Demonstrated Effectiveness Chart

An applicant must provide demonstrated performance in content domains and outcomes related to State and Federal goals. The regulations also establish uniformity for how past effectiveness is determined so that all eligible providers are treated fairly in the grant competition. The regulations provide an opportunity for an applicant that does not have past performance data under WIOA section 116 to demonstrate it has been previously effective in serving basic skill deficient eligible individuals. The chart below is used by all grant applicants to demonstrate effectiveness.

The ACCS AE will determine an applicant has demonstrated effectiveness to be an eligible applicant through review of the applicant's response to the Demonstrated Effectiveness Chart; and if the applicant has provided a narrative which includes valid and reliable data on its record of improving the skills of eligible individuals, as well its record related to eligible individual's transitional outcomes in the areas of employment, attainment of secondary school diploma or its recognized equivalent, and transition to postsecondary education and training.

Does the program work with eligible individuals in the following areas (See pages 20-23):	Yes	No
Reading		
Language Arts/Writing		
Mathematics		
English Language Acquisition (Section 231 and/or Section 243)		
Employment		
Attainment of secondary school diploma or its recognized equivalent		
Transition to postsecondary education and training		
The applicant should provide a narrative which includes program data regarding outcomes associated with student's educational gains in the content areas and grade level equivalencies above, as well as transitional outcomes related to employment, attainment of secondary school diploma or recognized equivalent, and transition to postsecondary education and training.

GEPA Provisions

(For Details Regarding GEPA, see Appendix F in the Guidelines and General Instructions)

Section 427 of the Department of Education's General Education Provisions Act (GEPA) affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE THE FOLLOWING INFORMATION TO ADDRESS THIS NEW PROVISION, IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applications for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project. Consistent with program requirements and its approved application, an applicant may use the federal funds awarded to it to eliminate barriers it identifies.

I. Please provide a narrative which gives a clear and succinct description of how your program will ensure equitable access to, and participation in, your federally assisted programs for students, teachers, and other program beneficiaries with special needs. The GEPA provision allows applicants discretion in developing the required description. However, the statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine the barriers that are applicable to your program and address the application of steps that will be taken to overcome these barriers.

II. While not required, applicants may also choose to address the issues associated with this provision in connection with related topics in the application.

Local Workforce Development Board

Roles and Responsibilities in the review of Adult Education and Family Literacy Act proposals

Background:

A function of local workforce boards, identified under section 107(d) (11) of the Workforce Innovation and Opportunity Act (WIOA), is to coordinate local workforce activities with education and training providers, including providers of adult education and literacy activities under Title II of WIOA. The coordination of education and training activities includes the review of proposals for providing adult education and literacy activities submitted to the Alabama Community College System, Adult Education Division (AE) for funding under Title II.

Requirements for local board review of proposals:

Local board review of Title II proposals is to ensure proposals for providing adult education and literacy activities are consistent with local workforce board plans (WIOA, 107(d)(11)(B)(i)(I)). While States have flexibility under this regulation to design their processes for local board review of proposals, those processes must reflect the following key AEFLA requirements:

- All eligible providers must have direct and equitable access to apply and compete for grants or contracts (section 231(c)(1) of WIOA and 34 CFR § 463.20(c)(1));
- The same proposal process must be used for all eligible providers in the State or outlying area (section 231(c)(2) of WIOA and 34 CFR § 463.20(c)(2));
- The Local Board **must review proposals submitted to the eligible agency by eligible providers to determine whether they are consistent with the approved local plan** (section 107(d)(11)(B)(i)(I) of WIOA and 34 CFR § 463.21(b)(1));
 - If a local workforce board determines that a proposal is not consistent with the local workforce plan, the **Local Board must make recommendations to the eligible agency to promote alignment with the approved local plan** (section 107(d)(11)(B)(i)(II) of WIOA and 34 CFR § 463.21(b)(2); and
 - The eligible agency must consider the results of the review by the Local Board in determining the extent to which the proposal addresses the required considerations in 34 CFR § 463.20 (34 CFR § 463.21(c)).

Local workforce boards are not responsible for approving or denying proposals submitted under Title II of WIOA. They are, however, expected to evaluate the extent to which a proposal submitted under Title II addresses the requirements of the local plan developed in accordance with WIOA (WIOA, 108(b) (13)).
