Estimated Available Funds

Adult Education and Family Literacy funding allocations will be based on data from the American Community Survey (See Appendix F) which shows the number of citizens needing literacy services in each county.

Each eligible provider receiving a grant must use the awarded funding to establish or operate programs to provide adult education and literacy activities, including programs that provide such activities concurrently. In accordance with WIOA Title II, Section 231, the Adult Education Division is seeking proposals from eligible providers to administer activities in each county. If multiple applicants apply for the same county, the amounts awarded will be proportionately distributed. This distribution will be based on need and the ability of the grantee to provide rigorous academic instruction and relevant workforce related services. The allocations awarded may change based on federal and state appropriations.

The awarded funds will serve each identified county or portion of a county in the service area with a proportionate amount of funds

Direct and Equitable Access

All applicants will receive direct and equitable access required by WIOA Section 231 (C). The competitive grant process ensures that:

1. All eligible providers will have direct and equitable access to apply and compete for grants.
2. The same grant announcement and proposal processes are used for all eligible applicants in the State.
3. In awarding grants under this section, all applicants must consider the 13 considerations identified in WIOA Title II, Sec. 231(e).

Allowable Use of Funds

Each eligible provider receiving a grant must use the awarded funding to establish or operate programs to provide adult education and literacy activities, including programs that provide such activities concurrently. The term “adult education and literacy activities” is defined as academic standards-based programs, activities, and services outlined in WIOA Title II Section 203(2): 34 CFR 463.30:

1. Adult education and literacy activities,
2. English language acquisition activities,
3. Family literacy activities,
4. Workforce preparation activities,
5. Workplace adult education and literacy activities,
6. Integrated English literacy and civics education, or
7. Integrated education and training.

For individual definitions of adult education and literacy activities, see Appendix B: Definitions.

According to Title II Section 241(a), funds made available for adult education and literacy activities under Title II must supplement and not supplant other state or local public funds expended for adult education and literacy activities. Supplement and not supplant means the federal funds are intended to augment or increase, not replace, monies that would have been used if the federal funds had not been available.

Local Administrative Cost Limits

Administrative costs are those non-instructional costs that are considered reasonable, necessary, and allowable costs associated with overall project management. Not less than 95% shall be expended for carrying out adult education and literacy activities. The remaining amount, not to exceed 5%, shall be used for planning, administration, professional development, and interagency coordination (administrative costs).

In cases where the cost limits described are too restrictive to allow for adequate planning, administration, professional development, and interagency coordination, the eligible provider shall negotiate with the Adult Education Division to determine an adequate level of funds to be used for non-instructional purposes. (Workforce Innovation and Opportunity Act [WIOA] Title II Section 233, 241(b); 34 CFR 463.25-.26).

Local Administrative Costs (34 CFR,463.26)

An eligible provider receiving a grant or contract under this part may consider costs incurred in connection with the following activities to be administrative costs (34 CFR,463.26):

- Planning;
- Administration, including carrying out performance accountability requirements;
- Professional development;
- Providing adult education and literacy services in alignment with local workforce plans, including promoting co-enrollment in programs and activities under Title I, as appropriate, and,
- Carrying out the one-stop partner responsibilities described in §678.420, including contributing to the infrastructure costs of the one-stop system.

Indirect Cost

Alabama Community College System does **NOT** have an approved Restricted Indirect Cost rate for a supplement and not supplant Federal award. Subrecipients may request indirect costs if they have a Negotiated Restricted Indirect Cost rate approved by the U. S. Department of

Education. The approved Restricted Indirect Cost rate document must be provided and validated by the ACCS State Director for Adult Education before indirect costs are allowed to be charged. If approved, the indirect costs that the program requests would be in lieu of the current direct administrative costs, not in addition to.

Indirect costs are expenses an organization incurs for common or joint objectives, that cannot be readily and specifically identified with a particular grant project or other institutional activity. Typical indirect costs include the costs of operating and maintaining facilities, equipment, and grounds; depreciation or use allowances; leadership costs, and administrative salaries and supplies. These costs are usually charged to the grant as a percentage of some or all the direct cost items in the applicant's budget, this percentage is called the restricted indirect cost rate.

Program Personnel Guidelines (State Requirement)

Administrative Models:

Every local Adult Education (AE) provider must have an individual who is responsible for the overall operations of the AE program. The ACCS AE allows the following administrative models:

1. **The Traditional Model** – this model includes a local program **Director** who works 100% of his/her time in the AE program. The Director must have daily engagement with the AE staff and the program and maintain an office in the same physical location as the main AE instructional center. The Director should be placed on the C-3 salary schedule, and the salary may be paid 100% from AE funds up to the ACCS AE approved salary cap (as published by ACCS AE Fiscal Division in the annual budget instructions), with any amount above the capped limit coming from other funding sources outside of AE funding. (Some local agencies may also pay the Director's salary from local agency funds and a percentage of AE funds.)
2. **The Hybrid Model** – this model includes a local program **Director** who works 100% of his/her time in AE, but his/her responsibilities are split between **administrative and instructional duties**. The Director must have daily engagement with the AE staff and the program and maintain an office in the same physical location as the main AE instructional center. The Director should be placed on the C-3 salary schedule, and the salary may be 100% from AE funds up to the ACCS AE approved salary cap (as published by ACCS AE Fiscal Division in the annual budget instructions), with any additional amount above the capped limit coming from other funding sources outside of AE funding. (Some local agencies may also pay the Director's salary from local agency funds and a percentage of AE funds.)
3. **The Facilitator Model** – this model includes a **Facilitator** who has general oversight of all AE program functions but may not spend 100% of his/her time in AE. The Facilitator is solely responsible for administering the Adult Education budget, recruitment and hiring of AE personnel (in alignment and coordination with the local program's HR Department), evaluation of AE personnel, and ensuring that the Adult Education program operates in compliance with ACCS AE policies and procedures and State and Federal guidelines. **The Facilitator's salary will not be paid 100% from AE funding, but a percentage of the**

salary may be paid from AE funds, using the C-3 salary schedule, based on the percentage of time the Facilitator works with the AE program. A portion of the Facilitator's salary (paid from AE funds) will be deemed as administrative costs in the program's budget. This model may also include a **Coordinator** who has both instructional and **limited** administrative duties, **with the administrative duties not to exceed 50% of the Coordinator's time**. The limited administrative duties could include classroom observations, coaching of AE instructional staff, professional development programming, and development of class schedules, but with the Facilitator maintaining the overall responsibility of the program and program performance. The **Coordinator** should be placed on the D-3 salary schedule, according to years of experience.

With the application of a new RFP, the local fiscal agent will be required to state which of the above models will be utilized for the agency's AE program, if funded. (State Requirement)

Adult Education and Family Literacy grant Proposal 2021 – 2024

Proposals Due: Monday, April 5, 2021, 4:00 p.m.

General Information

The Workforce Innovation and Opportunity Act (WIOA) was created to provide state and local areas the flexibility to collaborate across systems in an effort to better address the employment and skills needs of current employees, jobseekers, and employers. WIOA accomplishes this by prescribing:

1. A stronger alignment of the workforce, education, and economic development systems; and
2. Improving the structure and delivery in the system to assist America's workers in achieving a family-sustaining wage while providing America's employers with the skilled workers they need to compete on a global level.

Workforce Innovation and Opportunity Act

- Replaces the 1998 Workforce Investment Act (WIA).
- Represents a renewed commitment to workforce development.
- Focuses on prosperity of workers and businesses, and the economic growth of your community and your state.
- Requires AL to create a single strategic plan for training and skill development, employment services, adult education, and vocational rehabilitation.

Alabama's Strategic Plan

- Provide every Alabamian the opportunity to be work or career ready and to secure gainful and sustainable employment
- Create a cohesive high performance workforce system that exceeds federal and state performance measures.
- Develop a career pathway service model that integrates programs and improves efficiency in employment service delivery across partners, with particular focus on individuals with barriers to employment.
- Strategically align programs with current and emerging in-demand sectors.

Combined Plan Partners

The State of Alabama submitted a WIOA Combined Plan which includes the following required state programs:

- Adult Program,
- Dislocated Worker Program,
- Youth Program,
- Adult Education and Family Literacy Program,
- Wagner-Peyser Act Program,
- Vocational Rehabilitation Program

In addition, Alabama included the Temporary Assistance for Needy Families (TANF), Unemployment Insurance (UI), Trade Adjustment Assistance (TAA), Jobs for Veterans State Grants Program (JVSG), and Senior Community Service Employment Program

(SCSEP) as well as other strategic partners as identified in the AL WIOA State Plan. The plan identified the roles and responsibilities of Title II, AEFLA grantees. The plan is available for review: <https://wioaplans.ed.gov/node/271>

Purpose

The purpose of the adult education and literacy grant program (WIOA Sec. 222(a)(1)) is to enable eligible providers that receive grants under the program to create local partnerships to provide adult education and literacy activities, including Adult Basic Education (ABE), Adult Secondary Education (ASE), and English Language Acquisition (ELA), in order to:

- Assist adults to become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency.
- Assist adults who are parents or family members to obtain the education and skills that are necessary to becoming full partners in the educational development of their children and lead to sustainable improvements in the economic opportunities for their family.
- Assist adults in attaining a secondary school diploma education or its equivalent and in the transition to postsecondary education and training, including through career pathways; and
- Assist immigrants and other individuals who are English language learners in
 - Improving their reading, writing, speaking, and comprehension skills in English; and mathematics skills; and
 - Acquiring an understanding of the American system of Government, individual freedom, and the responsibilities of citizenship; and/or
- Provide educational programs for criminal offenders in correctional institutions and for other institutionalized individuals who are likely to leave the correctional facility within five years of participation in the program, including academic programs for:
 - Adult education and literacy activities,
 - Special education,
 - Secondary school credit,
 - Integrated education and training,
 - Career pathways,
 - Concurrent enrollment,
 - Peer tutoring, and
 - Transition to re-entry initiatives and other post-release services with the goal of reducing recidivism.
- Provide Integrated English Literacy and Civics Education program (WIOA Sec. 243(a)) is to:
 - Prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in- demand industries and occupations that lead to economic self-sufficiency; and
 - Integrate with the local workforce development system and its functions to carry out the activities of the program.

Individuals Eligible for Services

In accordance with WIOA Title II (Sec. 203), an “eligible individual” means an individual-

- a. who has attained 16 years of age;
- b. who is not enrolled or required to be enrolled in secondary school under State law; and
- c. who-
 - i. is basic skills deficient;
 - ii. does not have a secondary school diploma or its recognized equivalent; and has not achieved an equivalent level of education; OR
 - iii. is an English language learner (ELL).

Program Services and Activities

Each eligible provider receiving a grant must use the awarded funding to establish or operate programs to provide adult education and literacy activities, including programs that provide such activities concurrently. The term “adult education and literacy activities” includes academic standards-based programs, activities, and services outlined in WIOA, Title II Section 203(2): 34 CFR 463.30:

1. Adult education and literacy activities,
2. English language acquisition activities,
3. Family literacy activities,
4. Workforce preparation activities,
5. Workplace adult education and literacy activities,
6. Integrated English literacy and civics education, or
7. Integrated education and training
 - a. Provides adult education and literacy activities, concurrently and contextually with both workforce preparation activities and workforce training for a specific occupational cluster, and
 - b. Serves the purpose for both educational and career advancement.

Adult Basic Education (ABE) refers to instruction at the 0 - 8.9 grade levels in reading, communication skills (writing, speaking, listening), mathematics, social and physical sciences, health, critical thinking, financial literacy, health literacy, basic computer literacy and employability skills needed to function effectively in society. The curricula of beginning and intermediate ABE courses shall assist adult learners in the development of the skills necessary to process both written and oral information, and to derive meaning from the information applied to specific tasks.

Adult Secondary Education (ASE) refers to instruction at the 9.0 – 12.9 grade levels designed to assist learners in pursuit of a high school equivalency diploma. Adult secondary education/HSE test preparation provides instruction designed for adults who have some literacy skills and can function in everyday life but who are not proficient in reading, writing, speaking, problem solving or computation or do not have a high school credential. Students with a high school credential may receive adult education services if they score 12.9 or below

on the Tests for Adult Basic Education (TABE). It is strongly recommended that the population without a high school diploma or its equivalent take precedence. In other words, serving the population with a high school diploma or its equivalent, as capacity permits, should not be in lieu of the population without a high school diploma or its equivalent.

English Language Acquisition (State Requirement) services will be provided in all seven local workforce regions of the state. This program of instruction is designed to help eligible individuals, who are English language learners, achieve competence in reading, writing, speaking, and comprehension of the English language. Instruction can lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training, or employment. *Every adult education program offering English language acquisition services will also include civics education*, which is a State requirement of the ACCS, AE.

Family Literacy includes services of sufficient intensity and quality to make sustainable changes in a family and integrate:

- Interactive literacy activities between parents and their children,
- Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children,
- Parent literacy training that leads to economic self-sufficiency,
- An age-appropriate education to prepare children for success in school and life experiences,
- Programs may provide family literacy components and activities, such as parenting skills courses.

Special Rule for Family Literacy

AE will not use any funds made available under this title for adult education and literacy activities for the purpose of supporting or providing programs, services, or activities for individuals who are under the age of 16 and are enrolled or required to be enrolled in secondary school under State law, except that the agency may use such funds for such purpose if such programs, services, or activities are related to family literacy activities. In providing family literacy activities under this title, the AE will attempt to coordinate with programs and services not assisted under this title prior to using funds for adult education and literacy activities under this title for activities other than activities for eligible individuals.

Integrated Education and Training (IET) is a program designed to provide adult education and literacy, workforce preparation, **and** workforce training each of sufficient intensity and quality, and based on the most rigorous research available, especially with respect to improving reading, writing, mathematics, and English proficiency of eligible individuals that occurs concurrently, uses occupationally relevant (contextual) instructional materials, and are organized to function cooperatively with a single set of learning outcomes for the purpose of educational and career advancement.

Integrated English Literacy and Civics Education refers to instruction for English language learners, including professionals with degrees and credentials in their native countries. Instruction should enable such adults to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers, and citizens in the United States. Such services shall include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation and may include workforce training.

Workplace Adult Education and Literacy Activities refers to adult education and literacy activities offered by an eligible provider in collaboration with an employer or employee organization at a workplace or an off- site location designed to improve the productivity of the workforce through the improvement of literacy skills.

Workforce Preparation Activities (Necessary Skills) are programs or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in utilizing resources, using information, working with others, understanding systems, and obtaining skills necessary for successful transition into and completion of postsecondary education or training, or employment. As part of the career pathway, students will participate in workforce preparation activities to include but not limited to: Problem-solving, Teamwork, Communication skills, Goal Setting/Time Management, Professional Image, Role of Employer and Employee, Financial Awareness and Life Skills.

Corrections and Institutionalized Education and Training

No more than 20% of the total award should be used for institutionalized education and training. These funds may be used for the following activities:

- Adult Education and literacy activities,
- Integrated Education and Training,
- Career pathways,
- Concurrent enrollment, and
- Transition to re-entry educational initiatives and other post-release educational services with the goal of reducing recidivism.

The term *criminal offender* is defined as any individual who is charged with or convicted of any criminal offense. Services must be provided to individuals who are likely to leave the correctional institution within 5 years of participation in the program.

In Alabama, grantees will focus on adult education and literacy activities and English language acquisition activities. In addition to adult education and literacy activities, programs will provide opportunities for integrated education and training and career pathways. The goal of career pathway exploration, in a limited number of facilities, is to increase the number of institutionalized individuals transitioning to postsecondary education. The term *correctional institution* is defined as any:

- Prison;
- Jail;
- Reformatory;

- Work farm;
- Detention center; or
- Halfway house, community-based rehabilitation center, or any other similar institution designed for the confinement or rehabilitation of criminal offenders.

Local institutionalized classes must have the support of the warden and other administrative officers, and have the following available:

- At least six hours of classroom instruction must be made available per week (as required by the ACCS, AE) allowing for sufficient instructional time for meeting the post-assessment policy.
- During instructional time, the jail must dedicate an adequate space conducive to learning. The space should have a low-noise level, adequate lighting, a comfortable temperature, and appropriate furnishings.
- Inmates (students) should have access to instructional material for additional study outside of the classroom setting.

State Reporting Requirement

1. In addition to meeting performance indicators, grantees will annually prepare and submit a report on the relative rate of recidivism for the criminal offenders served.

Integrated English Literacy and Civics Education Grant Requirement, Section 243

The Integrated English Literacy and Civics Education (IELCE) is competitive grant funding under Title II; however, all rules and regulations apply, including the same grant announcement and proposal process detailed in 34 CFR 463.

The purpose of Section 243 is to provide services and activities that:

1. Prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and
2. Integrate with the local workforce development system and its functions to carry out the activities of the program.

Integrated English Literacy and Civics Education includes instruction on the rights and responsibilities of citizenship and civic participation and may include workforce training. Section 231 funds can be used in conjunction with Section 243 funds to provide for IELCE instruction and workforce training, if funded for both grant applications. Section 231 funds can be used for this instruction if not seeking or granted Section 243 funding. (See definitions for Integrated Education and Training and Integrated English Language and Civics.)

A grantee may meet the requirement to use funds for integrated English literacy and civics education in combination **WITH** integrated education and training activities by:

1. Co-enrolling participants in integrated education and training as described in 34 CFR Subpart that is provided within the local or regional workforce development area from sources other than Title II Section 243; or
2. Using funds provided under Title II Section 243 to support integrated education and training activities as described in 34 CFR Subpart D.

Educational Standards and Policies

The AE has adopted and implemented standards-based instruction, focusing on College and Career Readiness Standards (CCRS), to promote the quality of adult education and literacy outcomes to prepare learners for success in adult education, postsecondary education, employment, and the educational advancement of their children. Statewide adoption of the CCRS promotes the explicit goal to equip students with the skills and knowledge needed for success in postsecondary education, employment, and beyond. All grantees are required to adopt and align instruction to the CCRS. <https://lincs.ed.gov/professional-development/resource-collections/profile-521>

Assessment Policy

AE developed assessment policies and guidelines designed to comply with local, state, and federal accountability and reporting requirements. All local adult education programs funded by AE with federal and/or state dollars are required to adhere to these policies and guidelines to guarantee accurate and uniform assessment information. The assessment policies can be located on the ACCS website and will be invaluable when setting student goals, evaluating learner progress, providing instruction, appraising program performance, and training local staff.

| Approved Assessment Instruments | Adult Education Program Area Usage |
|--|---|
| BEST Literacy BEST Plus 2.0 TABE CLAS-E CASAS | English as a Second Language (ESL) English Literacy/Civics (EL/Civics) |
| TABE 11 &12 | Adult Basic Education (ABE) Adult Secondary Education (ASE) |

Professional Development

The purpose of professional development (PD) is to raise the level of expertise of Alabama's adult educators through continuing learning opportunities. Program directors shall ensure program's compliance with the PD requirements set forth by the AE. Alabama's Adult Education program directors and instructors will be required, by the ACCS AE, to complete 12 hours of PD annually.

Performance Standards

In order to measure the effectiveness of State and local areas, WIOA performance accountability measures apply across the core programs. The AE performance measures are negotiated with OCTAE to establish minimum levels of performance for each fiscal year. **Each local program must meet or exceed projected performance levels.** (See Appendix C)

Measurable skill gains (MSG) are expressed as the percentage of participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains, which are defined as documented academic, technical, occupational, or other forms of progress towards a credential or employment.

Measurable Skills Gains also measure participant's individual Educational Functioning Level (EFL) gain, which is the primary purpose of the adult education program. The National Reporting System (NRS) approach to measuring educational gain is to define a set of educational functioning levels at which participants are initially placed based on their abilities to perform literacy-related tasks in specific content areas. After a set time period or number of instructional hours set by the State, participants are again assessed to determine their skill levels. See assessment policy for pre and post-test requirements.

Follow-Up Core Performance Outcomes

The NRS follow-up measures are outcomes individuals may achieve at some time following participation in adult education. These measures are:

- **Employment, Quarter 2.** This employment measure is the percentage of participants who are in unsubsidized employment during the second quarter after exit from the program in question; the measure for youth also includes the percentage who were in education or training activities during the second quarter after exit.
- **Employment, Quarter 4.** This employment measure is the percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program in question; the measure for youth also includes the percentage who were in education or training activities during the fourth quarter after exit.
- **Median Earnings, Quarter 2.** This measure identifies the median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program.
- **Credential Attainment Rate (except Wagner-Peyser).** The credential attainment rate is expressed as the percentage of participants who obtained a recognized postsecondary credential or a secondary school diploma, or its recognized equivalent, during participation in or within one year of exit from the program.
 - A participant who has obtained a secondary school diploma (HSE) or its recognized equivalent is only included in this measure if the participant is also employed or is enrolled in an education or training program leading to a recognized postsecondary credential within one year after program exit.

Alabama Adult Education System of Accountability and Performance-AAESAP

The state accountability system, Alabama Adult Education System of Accountability and Performance (AAESAP) is Alabama's real-time online reporting tool for NRS. Local providers are responsible for allocating sufficient resources to collect NRS measures, enter data into AAESAP. Programs are required to meet all elements for data collection, data entry, data verification, and accountability.

All grantees will be responsible for using AAESAP as the data management system at the local level. Training for administrators, instructors and support staff is required. The policy guidelines identify key assessment policies aligned with NRS levels for documenting achievement and support:

1. Selection and use of appropriate assessment instruments,
2. Appropriate test administration, scoring, and reporting of test scores,
3. Appropriate use of tests results to inform instruction and improve programs,
4. Setting Performance Standards, and
5. Reporting valid and reliable assessment results and related information for accountability and potential performance- based funding to local, state, and federal funding sources and policymakers.

Record Retention

The federal retention period is three years for all financial and programmatic records. The starting date of retention begins on the first day of the next fiscal year. The retention period for equipment records starts on the date of disposition or replacement or transfer. To help clarify which programmatic information must be retained the following guideline is provided:

- Programs **must** retain documents such as, but not limited to:
 - AL Enrollment Form
 - Signed non-disclosure statement
 - Plan of Instruction (POI)
 - Diagnostic results, i.e. (TABE, Best Literacy, Best Plus...etc.)
 - Attendance records
 - Non-Traditional High School Diploma Option Student Records
 - Verification of DHR student eligibility (EPS and AP)
 - All documentation for 16 and 17-year-old eligible students
 - Sign-in sheets

Local Advisory Committee/Local Workforce Board (State Requirement)

All grantees will establish a local advisory committee or participate in a cross-agency collaborative council that addresses adult education concerns. Membership should be representative of the community and meetings should be held at least two times per year. Documentation of meeting minutes and sign in sheets should be retained for all meetings.

Financial Management

All awarded funds will be allocated on a cost reimbursement basis. All grantees will be reimbursed for expenditures, as approved, by requesting reimbursement through the Alabama Community College Board's (ACCS) web-based financial budgeting system. Requests for reimbursement should be electronically submitted monthly, along with all documentation.

All charges must be reported for the current period. Grant reimbursements are contingent

upon satisfactory completion and submittal of all program deliverables.

Grantees shall ensure auditable and adequate records are maintained which support the expenditure of all funds received through the award from ACCS, AE. Programs will submit to periodic fiscal audits and adhere to assurances and will submit to periodic program review, monitoring, and/or technical assistance on- site visits.

Equipment (Purchase, Inventory and Disposal)

Programs will have written policies and procedures for purchasing and expenditures to support allowable activities. All equipment purchases must be consistent with the requests in the approved budget. Inventory is subject to periodic program review and monitoring. Programs will respond in a timely manner to any request for information from the AE.

All equipment purchased with adult education funds shall remain the property of the ACCS, AE and is subject to the rules and regulations of the ACCS, AE, through the life and disposition of said property. If equipment purchased with federal funds becomes unusable or no longer needed, the local entity must notify the AE office. If the equipment is unusable the equipment may be disposed of in accord with local policies/procedures. If the equipment is no longer needed, the AE office will assign the equipment to another Alabama AEFLA program. It will be the responsibility of the two local programs to complete the transfer.

An inventory list of all equipment purchased with adult education funds must be maintained. Equipment records must include:

- Description of the property
- Serial number or other identification number
- Funding source of property
- Who holds the title, if applicable
- Acquisition date
- Cost of the equipment
- Percentage of federal participation
- Location
- Use and condition of the property and
- Any ultimate disposition data including the date of disposal and sale price of the property.

Program Monitoring and Review

Federal Uniform Guidance [2 CFR 200.332] mandates the state grantee (Alabama Adult Education Division) conduct program monitoring of grantees (local providers). The purpose of monitoring is to ensure grantees are using federal awards for authorized purposes in compliance with the laws, regulations, and provisions of the grant agreement and performance goals are achieved. Programs are expected to be responsive to AE's technical assistance efforts, which may include meetings, workshops, and trainings. As recommendations arise from technical assistance, grantees are expected to implement and follow through on them in a timely manner.

Findings and Reporting

After the review team collects data from the review, the AE will prepare and submit a formal report to the program under review. The report is designed to assist program directors in improving program quality. If a program fails to meet performance goals or other programmatic requirements, The AE will take action as needed to improve the quality of the adult education and literacy activities.

- **Corrective Action Plan (CAP)** - A CAP will be implemented with programs that are out of compliance with state and/or federal policies. AE will provide technical assistance throughout the corrective process, and by the end of a designated timeframe, programs should be able to correct the identified issues and end their respective CAP.
- **Performance Improvement Plan (PIP)** - A PIP will be required for programs which are identified as low-performing when compared to the state performance on federal or state benchmarks. The PIP will include specific action steps, such as student retention, post-testing and assessment, data analysis, training and professional development which will be designed to improve program performance.
- **Suggestions for Continuous Improvement** - This type of feedback consists of ideas for continuous improvement offered by team members for the program director to consider. No action or response is required.

AE will provide ongoing technical assistance, professional development, and other support until the required steps of the plans are completed. The type of technical assistance, professional development, and other support will be based upon the specific area(s) of deficiency or need at an individual program.

Proposal Review Process

Eligibility Determination

All proposals will be screened to ensure that the minimum eligibility requirements have been met. Proposals that meet the following technical requirements will be considered eligible for further evaluation:

- The proposal was submitted by an eligible organization (meets criteria described on page 2)
- The proposal was received by the submission deadline
- The proposal was submitted in the required format
- The proposal included original signatures

Incomplete application packets will be disqualified.

Local Workforce Development Board Review

A function of local workforce boards, identified under section 107(d) (11) of the *Workforce Innovation and Opportunity Act* (WIOA), is to coordinate local workforce activities with education and training providers, including providers of adult education and literacy activities under Title II of WIOA. The coordination of education and training activities includes the review of proposals for providing adult education and literacy activities submitted to the Alabama Community College System, Adult Education Division (AE) for funding under Title II.

Requirements for local board review of proposals:

Local board review of Title II proposals is to ensure that proposals for providing adult education and literacy activities are consistent with local workforce board plans (WIOA, 107(d)(11)(B)(i)(I)). While states have flexibility under this regulation to design processes for local board review of local AEFLA proposals, those processes must reflect the following key AEFLA requirements:

- All eligible providers must have direct and equitable access to apply and compete for grants or contracts (section 231(c)(1) of WIOA and 34 CFR § 463.20(c)(1));
- The same proposal process must be used for all eligible providers in the state or outlying area (section 231(c)(2) of WIOA and 34 CFR § 463.20(c)(2));
- The Local Board must review proposals submitted to the eligible agency by eligible providers to determine whether they are consistent with the approved local plan (section 107(d)(11)(B)(i)(I) of WIOA and 34 CFR § 463.21(b)(1)).
 - If a local workforce board determines that a proposal is not consistent with the local workforce plan, the Local Board must make recommendations to the eligible agency to promote alignment with the approved local plan (section 107(d)(11)(B)(i)(II) of WIOA and 34 CFR § 463.21(b)(2); and
 - The eligible agency must consider the results of the review by the local board in determining the extent to which the proposal addresses the required considerations in 34 CFR § 463.20 (34 CFR § 463.21(c)).
 - Local workforce boards are not responsible for approving or denying proposals submitted under Title II of WIOA. They are, however, expected to evaluate the extent to which a proposal submitted under Title II addresses the requirements of the local plan developed in accordance with WIOA (WIOA, 108(b) (13)).

Local Boards must review all proposals submitted by eligible providers within its local workforce development area. Title II of WIOA identifies two competitive grant programs for providing adult education and literacy services.

- Adult Education & Literacy Activities (Sec. 231 (b)) and
- Integrated English Literacy and Civics Education (Sec. 243).

In accordance with section 231(e) (1) (A), the AE must consider the results of the local workforce board review of each proposal in awarding grants or contracts under Title II. For this reason, local workforce boards shall evaluate proposals for funding according to criteria approved by the AE. This evaluation will be one component in the overall review of Title II proposals.

The Adult Education Division is responsible for developing the criteria used by local workforce boards in their review of adult education and literacy proposals. The following criteria are proposed for consideration by the AE.

In their review, local boards should consider the extent to which the eligible applicant:

- *Aligns adult education and literacy activities with the education and training objectives and activities of the local workforce plan and the One Stop Delivery System, including concurrent enrollment in Title I and Title II programs under WIOA, as appropriate;*
- *Describes a plan for fulfilling education, training and administrative responsibilities as a one-stop partner and for participating on the local workforce investment board;*

- *Demonstrates a plan and strategies for effectively working with workforce partners identified by the local plan to share resources; contributes to regional education and training efforts, including career pathways program.*

Proposal Evaluation

Proposal readers will note the thoroughness of the proposed plan by specific criteria. Each section of the proposal will be evaluated and scored on the basis of completeness, clarity, and merit.

- Each proposal will be scored using the scoring rubric (see *Scoring Rubric* included in the appendices.) The rubric indicates the point values and items described in this proposal. The proposals will be ranked based on the scores.
- AE will fund, at a minimum, one (1) grant per workforce area and funding recommendations will be based on the scores as evidenced by thoroughness of plan, evidence of previous program effectiveness and sound, research-based practice and evaluation.
- In the event that no eligible agency meets the minimum score and/or qualifications for a service delivery area or if no eligible agency applies, a new proposal for funding will be posted for other eligible agencies to submit a proposal.
- Each proposal will be evaluated solely on the criteria identified in this document.
- Receipt of a grant award in a previous competition is not, and should not be regarded as, a guarantee of finding in the current competition.

After all proposals have been evaluated, the results will be submitted to AE.

Initial Considerations

As required by the Act, the ACCS, AE will give preference, as defined by federal regulations to:

- The degree to which the applicant will coordinate and utilize other literacy and social services available in the community; and promote partnership between education and job training.
- The commitment of the applicant to serve individuals in the community who are most in need of literacy services.
- The past effectiveness of applicants in providing services and learning gains demonstrated by adults served.

Adult Literacy Activities

Alabama will award grants for adult education and literacy activities. The term “adult education and literacy activities” is defined as programs, activities, and services that include (231(b)/34 CFR 463.30):

- Adult education,
- Literacy,
- Workplace adult education and literacy activities,
- English language acquisition activities,
- Workforce preparation activities, and
- Integrated education and training.

The review of each grant proposal will involve an intense evaluation of the ability of the eligible provider to meet the literacy needs of the area, and to comply with the expectations and statutes described within the Workforce Innovation and Opportunity Act. The review of proposals will include rating responses to the following 13 considerations in Title II of WIOA:

1. The degree to which the eligible provider would be responsive to:
 - a. regional needs as identified in the local plan under section 108; and
 - b. serving individuals in the community who were identified in such plan as most in need of adult education and literacy activities, including individuals who:
 - i. have low levels of literacy skills; or
 - ii. are English Language learners;
2. The ability of the eligible provider to serve eligible individuals with disabilities, including eligible individuals with learning disabilities;
3. Past effectiveness of the eligible provider in improving the literacy of eligible individuals, to meet State-adjusted levels of performance for the primary indicators of performance described in section 116, especially with respect to eligible individuals who have low levels of literacy;
4. The extent to which the eligible provider demonstrates alignment between proposed activities and services and the strategy and goals of the local plan under Section 108, as well as the activities and services of the one- stop partners;
5. Whether the eligible provider's program
 - a. is of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and
 - b. uses instructional practices that include the essential components of reading instruction;
6. Whether the eligible provider's activities, including whether reading, writing, speaking, mathematics, and English language acquisition instruction delivered by the eligible provider, are based on the best practices derived from the most rigorous research available and appropriate, including scientifically valid research and effective educational practice;
7. Whether the eligible provider's activities effectively use technology, services, and delivery systems, including distance education in a manner sufficient to increase the amount and quality of learning and how such technology, services, and systems lead to improved performance;
8. Whether the eligible provider's activities provide learning in context, including through integrated education and training, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship;

9. Whether the eligible provider's activities are delivered by well-trained instructors, counselors, and administrators who meet any minimum qualifications established by the State, where applicable, and who have access to high quality professional development, including through electronic means;
10. Whether the eligible provider's activities coordinate with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, local workforce investment boards, one-stop centers, job training programs, and social service agencies, business, industry, labor organizations, community-based organizations, non-profit organizations, and intermediaries, for the development of career pathways;
11. Whether the eligible provider's activities offer flexible schedules and coordination with Federal, State, and local support services (such as childcare, transportation, mental health services, and career planning) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs;
12. Whether the eligible provider maintains a high-quality information management system that has the capacity to report measurable participant outcomes (consistent with Section 116) and to monitor program performance;
13. Whether the local areas in which the eligible provider is located have a demonstrated need for additional English language acquisition programs and civics education programs.

Integrated Education and Training (IET) – Career Pathways and Bridge Programs

Grant funds should also be used for IET programs which are those that align adult education, job training, higher education and basic support systems to create pathways to postsecondary educational credentials and employment. IET and workforce activities must also align with OCTAE's [Employability Skills Framework](#), as well as industry standards. The programs will:

- Identify viable labor force occupational demands for family-sustaining wage jobs.
- Provide a seamless transition between adult education and career exploration and training and/or postsecondary education.
- Contextualize standards-based academic instruction.
- Develop pre- apprenticeships
- Issue stackable credentials; e.g., earning an NCRC, GED® credential and technical certificate.
- Avail students of intensive, wraparound support services; e.g., acquaint students with postsecondary education success coaches and/or navigators.
- Refer students to sources of financial aid for low-income adults; e.g., scholarships, foundations, etc.
- Administer ACCS/AE-approved pre- and post-assessments required to determine eligibility, inform instruction and assess progress.
- To participate in the above programs:

- Students must be eligible for adult education services.
- Students must be entered in Alabama Adult Education System for Accountability and Performance (AAESAP) and in NRS educational levels.

Additional Considerations

English Language Proficiency Standards, <https://lincs.ed.gov/publications/pdf/elp-standards-adult-ed.pdf>

Integrated English Literacy/Civics Education (IEL/CE)

For IELCE 243 funding, there is a separate application that should be completed, if applying for 243 funding.

Demonstrated Effectiveness

Per 34 CFR § 463.24, applicants must demonstrate effectiveness in providing adult education and literacy activities to individuals with low levels of literacy or English language learners in the domains of reading, writing, mathematics, and English Language acquisition; **AND**, provide information regarding outcomes for eligible participants related to: employment, attainment of secondary school diploma or its recognized equivalent and transition to postsecondary education and training. As part of the application process, each applicant must complete the ***Demonstrated Effectiveness Chart*** (found in the *Guidelines and General Instructions* as Appendix H).

The ACCS AE will determine an applicant has demonstrated effectiveness to be an eligible applicant through review of the applicant's response to the Demonstrated Effectiveness Chart; and if the applicant has provided a narrative which includes valid and reliable data on its record of improving the skills of eligible individuals, as well its record related to eligible individual's transitional outcomes in the areas of employment, attainment of secondary school diploma or its recognized equivalent, and transition to postsecondary education and training.

AE Performance Accountability Assessment Model (State Requirement)

ACCS Adult Education (ACCS AE) has both State assigned and National Reporting System (NRS) performance goals, which are communicated annually to grantees (local program providers). Grantees are provided continuous program performance updates through quarterly desk-top monitoring, targeted technical assistance, as well as being provided updates on the Dashboard in AAESAP (Alabama Adult Education System for Accountability and Performance).

Beginning with the RFP cycle of PY 2021 – 2024, ACCS AE will implement the following Performance Accountability Assessment Model. An accountability assessment will be conducted at least annually by ACCS AE State Staff for all eligible grantees, and prior to annual grant award funding allocations.

The model includes 4 core performance areas:

1. MSG% (compared to the Federally negotiated 38.5% minimum)
2. Transition to Postsecondary/Skills Training (GED/HSE completions and career pathway class completions, based on % of goal met, will be measured. The average of the two measures will be the total % used for this performance area.)
3. Enrollment (% of goal met for participant enrollment)
4. Transition to employment (% of goal met for pre-apprenticeship enrollments)

There are 4 benchmark levels in the model:

1. 90% - 100% - Exemplary
2. 70% - 89% - Accomplished
3. 30% - 69% - Needs Improvement
4. 29% - below - Not acceptable

A program performing in the third benchmark or lower will be considered “probationary”. A program can be in probationary status in 1 to 4 of the performance areas. There will be varied levels of technical assistance and intervention, consisting of appropriate PD, meetings, training events, and additional monitoring, based on the level of probationary status as indicated through the benchmark levels. Failure of the program to demonstrate improvement, within the probation period (see below), could negatively impact the program’s ability to complete the three-year funding cycle of the RFP.

Probation Period

Probationary status will initially be established at the end of the first program year of the RFP, based on the program’s fourth quarter Desk- Top Monitoring Report (unless the program is approved as a provider on a probationary status based on the program’s *Past Effectiveness Table* completed during the RFP competition, and then the probation period begins with the first program year of the RFP). The probation period will be based on the program year of July 1st – June 30th. A program will remain on probationary status, in any or all the 4 performance areas, until the program is performing at the **third** benchmark level or higher in **each performance area**.

If a program is in probationary status in all 4 performance areas, the following will occur:

1. The State Director will notify the ACCS Chancellor of this issue
2. A meeting will be held with the State Director and leadership team of the local

provider agency to discuss the probationary status

3. Bi-monthly monitoring events by the ACCS AE Monitoring Team will occur (these will continue until the program has shown continuous improvement and moved to at least the third benchmark level in all performance areas)

Possible Impact of Probationary Status

While ACCS AE cannot restrict any entity or agency from participating in future competitions, a question will be included on future ACCS AE RFP applications regarding whether a submitting entity or agency has ever been placed on probationary status by ACCS AE due to program performance.

Local Workforce Development Board

Roles and Responsibilities in the review of Adult Education and Family Literacy Act proposals

Background:

A function of local workforce boards, identified under section 107(d) (11) of the Workforce Innovation and Opportunity Act (WIOA), is to coordinate local workforce activities with education and training providers, including providers of adult education and literacy activities under Title II of WIOA. The coordination of education and training activities includes the review of proposals for providing adult education and literacy activities submitted to the Alabama Community College System, Adult Education Division (AE) for funding under Title II. b

Requirements for local board review of proposals:

Local board review of Title II proposals is to ensure proposals for providing adult education and literacy activities are consistent with local workforce board plans (WIOA, 107(d)(11)(B)(i)(I)). While States have flexibility under this regulation to design their processes for local board review of proposals, those processes must reflect the following key AEFLA requirements:

- All eligible providers must have direct and equitable access to apply and compete for grants or contracts (section 231(c)(1) of WIOA and 34 CFR § 463.20(c)(1));
- The same proposal process must be used for all eligible providers in the State or outlying area (section 231(c)(2) of WIOA and 34 CFR § 463.20(c)(2));
- The Local Board **must review proposals submitted to the eligible agency by eligible providers to determine whether they are consistent with the approved local plan** (section 107(d)(11)(B)(i)(I) of WIOA and 34 CFR § 463.21(b)(1));
 - If a local workforce board determines that a proposal is not consistent with the local workforce plan, the **Local Board must make recommendations to the eligible agency to promote alignment with the approved local plan** (section 107(d)(11)(B)(i)(II) of WIOA and 34 CFR § 463.21(b)(2); and
 - The eligible agency must consider the results of the review by the Local Board in determining the extent to which the proposal addresses the required considerations in 34 CFR § 463.20 (34 CFR § 463.21(c)).

Local workforce boards are not responsible for approving or denying proposals submitted under Title II of WIOA. They are, however, expected to evaluate the extent to which a proposal submitted under Title II addresses the requirements of the local plan developed in accordance with WIOA (WIOA, 108(b) (13)).

Appendix G

GEPA: Notice to All Applicants

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in the federally funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

1. An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
2. An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.
3. An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course might indicate how it intends to conduct "outreach" efforts to girls to encourage their enrollment.
4. An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

Demonstrated Effectiveness Chart

An applicant must provide demonstrated performance in content domains and outcomes related to State and Federal goals. The regulations also establish uniformity for how past effectiveness is determined so that all eligible providers are treated fairly in the grant competition. The regulations provide an opportunity for an applicant that does not have past performance data under WIOA section 116 to demonstrate it has been previously effective in serving basic skill deficient eligible individuals. The chart below is used by all grant applicants to demonstrate effectiveness.

The ACCS AE will determine an applicant has demonstrated effectiveness to be an eligible applicant through review of the applicant's response to the Demonstrated Effectiveness Chart; and if the applicant has provided a narrative which includes valid and reliable data on its record of improving the skills of eligible individuals, as well its record related to eligible individual's transitional outcomes in the areas of employment, attainment of secondary school diploma or its recognized equivalent, and transition to postsecondary education and training.
