamlessly with popular enterprise software applications to become an enterprise content management tool that delivers

results. Our connectors are free and directly supported and maintained by Nuance.

1D/2D barcode recognition

AutoStore can automate routine, error-prone tasks such as naming, batching, splitting, filing and indexing scanned documents using information contained in 1D/2D barcodes printed within the documents. Documents can be routed and indexed using barcode information, or separated based on detection of a barcode.

Capture paper and electronic documents

Join paper and electronic business activities into a uniform process. AutoStore captures documents from devices and digital copiers, and also content from smartphones, emails and faxes, network folders, FTP sites, Microsoft® Office applications, PC desktops, web clients, XML data streams and other sources.

Front panel browse-to-scan

Browse-to-scan using the front panel of your multifunctional device. Send your documents to any accessible Windows® network folder or Microsoft® SharePoint® document library. Once the destination is set, your documents will automatically be digitized, indexed and stored in the appropriate location and format of your choice.

Route to SharePoint®

Scan directly into Microsoft® SharePoint®. Your documents can be stored as searchable PDFs or standard Microsoft® Office file formats, allowing you to retrieve them using a simple search within SharePoint. A document's SharePoint URL can be emailed back to you automatically, providing an easily accessible link for future reference.

Print Monitoring and Control

PaperCut™

PaperCut Solutions for Education

PaperCut™ is designed for schools and universities of all sizes. From browser access for students and staff to mixed platform support (Windows, Macintosh OS X and Novell), PaperCut can handle the unique challenges of campus networks. Flexible group level controls including monitoring, quotas, charging, print job filtering and hold/release queues allow you to precisely manage your print resources.

Problems Solved with PaperCut Software:

Wasteful printing and large documents tie up our printers

You can set an upper document size to stop unusually large print jobs. Other filters include a maximum number of copies, color and duplex printing. There is even a filter to stop “double submitted” jobs caused by accidentally clicking the Print icon twice.

Users don't like change

PaperCut is designed to be phased into production. You can implement silent monitoring as a first phase, then add quotas and printer rules, and introduce user pays printing when the processes are well established. Our Implementation Guide will show you how to roll out PaperCut without disrupting the workflow of your staff and students.

“Guest” account users and wireless users are anonymous on the network

Anonymous users can be authenticated for printing using the PaperCut client software, a hold/release queue or PaperCut's user web tools.

Print management systems are too expensive

Our special educational pricing won't break your budget because you won't pay extra for the number of servers, workstations, printers or operating systems on your network. Your savings from reduced consumption or from offsetting printing costs with user pays printing means that PaperCut is software that truly pays for itself!

We want a system that integrates with our current internet sites and policies

You can tailor the end-user web interface to look like part of your internet. If you want to further extend PaperCut or provide additional integration with your systems, you can use the full set of APIs included as standard with PaperCut, fully documented with example source code.

Students are printing non-school related documents

PaperCut has the ability to allow approved administrators to browse and review the content of print activity within your environment. Print Archiving can assist in audit processes, information security and allowing administrators to reprint already printed documents.

We don't have a large staff to install and administer a print management system

PaperCut is self maintaining with features like automatic synchronization with users, groups and printers, automatic configuration of new user accounts, and automatic periodic quotas. Users can add value to their own accounts with “top up cards” or by using the optional payment gateway for credit card payments using online systems like PayPal. Browser-based one-click reports and scheduled automatic email reports make it easy to monitor and report activity.

The IT department appears “reactive” to problems rather than “proactive”

PaperCut automatically tracks printer errors and can be configured to send email or SMS messages to admin or helpdesk staff when a printer requires attention.

XEROX® COLOR C60/C70 PRO PRINTERS

- Print speeds of up to 70 pages per minute (ppm) color and 75 ppm black and white
- Copy, fax (optional) and scan functionality
- Simple Image Quality Adjustment with user-adjustable front-to-back registration, density uniformity and image transfer corrections for perfect prints
- Capture, print, store, manage and distribute with easy job flows
- Expanded application offerings such as rugged polyester labels, menus, vinyl window clings and linens
- Print server choices for fast, repeatable job programming

XEROX® VERSANT® 180 PRESS

- Print speed of up to 80 ppm with copy/scan functionality
- Compact belt fuser provides the ability to print on a wide variety of stocks from 52 to 350 gsm including envelopes
- Simple Image Quality Adjustment for push-button-easy front-to-back registration, density uniformity and image transfer that automatically corrects for perfect prints
- Performance Package option delivers increased speed of 80 ppm on all stocks and an inline spectrophotometer for color automation

XEROX® VERSANT® 3100 PRESS

- Automation and productivity to meet production demands with media flexibility at speeds up to 100 ppm, duplexing 350 gsm, envelope and long sheet printing
- Fully automated color and production print optimization with the Xerox-exclusive Full Width Array simplifies time-consuming tasks, including baselining the press, correcting image-to-media alignment, optimizing density uniformity, color management, profiling and calibration
- Production feeding and integrated finishing provides the ability to automate print workflow creating a wide variety of finished output, such as full bleed booklets up to 120 pages

Xerox® Versant® Presses feature Ultra-HD Resolution which combines 2400 x 2400 resolution and up to 10-bit RIP rendering, delivering four times the pixels on a page, expanding halftone screens for smoother, crisper resolution and stunning image quality.

Color Cut Sheet Solutions

**XEROX® IRIDESSE™
PRODUCTION PRESS**

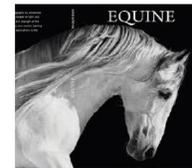

- Proud recipient of the 2018 PIA InterTech Award for Xerox® Color FLX Technology innovation and graphic communication new business impact potential with digital specialty effects
- Color FLX Technology that utilizes up to six color stations, CMYK and Specialty Dry Inks including Silver, Gold, White and/or Clear in a single pass with “spot on” registration
- Six color speed at 120 ppm (letter/A4) with production automation using functions like EZ Press Check, EZ Swap and Full Width Array alignment, profiling and calibration
- Wide media latitude on coated and uncoated stocks from 52-400 gsm with sheet lengths up to 47.24” (1.2 meter) and 28.5” (729 mm) auto-duplex, plus Mixed Media Xceleration (MMX) for optimized productivity

**XEROX® iGEN® 5
PRESS**

- The optional 5th print station enables you to extend the press’s gamut with Orange, Green or Blue to match over 90% of the PANTONE® PLUS Coated Library
- White or Clear Dry Ink in the 5th print station will create unique digital print enhancements on high-value applications
- Quality and productivity are guaranteed with advanced automation that inhabits the press from beginning to end
- The press design allows you to select the exact configuration you need—speed, four or five print stations, and feeding/finishing that meets your production and application requirements
- The optional Thick Stock Capability expands media latitude up to 24 pt/610 microns

TAKE YOUR PRINT BEYOND CMYK

- Learn how to transform color into opportunities to differentiate, drive growth and ignite remarkable results.
- Take a closer look at how digital enhancements with the Xerox® Iridesse™ Production Press and the Xerox iGen® 5 Press are breathing new life into printing applications.

**XEROX® BRENVVA®
HD PRODUCTION INKJET PRESS**

- The versatility of a cut sheet press with the economics of aqueous inkjet, helping reduce overall print costs
- Four distinct drop sizes used to ensure consistent, vibrant quality and smoother text and fine lines—while giving print providers the flexibility to manage ink usage
- Automated missing jet detection and correction guards the quality of your prints every time the press is used
- Inline spectrophotometer automates press linearization and the creation of custom profiles for the full range of paper stocks
- Advanced process controls ensure real-time image quality corrections, paper-handling consistency and overall press optimization
- New optional speed kit enables productivity up to 300 impressions per minute

**PRINT FEEDING AND FINISHING
SOLUTIONS**

With the wide range of sheet feeding, roll feeding and print finishing solutions available for your Xerox® production equipment, you can add the capabilities that best suit your job mix and improve your digital printing workflow.

XEROX® TRIVOR® 2400 HIGH DENSITY MONO INKJET PRESS

- Printing speeds up to 656 feet per minute (200 meters per minute)
- High Density, aqueous pigmented ink for high-quality printing on low-cost, untreated plain paper or a full range of inkjet treated and matte coated stocks
- Four resolutions: 360 x 600 dpi, 600 x 600 dpi, 1200 x 600 dpi, VHQ mode and five drop volumes: 3, 6, 9, 11, 13 picoliters
- Recommended duty cycle: Up to 68 million mono letter/A4 ipm
- Field upgradable to color configuration

XEROX® TRIVOR® 2400 HIGH DENSITY COLOR INKJET PRESS

- Printing speeds up to 551 feet per minute (168 meters per minute)
- High Density, aqueous pigmented ink for high-quality printing on low-cost, untreated plain paper or a full range of inkjet treated and matte coated stocks
- Three resolutions: 360 x 600 dpi, 600 x 600 dpi, 1200 x 600 dpi and five drop volumes: 3, 6, 9, 11, 13 picoliters
- Recommended duty cycle: Up to 57 million color letter/A4 ipm
- Field upgradable to High Fusion configuration

XEROX® TRIVOR® 2400 HIGH FUSION INKJET PRESS

- Printing speeds up to 328 feet per minute (100 meters per minute), color uncoated; up to 250 feet per minute (76 meters per minute), color coated
- High Fusion, specially formulated aqueous inks achieve outstanding visual resolution on full range of standard offset coated stocks, including matte, silk and gloss
- Print directly to offset coated papers without the use of primers, treatments or coatings for less complexity and low-cost prints
- Two resolutions: 600 x 600 dpi, 1200 x 600 dpi and three drop volumes: 3, 6, 9 picoliters
- Recommended duty cycle: Up to 30 million color letter/A4 ipm

The Xerox® Trivor® and Xerox® Rialto® Presses have the highest performance, single engine duplex system in the industry with the smallest footprint.

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Color Continuous Feed/Inkjet

XEROX® RIALTO® 900 INKJET PRESS

- Printing speeds up to 157 feet per minute (48 meters per minute)
- Simplify production with a press designed from the ground up for green button ease-of-use
- Deliver new high-value applications with stunning image quality using the new inline dynamic perforator
- Scale up to continuous productivity with the new dual high capacity stacker
- Recommended duty cycle: 1.5 to 5 million letter/A4 images per month (in CMYK, 600 x 600 dpi resolution)

XEROX® IMPIKA® REFERENCE INKJET PRESS

- Printing speeds range from 164 to 417 feet per minute (50 to 127 meters per minute)
- High Density, aqueous pigmented ink for high-quality printing
- Configurations range from 1-up single engine duplex to dual engine 2-up duplex; fully upgradable
- Optional MICR printing
- Three resolutions: 360 x 600 dpi, 600 x 600 dpi, 1200 x 600 dpi and five drop volumes: 3, 6, 9, 11, 13 picoliters
- Recommended duty cycle: 2 to 35 million letter/A4 images per month (in CMYK, 600 x 600 dpi resolution)

XEROX® IMPIKA® EVOLUTION INKJET PRESS

- Printing speeds range from 164 to 833 feet per minute (50 to 254 meters per minute)
- High Density, aqueous pigmented ink for high-quality printing
- Very High Quality (VHQ) mode combines two drop sizes to optimize visual resolution for direct mail and loyalty applications
- Three resolutions: 360 x 600 dpi, 600 x 600 dpi, 1200 x 600 dpi and five drop volumes: 3, 6, 9, 11, 13 picoliters
- Recommended duty cycle: 4 to 70 million letter/A4 images per month (in CMYK, 600 x 600 dpi resolution)

Combine the versatility of cut sheet with the economics of inkjet.
See the Xerox® Brenva® HD Production Inkjet Press on Page 9.

Monochrome Solutions
Invest with Confidence

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

Monochrome Solutions

**XEROX® D95A/D110/D125/D136
COPIER/PRINTER AND PRINTERS**

- High-speed print engines deliver output up to 100, 110, 125 and 136 ppm
- Standard color scanning (on copier/printer only) allows full-color communication via email or digital file distribution (JPEG, TIFF, PDF)
- Unparalleled ease of use
- 2400 x 2400 dpi print resolution delivers consistent, high-quality reproduction of text, solids, photos and graphics, with exceptional registration for polished, professional results
- Robust set of inline finishing options to expand application capabilities

**XEROX NUVERA®
EA PRODUCTION SYSTEMS**

- Single-engine presses deliver output at speeds up to 100, 120, 144 or 157 ppm
- Two-engine presses deliver output at speeds up to 200, 288 or 314 ppm—extremely productive for duplex (two-sided) print jobs
- Innovative EA toner produces fine lines with maximum details
- Uninterrupted production time with load-while-run paper trays and unload-while-run stacking
- Offset-like image quality at 4800 x 600 dpi/156 lpi, on a wide range of coated, uncoated and specialty stocks
- Over a dozen inline finishing options available—from simple stacking to perfect bound books

**XEROX NUVERA® MX
PRODUCTION SYSTEMS**

- Economical, high-quality, secure MICR toner for check and transaction printing applications
- Ensures instant character recognition and consistent uniformity from check to check
- Integrity features such as Media Log and Check Production Integrity (optional) to ensure error-free prints
- Select from software and hardware options to best meet your needs and price points
- Media to match your applications—consistently high image quality on popular coated and uncoated stocks

XMEDIUSFAX® FOR THE EDUCATION MARKET

DOCUMENT CHALLENGES IN THE EDUCATION MARKET

Educational institutions, from primary schools to post-secondary organizations, send and receive important and confidential documents, ranging from purchase orders to student records. School districts and universities have centralized and localized administrative departments that handle accounting, purchasing, financial transactions and student information management for their entire organization. This can often translate into large volumes of highly sensitive inbound and outbound faxes at any given level of educational institution.

At the same time, elementary schools, colleges and universities face cost reductions and budget constraints. Each saved dollar in communication infrastructure and phone bills can be invested in programs that improve educational excellence and administrative efficiency.

Educational institutions look for key factors in document transmission:

Must Be Secure

Security is one of the most important issues confronting academic institutions. The privacy of confidential information such as student profiles, attendance records and grades are a must. College and university officials have to deal with a host of potential threats. Illegally accessing the student information to change grades or destroy proprietary school information must be prevented. Potential security violation is higher if paper faxes are left in an open and easily accessible office where anyone can view and take personal and confidential information.

Must Be Reliable

Education's finance and purchasing services departments need to track information to verify and prove that breaches do not occur and to classify the extent of exposure if they happen. Education's finance and purchasing services departments need to track information to verify and prove that breaches do not occur and to classify the extent of exposure if they happen.

Must Be Accessible From Anywhere And From Any Device

Students and faculties want to be able to log onto the network using a variety of devices, including laptops, tablets, and smart phones. They also need to be able to access the network from a variety of locations, both on and off campus. Distance learning has also made it more important than ever that students be granted access to resources from remote locations. In such a heterogeneous environment, data security is even more critical as risks of security breach are higher.

Must Be Efficient And Cost-Effective

Education institutions must automate repetitive tasks, increase their administrative efficiencies and reduce paper waste. Cost-effective communication tools are required without compromising security and integrity of the information manipulated by school administrators, teachers and the entire staff.

IMPROVING COMMUNICATION WITH XMEDIUSFAX® TO ENHANCE EDUCATION

XMedius has a proven track record in the education market across North America. For many years, school districts, colleges and universities have been using XMediusFAX® solutions:

- XMedius helped numerous education institutions to rationalize and secure their fax services and support their teaching, research, as well as administrative functions
- XMedius helps medical faculties to meet HIPAA compliance
- XMedius facilitates regulatory compliance to FERPA (Family Educational Rights and Privacy Act) on the protection of students' privacy with regards to educational records
- XMedius has vast experience integrating their fax solutions in financial and student information systems
- XMediusFAX® is powered by the most advanced Voice-Over-IP (VoIP) infrastructures, existing applications, groupware tools, IP PBXs, voicemail systems and multifunction devices (MFDs)

Our customers in the education field rely on XMediusFAX® to improve their communication experience, thanks to uncompromised security and tracking of all sent and received faxes, as well as automatic storage of faxes in the appropriate student record.

Ensure Security, Accountability Entities Within An Educational Ecosystem And Traceability

With XMediusFAX®, faculty administrators can easily and securely transmit student records. They can also effectively track the delivery of a document; securely forward a fax message to their staff for quick and appropriate action. Medical faculties have a lot of confidential patient data that are passed back and forth between students, healthcare professionals and patients. They have to make sure patient information is not inadvertently made available to the wrong recipient.

- Built-in advanced user and administration control, management and encryption features support education institutions' compliance requirements such as the FERPA (Family Educational Rights and Privacy Act) on the protection of students' privacy with regards to educational records.
- Faxes are routed over telephone lines, Internet, Intranet, WAN and LAN environments and inbound faxes are directed to the appropriate destination without human intervention, to limit unauthorized access to personal client information.
- Sensitive documents in TIFF or PDF format are routed to "approved" recipients and designated secure printers.
- Monitoring and reporting features create an audit trail of all sent and received faxes.

Ensure Continuous Data Availability And Fast Document Delivery

The XMediusFAX® survivability features offer advanced capabilities that provide failover solutions and "self-healing" mechanisms through a variety of deployment models (i.e., high availability, disaster recovery, remote branch survivability) to ensure administrative ongoing activities and minimum downtime.

Ensure Smooth Document Transmission Across All Entities Within An Educational Ecosystem

XMediusFAX® centralizes and consolidates all types of faxed documents across schools within a district, buildings of a campus, various departments, and all stake holders involved in the educational field.

Increase Productivity

XMediusFAX® boosts productivity by typically 90% over traditional, manual faxing:

- Administrator and teacher workload are reduced: they can focus on their core mission; providing high quality educational services. Delivery, receipt and tracking of sent and received information is completely automated. There's no more printing, punching in fax numbers, waiting to see if the fax goes through and walking away from the fax only to find later that the document was never sent.
- As a boardless implementation, new fax channels can easily be added to increase the fax volume capacity.

Save Money & Increase ROI

The solution typically pays for itself within 1 - 6 months

- In multi-branch organizations, long-distance charges are drastically reduced through XMediusFAX®'s built-in Least Cost Routing (LCR).
- LCR automatically transmits faxes by using the most economical path and also takes advantage of off-hour telephone rates for non-critical faxes.
- XMediusFAX® eliminates costly analog phone lines, hardware, maintenance and supplies, therefore, enabling organizations to potentially save tens of thousands of dollars per year.
- XMediusFAX® reduces the need to print on paper, which in turn reduces toner and machine maintenance costs. The reduction of paper can also save real-estate space in terms of the need for stored documents.

Integrate Seamlessly Within Their IT Environment

- Business processes are streamlined by integrating XMediusFAX® with existing VoIP infrastructures, applications, groupware tools, IP PBXs, voicemail systems and MFPs.
- XMediusFAX® utilizes existing resources and reduces costs since no specialized fax hardware is required.
- XMediusFAX® integrates with email, student information systems and financial software applications.

BROCHURE
XMediusFAX® FOR THE EDUCATION MARKET

FLEXIBLE OPTIONS FOR THE EDUCATION MARKET

"I just need basic faxing services, and I want to keep my costs down."

XMediusFAX® Express
For lighter fax usage

What's included: the essential faxing capabilities with up to 4 fax channels and email integration for a small to medium-sized user group (up to 100 users).

"My staff sends and receives large volumes of faxes. I want to make my staff more responsive and professional and therefore, increase its productivity and quality of services delivered to students and other entities."

XMediusFAX® Enterprise
For medium to large organizations

What's included: more features to manage large fax volumes, high levels of security, advanced integration into IP telephony environments and monitoring & reporting capabilities.

"Fax communications have a central role in my school district and I want a cost-effective solution for processing confidential documents across our vast network."

XMediusFAX® Service Provider
For large organizations and service providers

What's included: more features to manage large fax volume and deliver high levels of scalability, survivability, security and advanced integration capabilities.

OUR NETWORK OF PLATFORM INTEGRATIONS

XMediusFAX® is powered by the most advanced T.38 FoIP integration for VoIP platforms. XMediusFAX® has won numerous awards in the IP telephony space. By combining XMediusFAX® with your multifunction devices (MFD) we can enhance and provide an enriched faxing solution for educational institutions. XMediusFAX® has also been integrated with different third-party software and is recognized as the most reliable and mature IP fax solution on the market.

ABOUT XMEDIUS

XMedius is a leading global provider of enterprise-grade solutions for Secure Document Exchange. It allows companies to safely exchange vital and confidential information, either through on-premises or cloud deployments. Founded in 1996 the Company is headquartered in Montreal, Canada, and operates in North America, Latin America, Europe and Asia Pacific. With more than 12,800 live deployments, addressing SMBs, large Enterprises, and Service Providers, XMedius solutions address a wide spectrum of markets including finance, health, government, manufacturing, retail, legal, and education.

Pricing Level and Guarantee

Berney Office Solutions is pleased to offer a fixed rate for all equipment, services, supplies and solutions. We also guarantee that ACCS, and its member institutions will benefit from any and all special pricing discounts, should any be announced during the term of the contract. We will update the product line, when replacement models or new models and/or solutions are announced.

The discount rates are firm, except for potentially multiple placements, print volumes, onsite support and/or fleet configurations, where the rate may be negotiated. This also holds true for service rates, Managed Print Services, and all Multi-Function Devices/Products.

	Discount Rate off MSRP
Xerox A3 Multi-Function Products	45%
Xerox A4 Multi-Function Products	25%
Accessories, peripherals, (finishers, large paper trays....)	25%

MFP Service (maintenance rates) vary from model to model.

Please see MFP maintenance prices in Equipment and Services Schedule by model.

KIP Wide Format Devices	5%
Software Solutions	5%
Fax Servers	5%
Managed Print Services	30%

We deliver all items from our inventory warehouse (Montgomery, AL) where it is professionally installed and expert training is provided.

Doug Singleton, VP of Major Accounts

David Washington, Senior VP of Sales

			498K18310	Interface Module Power Cord				
		650K31900	Square Fold Trimmer Documentation Kit					
YOU MUST CHOOSE A CONTROLLER								
DMP Controller								
	C70OFCSR	097S04655	C60 & C70 DMP Integrated Color Controller		\$ 5,590	\$ 3,750		
If a Customer requires Postscript printing capability with the DMP Controller, you MUST also order the part number below. List price includes PostScript								
	PS4OFCSR	497K06450	Post Script Kit					
EFI Integrated Controller								
	C70EFI2	097N02269	C60 & C70 EFI Integrated Controller; E300 (does not incl impose)		\$ 6,995	\$ 3,750		
		498K18100	Mounting Plate					
Accessories for EFI Integrated Controller								
May Choose Any	PROFILE4	497N03087	Profile Suite 4 (s/w & Spectrophotometer)		\$ 2,700	\$ 2,025		
	X70FOLDER	497N02727	Hot Fldr Virtual Print Kit		\$ 995	\$ 746		
	EXIMPOSE	497N03727	Impose Kit (incl one license - add'l via TXC)		\$ 2,550	\$ 1,913		
	EFIPROPK	497N04791	Productivity Package (incl Hot Fldr & Virtual Ptrs & JDF)		\$ 6,000	\$ 4,500		
	C70EFIUP	497K18200	Integrated EFI S/W Upgrade Kit for MIF (R7B or 097N02184)		\$ 195	\$ 146		
	HUB5PORT	497N01224	EFI Hub Kit		\$ 495	\$ 371		
EFI Fiery Standalone Controller								
	C70EX2	097N02268	EX C60 & C70 Print Server Powered by Fiery, FS200 (incl one impose license)		\$ 23,000	\$ 17,250		
Accessories for External Fiery Controller								
May Choose Any	EXCOMPOSE	497N03728	SeeQuence Compose Kit		\$ 1,500	\$ 1,125		
	EXIMPOSE	497N03727	Impose Kit (one add'l license in kit - add'l licenses via TXC)		\$ 2,550	\$ 1,913		
	PROFILE4	497N03087	Profile Suite 4 (s/w & Spectrophotometer)		\$ 2,700	\$ 2,025		
	GAPREM	497N02107	GA Premium Package		\$ 6,200	\$ 4,650		
	EXFACI	497N04849	Advanced Interface Pkg (monitor, keyboard, mouse, stand)		\$ 4,000	\$ 3,000		
	EXHDD	497N04827	Hard Drive Security Option		\$ 995	\$ 746		
	C70EXUP	301N91920	External EFI S/W Upgrade Kit for MIF, incl s/w & license (R4A or 097N02177)		\$ 1,295	\$ 971		
	HUB5PORT	497N01224	EFI HUB KIT		\$ 495	\$ 371		
Integrated FreeFlow Print Server								
	C70FFPS2	097S04874	Integrated FreeFlow Print Server for C60 & C70					
		320S01060	FFPS License (Non-Shippable)	Follow the software activation process				
		497K15500	DFE Enclosure					
		498K16750	USB Extender Kit					
		498K18100	Mounting Plate					
		301K33550	FreeFlow Software Documentation Kit		\$ 5,995	\$ 3,750		
Accessories for FreeFlow Print Server								
	SPECTROXR	497K11570	Spectrophotometer Kit		\$ 900	\$ 675		
	X56IPDS	320S00128	Xerox FreeFlow Print Server IPDS Software License (non-shippable)	Follow the software activation process	\$ 10,000	\$ 7,500		
	C70FFUP	497K17920	S/W Upgrade Kit for MIF, incl s/w & license (K5X)		\$ 495	\$ 371

R

Professional Support Services and Solutions

Electronic Document Management (EDM) – EDM products provide electronic storage and retrieval of documents and custom document workflows

- DocuShare Flex
 - Xerox® DocuShare® Flex is a cloud-based platform to help you easily control critical business content, and automate document workflows.
- DocuShare 7
 - Xerox DocuShare 7 is enterprise content management (ECM) designed with usability, flexibility and convenience in mind. It helps knowledge workers be more efficient every day by focusing on the intersection of people, paper and processes – the lifeblood of today’s work environment.
- DocuWare
 - DocuWare is the platform that empowers you to capture, process and use your business information. Keep your teams fluid and productive, automate document workflows in any organization, and protect data and documents with secure, centralized archiving. Hosted or onsite installations available.

Optical Mark Recognition (OMR) - Allows creation of custom Optical information gathering sheets to be scanned and evaluated from an MFP

- Remark OMR
 - Whether you need to collect data from paper OMR (“fill in the bubble”) forms or web forms, Gravic’s Remark software helps you complete your job faster, with less effort, and at a lower cost.

Fax Servers – Provides electronic server-based fax infrastructure. Allows a centralized point of management for fax traffic in and out of the organization. Provides direct fax services for back-end applications such as CRM, HIS, EMR, etc. Also allows for easy auditing and archiving of fax activities.

- Xmedius Fax Servers
 - Provide a stable, controlled fax infrastructure that can be scaled from small branch locations to Enterprise deployments. Web-based fax clients and seamless MFP integration help to provide an efficient managed environment where security and accessibility are perfectly balanced.

Document Middleware

- Nuance AutoStore
 - An award-winning solution that orchestrates the capture and secure delivery of paper, electronic documents, and data into business applications from a wide range of capture points. Allows user interaction at scan time to customize document workflow based on user-provided input and external data lookups. Provides unparalleled document workflow flexibility.

Desktop Publishing

- ECopy PDF Pro Office - Allows users to create PDF documents from MFP scanners, or from any desktop application that can utilize a print driver. Powerful OCR capabilities convert complex layouts with tables and graphics with faithful reproduction. Combines files and allows the ability to remove and replace pages with drag-and-drop ease.

Authentication and Cost Accounting

- PaperCut
 - PaperCut provides simple and affordable print management software for Windows, Mac, Linux, Novell, and mobile platforms. PaperCut software helps keep track of all print accounting and print quotas for businesses or educational facilities. MFP and printer-based authentication allows faculty and students to release print jobs at any compatible device in the network environment.
 - PaperCut Mobility Print simplifies the printing process for bring your own devices (BYOD) and other end-user managed devices, such as smartphones, tablets, laptops or Chromebooks.
- Xerox Workplace Suite
 - On-premise, server-based print management and mobile access for your printer fleet, with benchmark security, convenience and usage insights you need to unleash productivity and reduce costs.

Variable Data/Production Workflow

- XMPie
 - XMPie transforms ordinary print shops into state-of-the art production powerhouses.
 - Variable Data - create relevant and engaging personalized print that motivates recipients to respond.
 - Web-To-Print - A high-demand, high-return offering that makes it easy for customers to keep coming back.
 - Campaign Automation - Nurture leads and automate communications through triggers based on scheduling, profile data or recipient behavior.

Managed Print Services

What is "managed print services" (MPS)? The managed print services definition is broad, but the end result is simple: gaining visibility and control of your printing, which helps you save money and boost productivity. Managed print also helps you improve environmental sustainability and document security. By "printing," we mean the total cost of managing and optimizing your printers, their output, and the people and processes that support these devices.

This includes:

- Pages produced by office workers, mobile workers and production print operations
- Office desktop printers, multifunction printers, scanners, fax machines and high-volume printers
- Materials sent out for quick printing, offset printing, mailing and distribution
- IT help desk support, technical service, maintenance, and add, move and change requests
- Paper, ink, toner and other supplies and consumables

Add up the costs of "printing" and it accounts for as much as 15% of a business's annual spending. Through managed print services, you can outsource print management and cut costs by as much as 30%.

Included in our Managed Print Services program: "Only Excludes Paper"

- Toner • Maintenance Kits • Feed Tires Rollers • Pick Fingers • Transfer Belts
- Swing Arm Assembly • Controller Boards • LCD Screens

Pricing: 30% Savings off MSRP *** See Price Level Guarantee***

Cost per Page Rates

Black and White Click Rate: \$0.017

Color Click Rate: \$0.17

MICR Click Rate: \$0.035

We reserve the right to reduce pricing, based on laser printer fleet size, configuration and volumes.

Berney can offer optional flat rate pricing (for non-networked printers) not to exceed rates below:

B&W laser printers - \$ 25.00 per printer per month

Color laser printers - \$ 50.00 per printer per month

We support all brands of the major manufactures of laser printers, including, but not limited to: HP • Lexmark • Dell • Brother • Kyocera • IBM • Xerox • Zebra • Talley • Oki • Konica Minolta

When you buy toner, what are you really getting for the money?

Berney Office Solutions MPS

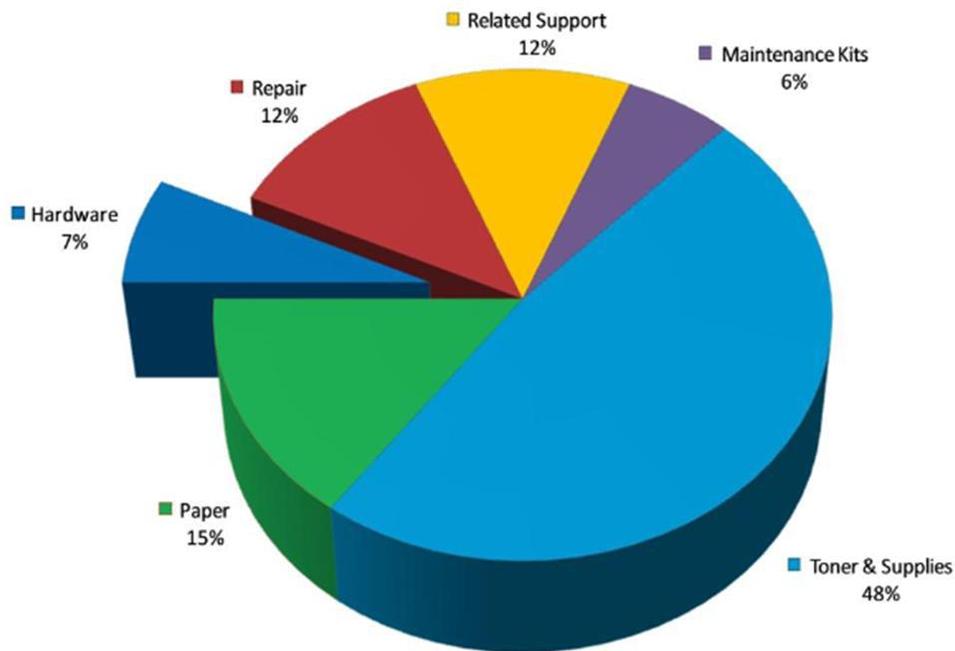

- 1) Toner included
- 2) Automatic supply fulfillment
- 3) Maintenance Kits, Feed tires, rollers, pick fingers, transfer belts, controller boards, LCD screens, trays, rollers and all other parts
- 4) Free up IT resources to focus on more mission critical task
- 5) Visibility into your print fleet
- 6) Four hour average response time for service
- 7) Over 23,000 printers under contract through Berney Office Solutions
- 8) Zebra printer maintenance plans available as well
- 9) One source, one vendor, complete solution
- 10) Billing broken down by location for easy accounting
- 11) Ability to create a line item in your organization or department
- 12) Electronic monitoring with the Berney 360app for proactive service and support
- 13) Quarterly meetings to review service metrics, usage & utilization
- 14) One invoice

Toner Purchase

Toner Only

OR: Keep buying toner as is and have IT fix printers, which typically can take up to 40-50% of their time

Response to Alabama Community College System Joint Purchasing Agreement for Manufactured Supplied Technology Equipment with Peripherals, Software, Networking, Equipment, Maintenance and Professional Support Services

The Snapshot - Berney specializes in helping customers lower their document expenses and leverage value from their processes and offering the unique solution: “Device Independent Printing.” Our Snapshot is a financial and technical discovery designed to help executive level management understand the issues their companies face in document management and processing. The goal is to make sure we understand all the necessary details about your critical information, financial initiatives, and guidelines before offering you a solution—so that the solution can be as comprehensive and customized as possible.

Evaluate - Snapshot evaluates your method of managing printing, copying, faxing, scanning, and document storage to determine the true cost of these systems. Berney collaborates with all departments to analyze your current method of document production from financial and operational perspectives. **Demonstrate** - The executive summary produced by the Snapshot helps your organization evaluate the financial and operational impacts of your current methods of document processing—what technology you have, what you are doing with it, and what it is costing.

Recommend - Once the Snapshot is complete, Berney makes recommendations to enhance performance efficiency and cost savings— or implement a device independent printing solution to achieve efficiency while reducing cost and increasing your return on investment. The net result of this process is the presentation of our findings which includes practical recommendations backed up by realistic implementation plans and a positive return on investment.

26 Reasons You Need an MPS Assessment

Cost-Based Drivers

1. Escalating costs of existing print infrastructure
2. Pressure to reduce business costs in general
3. Increase spend predictability
4. Cost reduction mandates to reduce print spend specifically
5. Balancing operating expense versus capital spend
6. Identifying hidden costs of equipment, archiving and business processes
7. Pressure to improve revenue and margins

Governance Issues

8. Lack of understanding of existing print infrastructure
9. No ability to track and measure print environment
10. Managing large population of unconnected output devices
11. Managing multi-vendor environment with multiple supplier contracts
12. High concentration of desktop devices
13. Current Managed Print Services contract ending in 12–18 months
14. Struggling to meet sustainability goals

Location-Based Challenges

15. Integrating systems due to mergers, acquisitions or consolidation
16. Newly merged organizations seeking efficiency and savings
17. Distributed offices and multiple locations
18. Autonomous departments making their own buying decisions
19. Growing mobile workforce or widely distributed workers

Strategy, Process and Market Considerations

20. More efficiency in paper-intensive business processes
21. Customer needs that are creating new document or workflow requirements
22. Little understanding of how printed documents get used
23. Print infrastructure not aligned to business needs
24. Growing mobile workforce or widely distributed workers
25. Highly regulated, document-intensive industry such as financial services and healthcare
26. High degree of security and compliance requirements

ISO 9001 Certification

In accordance with the requirements in this RFB, please see ISO Certificate below:

ABS Quality Evaluations

Certificate Of Conformance

This is to certify that the Quality Management System of:

Xerox Corporation

Webster Manufacturing Systems
800 Phillips Road, Bldg. 208-01E
Webster, NY 14580
U.S.A.

(WITH ADDITIONAL FACILITIES LISTED ON ATTACHED ANNEX)

has been assessed by ABS Quality Evaluations, Inc. and found to be in conformance with the requirements set forth by:

ISO 9001:2015

The Quality Management System is applicable to:

THE QUALITY MANAGEMENT SYSTEM ASSOCIATED WITH THE ASSEMBLY, TEST AND PAINT OF NEW AND REMANUFACTURE OF DIGITAL MULTIFUNCTIONAL PRINTING/PRODUCTION PRESS/SOLUTION EQUIPMENT AND IMAGING DEVICES.

This certificate may be found on the ABS QE Website (www.abs-qe.com). For certificates issued in the People's Republic of China information may also be verified on the CNCA website (www.cnca.gov.cn).

Certificate No:	54726
Certification Date:	26 November 2013
Effective Date:	03 November 2017
Expiration Date:	14 November 2019
Issue Date:	03 November 2017

Alex Weisselberg
Alex Weisselberg, President

Validity of this certificate is based on the successful completion of the periodic surveillance audits of the management system defined by the above scope and is contingent upon prompt, written notification to ABS Quality Evaluations, Inc. of significant changes to the management system or components thereof.

FORM FOR SECTIONS 9 (a) and (b) BEASON-HAMMON ALABAMA TAXPAYER AND CITIZEN PROTECTION ACT; CODE OF ALABAMA, SECTIONS 31-13-9 (a) and (b)

AFFIDAVIT FOR BUSINESS ENTITY/EMPLOYER /CONTRACTOR

(To be completed as a condition for the award of any contract, grant, or incentive by the State of Alabama, any political subdivision thereof, or any state-funded entity to a business entity or employer that employs one or more employees)

State of Alabama

County of Montgomery

Before me, a notary public, personally appeared David Washington (print name) who, being duly sworn, says as follows:

As a condition for the award of any contract, grant, or incentive by the State of Alabama, any political subdivision thereof, or any state-funded entity to a business entity or employer that employs one or more employees, I hereby attest that in my capacity as Senior VP of Sales (state position) for Berney Office Solutions (state business entity/employer/contractor name) that said business entity/employer/contractor shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien.

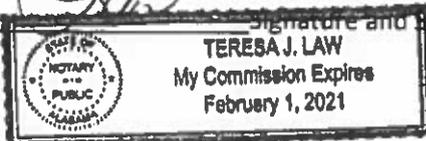

I further attest that said business entity/employer/contractor is enrolled in the E-Verify program. (ATTACH DOCUMENTATION ESTABLISHING THAT BUSINESS ENTITY/EMPLOYER/CONTRACTOR IS ENROLLED IN THE E-VERIFY PROGRAM)

David Washington Signature of Affiant

Sworn to and subscribed before me this 13th day of February, 2019

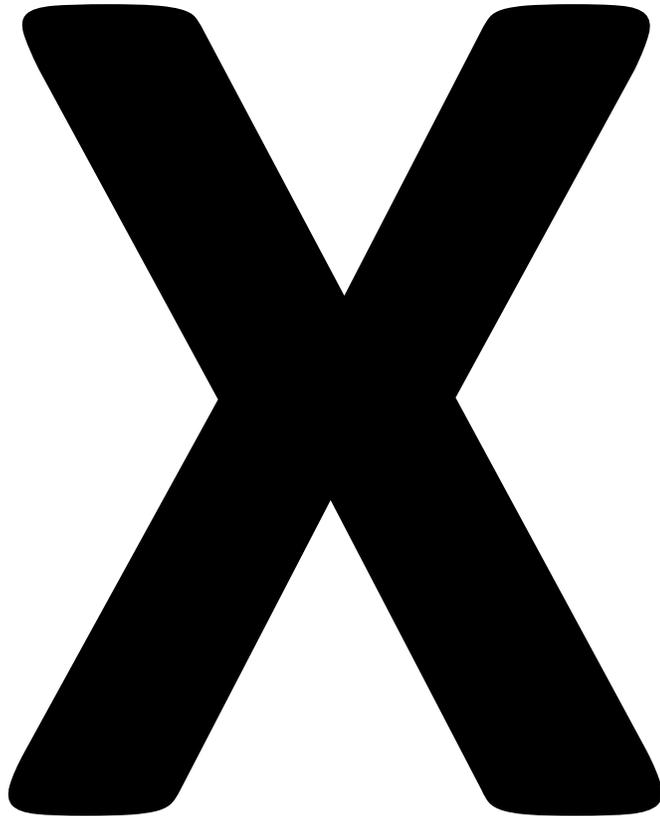

I certify that the affiant is known (or made known) to me to be the identical party he or she claims to be.
